ESTABLISHED 1833. FORT WAYNE, IND., TUESDAY, JULY 23, 1901. PRICE TWO CENTS

LOOK FOR A COUP BY THE TRUST

Amalgamated Officials Show Uneasiness Over the Situation---Danger Point Near at Hand---A Trust Statement.

Pittsburg, July 23.—The leaders of the Amalgamated Association are evidently expecting some coup by the combine, and while there exists confidence in the strength of their organization, there is an undercurrent of uneasiness. Heretofore the strike has been plain sailing, but there is an impression that the gage of battle thrown down at McKeesport is about to be taken up in no uncertain fashion. Assistant Secretary M. F. Tige said today:

"Reasoning purely along the lines of former strikes, it does not seem unlikely that the trust may try to start painters or even more mills with non-union men, as a preliminary test of strength, but I do not think it will be successful. If such a thing is tried, of course, the police will figure as guards. There the danger lies."

Manufacturers who are conversant with the situation declare that the workers will soon weaken, and that the United States Steel corporation is waiting until the men are ready to go to work. The following statement on the situation was issued:

"The Amalgamated association overshot the mark in making its demands. The United States Steel corporation made liberal concessions in offering to sign the scale for the Wood, Wellsville, Old Meadow and Saltzburg plants, but the Amalgamated conferees were unwilling to accept this. The strike has gone too far now. There is no hope for arbitration or mediation. There is nothing to arbitrate. It is not a question of wages or hours. Such questions could be settled by arbitration. The struggle now is over a principle. The manufacturers think it unjust. The labor officials are firm in their belief that the demand is fair. Both sides are unyielding. So what is there to do but fight it out along these lines?"

NO NEW PHASES.

Pittsburg, Pa., July 23.—The strike situation presents practically no new phases this morning and it appears now as if the contending forces are settling down to a protracted struggle.

While the company at the Wellsville mill received the accession of a few men from the ranks of the strikers yesterday, the number is not yet large enough to justify the mill in starting up in full.

In the meantime the Amalgamated men are keeping a constant watch upon the mill and all the avenues that lead to it. Pickets have been thrown out along the streets and at the railroad stations, so that nothing will escape the vigilance of the strikers, if the company should bring any new men in.

STRIKERS ARE WARY.

At the Dewes-Woods mill, in McKeesport, everything is as before. From unofficial sources, believed to be conversant with the company's plan, it is said the management have no intention of resuming the operation of the plant at present. Nevertheless, the strikers are wary and evidently do not believe this, because they continue to patrol the streets for the purpose of keeping their eyes on any one going towards the mill. Pickets are lined along the streets as well as the river front, and strangers are kindly but firmly asked to show

(Continued on Second Page.)

MARVELOUS GROWTH OF THE ELKS

Milwaukee, Wis., July 23.—Members of the Benevolent and Protective Order of Elks crowded Pabst theater today when the grand lodge convention was called to order.

Mayor Rose welcomed the guests, to whom he extended the freedom of the city. Judge Jerome K. Fisher, grand exalted ruler, responded.

A secret session was held this afternoon. Grand Exalted Ruler Fisher presented his report, which showed that during the past year 113 new dispensations had been granted and that there now are 725 lodges, having a membership of 96,000, an increase since the last convention of 33 1-3 per cent. The order had contributed $17,041 to the Galveston fund. The financial condition of the grand lodge showed a balance in the treasury of $30,000.

Senator Clapp, of Minnesota, spoke at length on fraternal organizations. Election of Grand Exalted Ruler Fisher's successor is due to come up late in the afternoon.

A parade of military and civic societies also was given this afternoon.

NO RELIEF FOR HEAT STRICKEN

While Showers Have Fallen in Some Places in the Southwest, the Weather Bureau Holds Out No Promise.

Washington, July 23.—The weather bureau officials find nothing in the climatological conditions to justify in predicting a change of temperature in the heated section of the country. The principal bureau stations in the middle Mississippi valley generally reported somewhat lower temperature at 7 o'clock today, but the forecasters say that this change is in all probability only temporary and might have been caused by a slight variation of the wind. "There is absolutely no permanent change in prospect," they say. In St. Louis at 7 o'clock this morning the official thermometer showed a decline of six degrees since the same hour yesterday, registering 80 degrees. Kansas City also registered 80 degrees, a loss of four; Omaha 82, which is two degrees lower than yesterday; Springfield, Ill., 74, a drop of ten degrees. Louisville registered 8 degrees, an increase of four. Cincinnati with 78 degrees and Chicago with 74 made no change from the same hour yesterday. The indications are for continued hot weather in Washington and vicinity.

SHOWERS AT SOME POINTS.

Kansas City, Mo., July 23.—Light, scattered showers are reported as having fallen late yesterday and last night in northwestern Missouri, eastern Kansas, Arkansas and northern Texas, but at no point, it is believed, was the fall sufficient to cause permanent good.

In Kansas City the temperature was 82 at 11 a. m., slightly lower than yesterday, but with indications for fair and continued warmer weather in this part of the country. The rain reported in Kansas for the past twelve hours takes in seven counties in the eastern part of the state, from Atchison down to the Oklahoma line. At Parsons it was the first of any consequence in seven weeks. At Independence, on the Oklahoma line, there was a regular down-pour. Some hail fell, but not enough to do any damage. At Muscotah the precipitation is estimated at half an inch and the farmers are jubilant. At Lawrence rain was expected but failed to materialize and the mercury remained above 80 all night.

ONE COOL SPOT.

Louisville, Ky., July 23.—C. L. Stone, general passenger agent of the Louisville and Nashville railroad, received a dispatch from the Mammoth cave today saying that the temperature there is only 55, compared with 100 or above generally throughout the south and west.

Louisville, Ky., July 23.—At noon the mercury recorded 96 degrees.

PLEASANT IN CHICAGO.

Chicago, July 23.—In Chicago and vicinity, owing to the lake breeze, the temperature continued moderate today.

MANY DIE IN OMAHA.

Omaha, Neb., July 23.—With a record of nine deaths and thirteen prostrations for Omaha and vicinity for the last thirty-six hours, today opened with a clouded sky and the mercury registered 82 at 7 a. m.

FIVE DEATHS IN PITTSBURG.

Pittsburg, Pa., July 23.—Five deaths and twelve prostrations are the result of the high temperature and excessive humidity of the past forty-eight hours. At Homestead 200 men were forced to quit work, and four, who were prostrated, are in a critical condition.

Last night's storm perceptibly cooled the atmosphere, and at noon today the thermometer registered 82 degrees, as against 90 degrees the same hour yesterday.

MANY DIE OF HEAT.

St. Louis, July 23.—During the past twenty-four hours twelve deaths from the heat and many prostrations have been reported. After insufferable heat throughout the night a cool breeze sprang up this morning and at 10 a. m. the mercury registered 92, as compared with 100 yesterday.

At 1:30 p. m. the temperature was 103, three degrees lower than yesterday.

TO RESTRAIN TOM JOHNSON

INJUNCTION IS ISSUED BY CLEVELAND JUDGE.

Little Consolidated Railway Does Not Want Its Tax Valuation Raised by Review Board.

Cleveland, Ohio, July 23.—Judge Ford, of the common pleas court, today issued an injunction restraining the city annual board of equalization from increasing the tax value of the Cleveland Electric Railway company, otherwise known as the Big Consolidated company, above the figures returned by the officials of that corporation. The petition for the injunction was filed by the attorneys for the street railway company.

The board of equalization, it is said, was about to raise the tax valuation of the Big Consolidated company by several millions of dollars. The street railway alleged in its petition that Mayor Johnson induced five members of the board of equalization to resign several months ago so he could appoint men of his choice. These new members were influenced by the mayor, it was charged, to act in an unusual and unfair manner by equalizing the tax values of corporations.

B. Y. P. U. HOSTS GATHER.

Chicago, July 23.—Delegates to the eleventh annual convention of the International Baptist Young Peoples' Union of America, which begins here tomorrow, began to arrive this afternoon. Officials of the union assert that by tomorrow night there will be from 15,000 to 20,000 registrations. Tomorrow will be devoted to reunions for the most part, the regular session not beginning until Thursday, when services of prayer and praise, and singing by an immense chorus, the convention will be officially opened at the Colliseum. Morning, afternoon and evening sessions will be held each day until Sunday night, when the exodus for home will begin. At each session, besides religious services, there will be addresses by prominent speakers of the Baptist church from all parts of the country.

THE KING'S QUEER WORDS.

London, July 23.—Much gossip in American and English society has been caused by the presentation to King Edward yesterday by some American ladies of the hospital ship Maine committee of a medal commemorative of the Maine's work, with a request that the king transmit the medal to Queen Alexandra. It seems that the idea was opposed by a number of influential members of the committee on the ground that the king did not want the medal, but the others carried the day.

The king's reply to the delegation which made the presentation is causing some comment, as he thanked "this American committee" for their "loyal, dutiful sentiments," as he did the Kansas legislature in answering their telegram of condolence on the queen's death and as he also thanked the committee for bringing their valuable services to a culmination by presenting the ship to the government, whereas this was done solely by Bernard M. Baker, of Baltimore.

BIRTH RECORD.

Born, to Mr. and Mrs. William Busse, of Force street—a son.

Born, to Mr. and Mrs. William F. Koontz, of Walton avenue—a daughter.

BANK STATEMENTS CALLED.

Washington, July 23.—The comptoller of the currency has issued a call for the condition of national banks on Monday, July 15, 1901.

SOLDIERS IN CAMP

EXTREME HEAT CAUSED MANY PROSTRATIONS.

FORT WAYNE BOYS VICTIMS

DRILLS DISPENSED WITH ON ACCOUNT OF HEAT.

CAPTAIN RANKE IN COMMAND

GOSSIP ABOUT THE CAMP OF INSTRUCTION.

[Special to The Sentinel.]

Indianapolis, Ind., July 23.—The excessive heat yesterday proved a severe trial for the soldiers of the Indiana national guard at the camp of instruction in this city, and despite the care exercised at least thirty prostrations were reported. Among these were:

Major A. D. Schanz, commanding artillery battalion.

Albert Cramer, battery B, Fort Wayne.

Charles Smith, battery C, Attica.

James Lockridge, hospital corps.

Carl Angstadt, company G, Third regiment, Tipton.

J. Smith, company B, First regiment, Terre Haute.

F. L. Snyder, company D, First regiment.

Otis Major, company K, First regiment.

A. Everett, company D, First regiment.

C. F. Meyer, battery C, Attica.

Joseph Sherrick, battery B, Fort Wayne.

None of them proved serious, however, and the hospital corps did efficient work in reviving the prostrated men.

George Hannaway, company A, Third regiment (Monticello), was seriously injured last evening in a friendly scuffling bout with other soldiers in the company street. Hannaway is under the care of the regimental surgeon, Dr. W. W. Barnett, of Fort Wayne.

CAPTAIN RANKE COMMANDS.

Capt. W. F. Ranke, of battery B, Fort Wayne, assumed command of the artillery battalion when Major Schanz was stricken.

General McKee issued an order early yesterday morning requesting the surgeons and the commanding officers of the regiments to take every precaution to prevent any of the soldiers from becoming overheated, and accordingly the battalion drill in the morning, the regimental drill in the afternoon and the regimental parade in the evening were omitted.

The guards in all the regiments were also instructed to remain in the shade as much as possible, and the number of men on guard was decreased. In all of the regiments the men on duty hardly ventured away from the guard house.

At 8:15 o'clock yesterday morning Governor Durbin and Adjutant General Ward made an inspection of the guard mounting of the Third and First regiments. The governor had a short talk with the guards at the guard houses, instructing them in regard to their duties and impressing upon them the responsibilities attached to them.

At the conclusion of the dress parade last evening Lieutenant Colonel Bowman, of the Third regiment, took his entire regiment over to Fall creek for a pleasant swim. This the boys thoroughly appreciated.

Last evening at 6 o'clock Governor Durbin entertained Senator and Mrs. Fairbanks and the members of the governor's staff at dinner in his handsome mess quarters south of Quartermaster Foster's quarters.

Hospital Steward Longfield, of the Third regiment, was put in the guard house Sunday night for being out of camp without permission.

Everybody in the Third regiment is loud in his praise of Chaplain Medbury, who gets right down with the fellows and helps attend to their wants. He is the most popular man in the camp.

Albert Overly, battery B, Fort Wayne, received a dispatch last evening that his mother was dying. He left immediately for home by permission of Captain Ranke.

The second examination held by the examining board was held last night at headquarters of battery A. Captain Callon presided. Lieutenant Otto and Sergeant J. Smith, both of battery C, Attica, were candidates for promotion. Lieut. O. S. Jones, battery B, Fort Wayne; Sergt. R. E. Smith, battery C, Attica; Lieut. William F. Meyers, battery B, are yet to be examined subject to the order of Captain Callon, president of the examining board.

HONORS HIS NATIVE CITY.

Montclair, N. J., July 23.—The celebration of the Caldwell fire department on August 3 will be an event memorable in the history of Caldwell. Former President Grover Cleveland has promised to participate. When it is remembered that Mr. Cleveland first saw the light in the quaint town of Caldwell on March 18, 1837, the importance of the visit can be better understood. This will be his first visit since his father, Rev. Richard Talley Cleveland, resigned the pastorate of the Presbyterian church in the fall of 1840. Since that time Grover Cleveland has steadfastly refrained from visiting the scenes of his childhood, declining all invitations to participate in any celebrations conducted in or near Caldwell. This will be the first time Cleveland ever did anything for his native city.

IT WAS A FIGHT, NOT A FIRE

PEDESTRIAN SIMPLY GOT HIS CRIES MIXED.

Pugilistic Disturbance on Eliza Street Results in Bringing Out the Fire Department.

Comedy succeeded melodrama on Eliza street this morning, for when the fire department made a quick response to an alarm from box 29 at 7:54 o'clock today the firemen found a fight instead of a fire, and they returned to the engine houses, beaming with a large assortment of smiles.

It appears that a hot time in an Eliza street home started early today, and in the course of the fracas there was a plentiful exchange of smashed furniture, together with other compliments between the combatants. The trouble soon attracted some attention in the neighborhood and some excited individual yelled "fight."

Another well-meaning individual, hearing the cry, interpretated it as "fire," and running to the corner of Ohio and Eliza streets, he pulled the fire alarm box at that point. In an incredibly short time engine companies 2, 3 and 4 came tearing up at a terrific pace and this brought out pretty nearly all the remaining population, who were not aware of a fire in the vicinity. During the excitement the persons engaged in the original quarrel which had caused the furor subsided and the incident closed quickly.

TO BE GOVERNOR OF PORTO RICO

Washington, July 23.—William H. Hunt, the present secretary of Porto Rico, has been selected to succeed Governor Charles H. Allen upon the retirement of the latter from the insular government. Governor Allen brought with him to Boston all of his household effects when he came from San Juan and he does not expect to return to Porto Rico. The formal announcement of the selection of Governor Hunt is withheld until the regular appointment is made, and this cannot be before the expiration of the leave of Governor Allen next September. William H. Hunt was born in New Orleans, La., November 5, 1857, and is the fourth son of the late William Henry Hunt, of Louisiana, who was secretary of the navy in the cabinets of Presidents Garfield and Arthur and minister to Russia.

BOIL CITY WATER BEFORE USING.

Canal water is being pumped through the city mains to consumers. Unless boiled it is unfit to drink. Do not neglect this precaution if compelled to rely on city water for household use. Boiling will destroy all organic impurities and make the water safe to use. Do not drink any city water that has not been boiled or thoroughly filtered.

TO WAGE WAR ON MOSQUITOES.

New York, July 23.—The health officer of the port, Dr. Doty, has decided to take hold of the mosquito question in Staten Island and attempt the extermination of the pests. A part of the island adjacent to the quarantine station has been selected for the test.

Supt. J. N. Study and family returned today from a stay at Saratoga and other eastern points.

CANAL WATER IN THE CITY MAINS

Danger of Collapse of Reservoir and Fear of Conflagration Cause Drastic Action by Waterworks Trustees.

Canal water, murky and impure, is again coursing through the mains of the Fort Wayne waterworks system. The muddy stream was turned into the pipes today noon. Failing supply from wells and imminent danger of collapse of the big reservoir, with attendant great loss and the multiplied dangers of conflagration should fire get a start, moved the board of waterworks trustees today to take this extreme and most unpopular course.

The hopeful picture presented by the waterworks trustees yesterday afternoon was speedily obscured by the disappointment incident to the failure of the million gallon Dean pump which was connected last evening and which failed soon after connection. The pump was attached to the four-foot well on Spy Run on the park side, immediately in the rear of the Reuss residence. The pump worked beautifully as long as there was any water to draw on, but the supply was soon exhausted, and when the vacuum was produced the suction pipe collapsed and the experiment was over. Investigation showed that it would be a waste of time to make any further attempts to get water through that source and the fires under the boiler were drawn. The Centlivre pump, which was expected to be connected some time during the night, also failed to be placed in readiness and no supply was obtainable from that source. This morning the trustees were confronted with the most serious problem of the year. The water in the reservoir had gone down to seventeen feet low at midnight and with every ounce of water obtainable being forced through the main, a gain of only six and one-half feet could be made during the night, the level being ten and a half feet low this morning. The capacity of the reservoir growing less as the level is reduced the trustees believed that unless immediate relief was secured the water would be thirty feet low by noon and that it would mean nothing less than ruin. As it is the reservoir shows great cracks, an inch and a half wide, and with a decrease of the water level a collapse, it was thought, would be inevitable. In case of conflagration there would not have been water enough to run half an hour, and immediate action was felt to be necessary. A hurried consultation was held and then the mayor was called into council. It was quickly decided that, repugnant as the remedy was, there was no other than to call on the feeder canal for safety. Arrangements were made to turn the water from the feeder reservoir into the filtering basin and thus secure water to guard against any possible contingency. Men were immediately put to work to make the connection which had been taken out, and at a few minutes before noon the valve was turned and a steady stream was poured into the basin. From there it is siphoned into the big pumping well, from which it is forced into the mains.

At 1 o'clock today the north side station was pumping at the rate of 3,000,000 gallons per twenty-four hours. Of this quantity of water, 1,800,000 was from deep wells raised by the air-lift system, and the balance was from the gravel wells and canal supply. All of it, of course, is

(Continued on Fifth Page.)

PROF. KOCH SHATTERS OLD NOTION

New York, July 23.—Professor Koch, of Berlin, will announce, says a Herald dispatch from London, his discovery that bovine tuberculosis is not transmissible to the human system. The famous bacteriologist, in an interview, authorized the statement that he has demonstrated that meat and milk tuberculosis infected cattle may be consumed with absolute impunity.

Dr. Allen T. Haight, of Chicago, the official representative of the American Medical association, said:

"If I had not heard Professor Koch quietly announce his discovery in private conversation it would have seemed to me absolutely incredible I can only say that Dr. Koch is too profound a student and has too much reputation at stake to promulgate such a proposition unless convinced of its soundness beyond the shadow of a doubt. If he is able theoretically to demonstrate his claims, the sanitary systems of the world will be shaken to the very roots. The word revolution but faintly expresses what the discovery will precipitate."

English experts talked of the theory with mingled astonishment and contempt, and asserted that the German professor would encounter stubborn debate and learned disproof of his "mad idea."

Dr. Reynolds, health commissioner of Chicago, when informed of Professor Koch's theory, said:

"The discovery is certainly of the highest importance, and especially in regard to milk. As far as meat is concerned I never believed it contained elements of danger when cooked, and therefore the announcement has comparatively less significance for the civilized peoples of the world. As to milk taken in its natural state it is a different proposition. While probably nobody is desirous of drinking the milk of tuberculosis cows, yet a great boon would be assured if it can be consumed with impunity."

HOME FROM EUROPE.

Fred Shoaff, Miss Irma Seavey, Miss Mary Moffat and Miss Shoaff, who have been touring Europe several months, landed in New York last evening, arriving on the steamer Misaba from Liverpool. The party will reach Fort Wayne at 4:30 tomorrow afternoon over the Nickel Plate.

AMERICAN DIES IN LONDON.

London, July 23.—Howard E. Case, an American, prominent in Paris and New York, died suddenly at Lancaster today. Mr. Case, who had been in England a couple of months, has been under the care of physicians who have been treating him for heart disease. His death is attributed to syncope. Mr. Case came from New York state, it is believed from Geneva. He lived with his mother in Paris and is said to have been engaged to be married to Miss Irving, a niece of Mrs. Griswold Gray, of New York.

BOERS MUST FIGHT ALONE.

Cape Town, July 23.—It is reported that General Delarey has informed the Klerksdorp commando that there is no longer any chance of European intervention and that they must fight the war out to the bitter end entirely on their own account.

OIL VESSEL BLOWN UP; MANY DEAD

Cargo of Petroleum on American Steamer Explodes at Stockholm Killing Captain, Ten of Crew and Five Others.

Stockholm, Sweden, July 23.—An explosion today of petroleum on board the American schooner Louise Adelaide, Captain Orr, which left Philadelphia April 24 and Portland, Me., June 4, for Stockholm, in the harbor here, resulted in the death of Captain Orr, ten members of the schooner's crew, four Swedish customs officers and the Brazilian consul. Two of the Louise Adelaide's crew were saved. The explosion set the schooner afire and the blazing petroleum enveloped the vessel and those on board.

The barkentine Louise Adelaide, Captain Orr, left Philadelphia April 24 for Stockholm. May 13 she put into Dutch Island harbor, Rhode Island, having encountered a heavy gale on the edge of the gulf stream. From Dutch Island harbor she was towed to Portland, Me., for repairs where she was refitted as a schooner and resumed her voyage for Stockholm June 4.

THE OUTLOOK

For a woman's happiness in the married state depends less, as a rule, upon the man she is to marry than upon her own health. The woman who enters upon marriage, suffering from womanly weakness, is "heaping up trouble against the day of trouble."

Weak woman are made strong and sick women are made well by the use of Dr. Pierce's Favorite Prescription. It is the one reliable regulator. It dries enfeebling drains, heals inflammation and ulceration and cures female weakness. It nourishes the nerves and invigorates the entire womanly organism. It makes the baby's advent practically painless, and gives strength to nursing mothers.

"I suffered for twelve years with female trouble," writes Mrs. Milton Grimes, of Adair, Adair Co., Iowa, "which brought on other diseases—heart trouble, Bright's Disease, nervousness, and at times would be nearly paralyzed. Had neuralgia of stomach. I can freely say your medicines (nine bottles in all, five of 'Favorite Prescription,' four of 'Golden Medical Discovery,' and two vials of Dr. Pierce's Pellets), have cured me. I can work with comfort now, but before I would be tired all the time and have a dizzy headache, and my nerves would be all unstrung so I could not sleep. Now I can sleep and do a big day's work, something I had not done for over eleven years before."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

You Need Money

WE HAVE IT.

$10. $15. $25. $75

Or any amount you may want on your piano, household goods, horses and wagons and other like security; in fact we loan on all kinds of personal property. Everything is left in your possession and you have the use of both money and goods. All our dealings are confidential, upright and courteous. Persons momentarily embarrassed who wish above everything else to avoid publicity are the ones we desire especially to serve. You can have from one month to one year to pay it in and our payments are so small that any one can meet them. You will save money by dealing with us as our rates are the lowest and terms easiest. It will cost you nothing to get our rates.

Indiana Mortgage Loan Co.,

Room 3, Arcade, upstairs. Home 'phone 995.

Open Saturday evenings from 7 to 8:30.

Money to Loan to Salaried People.

Salaried people holding permanent positions with responsible and well-established concerns or corporations can get money on their own name without endorsement. No publicity.

Loans also made on furniture, pianos, etc.

Better terms and rates than elsewhere.

Room 3, Arcade, upstairs. Home 'phone 995.

Open Saturday nights from 7 to 8:30.

Attention, Bargain Lovers!

I have made money for others, why not for you? Call and see me about the following property, which I offer for sale:

Eight room house and good sized lot, west end; price $1,700.

Seven-room brick, in good condition, west end; price $1,800.

Ten-room modern house, steam heat, full size lot, asphalt street, alley brick, all clear, west end; price, $6,000.

Six room house in Bloomingdale, asphalt pavement, all clear; price, $1,650.

Five-room house, West DeWald, three blocks from Calhoun; price, $1,650.

Seven-room house, full size corner lot, East Creighton avenue, near Hanna; price, $1,500.

Eight room house, new, lot 36x140, on Pontiac, near Lafayette; price, $1,500.

READ THE PROOFS

SAMPSON SAW THE SHEETS OF MACLAY'S BOOK.

DID NOT FURNISH FACTS

WILL ENDORSE ALL TAKEN FROM HIS REPORTS.

BOB EVANS SHEDS LIGHT

HE GIVES PROOF OF PLOT AGAINST SCHLEY.

Boston, July 23.—Rear Admiral William T. Sampson, U. S. N., commandant of the Charleston navy yard, was asked if he had ever read and criticised any of the proofs of Maclay's naval history, and in reply he said he thought he had.

"Just what I did do with the proofs which were sent me by Mr. Maclay," Admiral Sampson said, "I don't remember, but if my memory is correct, I did read them. However, since this talk in the newspapers about certain objectionable chapters in the history, I called the attention of my aid, Lieutenant Bennett, to the matter, and he says that he read the proofs, but that I could not criticise them because the language was too immoderate.

"It was a long time ago that I read these proofs, and I don't remember what they said about the battle, about Schley or anyone else. I presume they contained the same statements as are now embodied in the history.

HAS NO GRIEVANCE.

"I have read the history of the navy written by Mr. Maclay and consider the account of my campaigns a very good one. About the rest of it I cannot judge accurately, perhaps, having no intimate knowledge of the events described."

In response to an inquiry as to whether or not he had ever given Mr. Maclay any facts about his campaigns, and especially about the battle of Santiago, Admiral Sampson replied most emphatically that he never had.

"I never told him anything about the Santiago fight or any others, and neither did my aid, Mr. Bennett. In one way possibly I was responsible for the statements he made in the history. I was commander in chief of the squadron and responsible so far as reading the proof goes.

"If the historian has taken facts from my official reports to the navy department, which is perhaps what he means when he says that he obtained them from me, that is all well and good. I stand by my first reports and official communications.

WANTS AN INVESTIGATION.

"I would welcome an investigation of this whole matter by congress or by the navy department. But I see no hope of its being taken up. I hardly believe that congress will do anything about it at the next session.

"Schley's first statements regarding the battle of Santiago, those given out just after the fight, I mean, were moderately correct. The published interviews given out some time afterward were not at all correct. They were entirely different from his first accounts and were written in a different spirit, I think.

"If you will look up an interview, purporting to have come from Schley and published, I believe, on January 6, you will see that it was entirely incorrect. If he was correctly quoted he must certainly have made a misstatement of the facts. Soon after this interview appeared in print he came aboard my ship and told me that he had never given out any such statement; that he had been incorrectly quoted.

"The reporter to whom the interview was granted was a friend of mine, and he afterward told me that he had published Schley's words precisely as they had been spoken."

COURT MARTIAL NOT NEEDED.

When asked for a statement as to why a court martial for Schley was not ordered, Admiral Sampson said:

"Well, it seems to me there's no use of people rehashing this thing again and again. It is an old story and it has been fully discussed."

A copy of a paper was shown to Admiral Sampson in which was a statement claiming that Fighting Bob Evans was guilty of a misstatement of fact in his book, "A Sailor's Log," in saying that the command of the north Atlantic squadron devolved upon him ipso facto, when, shortly after leaving Key West, at the breaking out of the Spanish-American war, Admiral Sampson gave chase to a possible prize, first flying from the flagship New York the signal, "Disregard movements commander in chief."

"The man who wrote that article did not know what he was talking about," said the commandant; "he was evidently mixed up. This has nothing to do with the matter at all. I don't see what the man means. Of course, I made this signal when I left the squadron and left Evans in charge of the fleet. After the fight at San Juan and several hours afterward I chased a ship and left Evans in charge of the squadron."

A CHAPTER BY BOB EVANS.

Washington, July 23.—Rear Admiral Robley Evans, known as "Fighting Bob," contributes this remarkable statement to the Sampson-Schley controversy:

"While the fleet was at Key West and before Schley was sent around the west end of Cuba looking for the Spanish, then known to be making for some South Cuban port, Captain B. M. McCalla, on the Marblehead, had made arrangements with the insurgents on shore near Cienfuegos to inform the American warships if the Spanish squadron sought shelter there. A code of signals was decided on. In the daytime three horses in a row meant 'We wish to communicate,' and at night three white lights in a line meant the same thing. The insurgents had a full view of the entrance to Cienfuegos, and no ships could enter without being seen by them.

"It was decided that when signals were made on shore communication was to be opened and the fleet in front of Cienfuegos should be advised promptly if the enemy was inside. McCalla informed Sampson of what had been done, and confidential instructions were issued to the commander of every ship, giving him the code. I and every captain had it but Cook, of the Brooklyn I supposed, of course, that Cook had it, and that Schley knew Sampson expected to rely on the insurgents to get information about the fleet should it proceed to Cienfuegos.

SCHLEY'S ACTION.

"When Cervera arived at the West Indies private messages indicated he was making for either Santiago or Cienfuegos, as these were the only ports where he could procure coal and be safe from sea attack. It was seen that Schley was hurried around the west end of the island to locate the vessels while Sampson was to look for any surprise from the Bahama channel end. Schley reached Cienfuegos and began to try to find out if the Spaniards were in the harbor.

"Late Sunday I arrived with the Iowa, believing that the admiral was cognizant of the code arrangement and had been trying to reach the insurgents on shore. Early that evening I saw signal lights on shore—those agreed upon with the insurgents—and turning to my executive I remarked, 'They are communicating with Schley.' Later, at midnight, I saw other signals on shore, and again remarked, 'They are still signaling to Schley.'

"The next day McCalla arrived and asked what we had learned from the shore. He was astonished when told by Schley that he knew of no code arrangement made by McCalla with the Cubans. Schley had been there then nearly two days. McCalla was off in the Marblehead at once. In a few hours he steamed back and reported he had found out from the insurgents on shore that no Spanish ships were in the harbor. Schley and Cook both said they knew nothing of any arangement with the insurgents.

"Had Schley had this information, which he might have procured in a few hours after arriving, he could have sailed thirty-six hours sooner for Santiago. He was afterward accused of delaying his departure."

"Fighting Bob" is not an admirer of Schley, but this chapter he adds to the discussion evidently removes from Schley's record what the navy department construed as an unwarranted delay in hunting out the Spanish squadron. The "reprehensible conduct" feature related to Schley's not proceeding direct to Santiago when he started, but the Cienfuegos incident was regarded in Washington as almost equally "reprehensible."

MUST OBEY SAMPSON.

Another important point brought out by Admiral Evans is that Schley was told by the navy department when assigned to the flying squadron that he would have to serve under Sampson as commander in chief, who had not been then selected, and he accepted the command with that understanding. Schley, at the time, was senior to Sampson.

Admiral Evans is strongly of the opinion that Schley should demand an investigation, in view of the attack made on him in Maclay's history, but does not believe Schley will do so.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo-Quinine Tablets. 25c.

Mrs. William Meyer, of Chicago, is the guest of her parents, Rev. and Mrs. Juengel.

E. W. Grove

This signature is on every box of the genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day

Prof. O. L. Wooley will go to Kokomo tomorrow to spend a few days with friends.

LOOK FOR A COUP BY THE TRUST.

(Continued From First Page.)

who they are and how it happens they are in McKeesport. A satisfactory feature in connection with this is the continued order and good behavior of the men. Of course, what might happen in case some strange workers were to appear on the scene cannot now be conjectured.

MILL MEN WILL FIGHT

Little doubt remains that these mill workers intend to fight if the issue is forced, and while the workmen mean business and will fight, there is not much doubt that the present management of the Dewes-Woods plant have long since prepared for any emergency.

At Vandergrift and Duncansville the men appear to be entirely satisfied and work is going on there as usual. All the efforts of the Amalgamated association to get the men out have so far been futile.

Vice President Pierce, of the Amalgamated association, has organized a lodge among the men at the Glassport plant of the Pittsburg Steel Hoop company. This mill does not belong to the combine and this matter is only of interest in the present struggle, as it is possible that the combine might make an arrangement with the Pittsburg Steel Hoop company to do some work for them, in which case, of course, the newly organized men might refuse to undertake it.

MAY START A MILL.

Reports are rife that the United States Steel corporation will shortly make an effort to start up Painter's mill, of the American Steel Hoop company, in this city. Emissaries are said to have been among the idle operatives of that plant for the purpose of inducing them to come back and help in the resumption of the mill. The result of this report has caused the Amalgamated men to redouble their vigilance at this point and they will do everything in their power to frustrate the object of the company.

NEW MOVE BY THE TRUST.

One of the most significant developments of the strike is the order from the officials of the National Steel company to have the former rail mill of that company in Youngstown fitted for rail rolling again. The mill was originally a rail mill, but during the early part of the present year, after the consolidation had been effected between the various underlying companies and the United States Steel corporation, the Youngstown rail plant was abandoned and its product turned into sheet bars and billets.

The fact that the National Steel company is thus preparing to change its rail production and shut off its steel bar and billet production is taken as an indication that the officials of the United States Steel corporation are anticipating no early settlement of the present strike, but are rather looking for some considerable delay in operating the mills. The Youngstown rail mill has been a non-union plant and the men employed there have always been outside of the organization. For this reason it is expected that no difficulty would be experienced in operating the rail mill again.

At the Amalgamated headquarters the officials had nothing new to report this morning. President Shaffer said the situation was unchanged and that he was well satisfied with the outlook.

ARRESTS MADE AT WELLSVILLE

Wellsville, Ohio, July 23.—A development that startled the strikers of the Wellsville plant came this morning when two of the local leaders were taken before Mayor A. P. Dennis on charges of violating an ordinance of the city, which relates to the stopping of men on the street who are on their way to work. The two strikers arrested were Patrick Connors and John Rumbaugh. They accosted some of the workmen and were arrested on a charge of assault. The men were taken before the mayor, who gave them a scathing lecture and discharged them. The mayor said that the strike must be conducted within the laws of the city and commonwealth and that he will permit no infraction whatever. Vice President John Chappelle now threatens to have Superintendent Brookman arrested on the same charge the next time he tries to influence a striker.

PILES CURED WITHOUT THE KNIFE.

Itching, Blind, Bleeding or Protruding Piles. No Cure, No Pay. All druggists are authorized by the manufacturers of Pazo Ointment to refund the money where it fails to cure any case of piles, no matter of how long standing. Manufactured by PARIS MEDICINE CO., St. Louis, Mo., Manufacturers of Laxative Bromo-Quinine Tablets.

Prices are way down at Patterson's.

DEATHS AND FUNERALS.

CRAWFORD.

Mrs. Harriett Crawford, of Perry township, died suddenly Sunday afternoon while visiting the family of Mr. and Mrs. J. Miller, in DeKalb county. Seated in the parlor engaged in conversation after dinner Mrs. Crawford suddenly sank back in her chair, gasped for breath and before help could be summoned death had ensued.

Mrs. Crawford was 47 years of age, and very highly esteemed. She was the widow of John Crawford, a well known farmer who died eight years ago. Surviving are a son and two daughters—Charles, Ella and Stella.

Funeral services will be held from Robinson chapel Wednesday morning at 10:30, Rev. W. E. McCarty, of Leo, officiating.

CASEY AT THE BAT.

Stephen Casey was the only unfortunate to face the police judge this morning. Stephen had on his fighting clothes several nights ago and started in to clean up Chicago street. He met with rather indifferent success, and yesterday morning was found on Broadway with an enormous jag in tow. Stephen never gets drung only when he is sick, or is never sick only when he has been drunk only when he is sick, or is this morning about being on the brink of death, but it didn't make the judge even bat an eye. He fined him $1 and costs, which is equivalent to sixteen days in jail. As Mr. Casey disappeared down below he begged of the court to send him a doctor immediately so he wouldn't die before he had made his peace above.

W. L. Pettit, of DeWald street, reported to the police this morning that someone had stolen a pony from his barn last night. He did not believe it to have been a real for sure case of horse stealing, but held to the belief that mischievous boys in the neighborhood had taken the animal out for an airing. The department will look the matter up.

BY THE BOUNDING BILLOW.

Trustee Schirmeyer bid his associates about the court house an affectionate good bye last evening as he told them he was going to take a little trip to seashore to spend his vacation. Everybody wished him God-speed and a good time. This morning it was learned on undisputable authority that Mr. Schirmeyer is rusticating on H. H. Schnelker's farm in Maumee township, which he reached by riding on a mudboat out of New Haven. The rolling of the surf which he will tell about when he gets back is nothing more than the rustling of the leaves in the cornfield and the fish that he expects to bring back have already been engaged at a well-known fish market.

Miss Stella Jackson, of Lima, Ohio, returned to her home last evening after a two weeks' visit with friends and relatives in this city.

OF SPECIAL INTEREST

To Hay Fever Sufferers.

Sufferers from hay fever and summer catarrh will be interested to learn that there is a new, simple, inexpensive but effective home treatment for this obstinate and baffling disease, and that a little booklet fully describing the treatment will be mailed free to anyone by addressing the F. A. Stuart Co., Marshall, Mich.

Doubtless this statement of a cure and positive preventative of hay fever will be received with skepticism by the thousands who have found the only relief every year was a change of climate during the summer months.

But whether skeptical or not it will cost nothing to investigate this new treatment. Simply send name and address on a postal card to F. A. Stuart Co., Marshall, Mich., for the booklet which besides describing the treatment contains a concise treatise on the cause and character of this peculiar disease.

The Epworth League of Berry Street M. E. church will give a social at the home of Miss Edith Albers, 46 Erie street, this evening.

All men's, boys' and children's suits discounted 20 per cent during our sale which lasts until Aug. 3rd. Blue and black goods being excepted. They are discounted 10 per cent.

TO THE MAN WHO THINKS.

LOOK yourself squarely in the face and see if you are not half ashamed to be without Ivory Soap in your house. Worse than this, your wife is without it. It is bad enough for a man, though a man often doesn't care how his comfort is mis-spelled. But a woman misses all these little helps to housekeeping. And Ivory Soap is one; its great potency makes it actually cheaper than yellow soap for general work. It floats.

LOCAL

Mrs. W. A. Jones is visiting friends in Plymouth.

Miss Mattie McGee is visiting relatives in Leo.

Miss Emily Mick has returned from an outing at Winona.

Mrs. Robert A. Long, of Cincinnati, is visiting in the city.

Carl Diether transacted business in Antwerp, Ohio, today.

Mrs. James Drewitt has returned from a visit at Bluffton.

Mrs. J. P. Disser has gone to Bay View, Mich., for a visit.

Max Wehnert has gone to Buffalo to attend the exposition.

Lawrence Younge has returned from a visit in Huntington.

Mrs. Frank Brown has returned from a visit at Mackinac Island.

Sheriff Stout and son Clyde have gone to Lake George for an outing.

George Herman and family have returned from a visit at Columbia City.

Mrs. C. C. Schlatter and son Harry have returned from a visit in Chicago.

Miss Cynthia Staley, who has been visiting at Bluffton, has returned home.

Mrs. Walter Stanley has gone to Monroe, Ind., to make her home with her brother.

The Zobo club will give an ice cream social this evening at No. 107 Wilt street.

Mrs. Tom Snook and Miss Minnis Geake have gone to Toledo for a visit with friends.

Mrs. Kirby Jackson and daughter, Miss Grace, have gone to Chicago to visit friends.

Miss Marjorie Olds returned yesterday from a visit with relatives in Sandusky, Ohio.

Mr. and Mrs. George Loesch have opened their cottage at Lake George for the season.

Bishop Herman Alerding and Rev. Father Bathe have returned from Remington, Ind.

Miss Florence Roper, of Toronto, who has been visiting her sister here, has returned home.

H. F. Perrin and family and J. W. Perrin and family are spending a week at West Lake.

The Misses Martha and Anna Lauer have returned from a week's outing at Rome City.

Mrs. F. M. Randall and children have returned from a visit with friends in Rome City.

Miss Clara Schack left yesterday for an extended visit with relatives at Milwaukee and Chicago.

There will be an important business meeting of the Eintracht Singing society on Friday evening.

The Ladies' Progressive Aid society will meet at the home of Mrs. J. A. Powers Wednesday afternoon at 2:30.

Mrs. John Davy and Miss Marjorie Davy, of Toledo, arrived in the city yesterday for a visit with relatives.

Dr. Edgar B. Hartman has returned from Chicago, where he visited Dr. Mason, a former practitioner of this city.

Wesley Walters was taken suddenly ill at Robison park on Sunday, and for a time his condition was quite serious.

Mr. and Mrs. William Smart are in Continental attending the funeral of Mr. Smart's brother, who died in the Philippines.

The K. of P. band and the Rathbone Sisters will give an ice cream social in Swinney park next Thursday evening.

Rev. Robert Pratt, of Wabash; Rev. J. P. Durham, of Union City, and Rev. P. J. Quinn, of LaGro, are visitors at the Episcopal residence today.

An ice cream social for the benefit of Friendship M. E. church will be given at the home Jacob Stuart, nine miles west of the city, on Thursday evening.

Columbia City Post: "George Crawford has resigned his position with the Harper buggy works, and left Monday for Fort Wayne, where he has secured employment."

Mrs. Clinton Trumbull Prescott and children, of Lampasas, Tex., are here on a visit with Mrs. Prescott's mother, Mrs. Edgar, and sister, Mrs. W. L. Peterson, of 352 Hanna street.

Dr. L. P. Drayer has returned from Hartford City. His father, Dr. Peter Drayer, is critically ill at his home in that city, and it is not thought that he can survive many days.

John Mohr is having a combination wind mill and observation tower erected on his property at Rome City. The tower has an observation platform fifty feet from the ground, affording an extensive view of the lake and vicinity.

Dr. and Mrs. D. W. Moffat and family expect to leave tomorrow for Evanston, Ill., to visit friends. Dr. Moffat will later attend a meeting of the committee on the revision of the Presbyterian creed, which will be held at Saratoga, N. Y., in September, and there will be no services in the First church until the second Sunday in that month.

John Johnson, eighty-one years of age, returned today to his home at Kendallville. Mr. Johnson has been a patient at St. Joseph's hospital, under the care of Dr. Albert E. Bulson. He suffered from double cataract, causing total blindness, but an operation for the restoration of his sight was successfully performed.

LIBRARY OPENED TO-DAY.

The temporary library in the two large rear rooms on the second floor of the Elektron building, on East Berry street, will be opened tomorrow and the circulation of books, which was suspended for two weeks, will be resumed tomorrow morning. All the books and papers have been removed from the old building, which will be torn down within a few weeks to make room for the handsome new library for which Andrew Carnegie, the steel magnate, donated the sum of $75,000. The temporary quarters in the Elektron building are undoubtedly the best that could be secured for the purpose, being light, well ventilated and most conveniently situated. Miss Colerick has inaugurated a new feature in the new quarters in the shape of a children's corner, where books for juvenile readers are kept separate for greater convenience in handling. The reading and reference rooms will be open from 9 a. m. to 9 p. m. and the circulating library will be open from 9 a. m. to 8:30 p. m.

MR. NELSON AT WABASH.

(Wabash Plaindealer.)

S. L. Nelson, general manager of the Fort Wayne and Southwestern Traction company, was in the city Saturday on his way to Fort Wayne after a trip over the proposed extension of the road southwest from Huntington to Wabash and Marion. The journey was taken with a view of arriving at the comparative density of population along this route and along another from Huntington to Marion via Warren. He found 296 farm houses on the route from Huntington to Marion and 107 between Wabash and Marion. He will next count the number of houses between Wabash and Huntington, including Andrews. There are no towns on the Warren route. Mr. Nelson states that cars will be run half-hourly between Huntington and Fort Wayne, beginning September 15. The extension west from Huntington will be commenced at an early day and be in operation the first of next year. The entire twenty-five miles of rail between Fort Wayne and Huntington will be down by next Saturday night. The first eight cars for the road will arrive August 1. They are forty-six feet long, seat forty-eight persons and are operated with a 200-horse power motor each. There are no grades, a few slight curves, and it is proposed to speed the cars up to forty-five miles an hour. The fare is to be one and a half cents per mile, and possibly one cent.

IS HOME FROM EUROPE.

Theodore F. Thieme, manager of the Wayne Knitting mills, has just returned from Europe, where he has spent the past five weeks on business for the mills. Mr. Thieme's mission was in part to purchase new machinery for the plant in this city and to observe trade conditions in Europe in the knitting industry. He made the purchase of considerable machinery, which is to be added to the Fort Wayne mills.

Joe Richter, a lad residing at 29 East Third street, recently found a pocketbook containing $21. It was the property of F. Blue, who advertised his loss in The Sentinel, and the boy promptly returned the money to Mr. Blue.

MRS. GEORGE WILLARD,

One of Michigan's Noted Women.

Mrs. George Willard, wife of the late ex-Congressman George Willard, of Battle Creek, Michigan, is one of the most prominent and efficient woman suffrage workers in the state of Michigan. She is also an officer of several leading women's clubs, and is prominently identified with the Women's Press association, and well known as a literary worker and as a woman of unbounded energy and industry. While she is nearly seventy years of age, no one would think from her appearance that she had yet reached the age of fifty. When asked the secret of her good health and attractive appearance she said: "I have been troubled with rheumatism, torpid liver, indigestion and other complications for some years, but since I have commenced taking Peptorene, The Health Tablet, manufactured by the Battle Creek Health Co., Ltd., I seemed to have renewed my youth and am in perfect health." Mrs. Willard continues to take these tablets whenever any unfavorable symptoms appear, and will not be without them.

Battle Creek Health Tablet Co., Ltd., 25 cts. a box. Write for a free trial treatment. Sold at Wm. L. Waltemath, Meyer Bros. & Co., Pellens & Polster, and A. C. Gocke.

1,000 pairs of boys' knee pants, all wool, double seat and knee, to go at 50c.

WOMAN

HER CARE AND HAPPINESS.

Never did women accept the truth of Mother's Friend more willingly than those thousands who have tried it. The prime object in a medicine for expectant mothers is safeness and virtue, qualifications impossible to find in internal doses made of nasty, injurious and stimulating drugs.

MOTHER'S FRIEND

is a liniment rubbed in with the hands—something to lubricate the internal tissues and muscles. Something gentle, comforting and refreshing; a balm for the nerves, a softener for the cords holding the heavy burden, an invigorator for the muscles, making them elastic, thereby permitting with ease expansion as the fetus grows to be a live baby.

Mother's Friend is the only liniment that will make the usually dreaded issue easy, and leave the child healthy, and the mother with all her grace and symmetry unmarred. Of druggists, $1 00.

Our book "Motherhood" mailed free.

Robison Park Theater—Vaudeville.

Evidently the boss weather man fancies he has been defied to do his worst.

The kerosene oil can is the pivot about which many a ghastly joke has been turned, but those who could appreciate it most somehow never survive to join in the laugh.

It will now, as it has been heretofore, be noted that the partisans of Admiral Sampson are ever ready to exclaim it is time the distressing controversy should be closed and forgotten.

The Americans who paid $375 to peers who needed the money for their seats in the house of lords during the Russell trial now have just ground of complaint that the duration of the comedy did not come up to the advance notices.

It is now admitted in Washington that Mr. Neely, late of Muncie, is not likely to be prosecuted for doing a few good strokes of business on a cash basis while in the Cuban postal service. The admission is not startling and beyond the fact it has been delayed beyond general expectation is scarcely interesting.

Maclay, the author of the history of the navy which brands Admiral Schley as a coward, a caitiff, an insubordinate and other contemptible things, says he has no feeling against Schley and wrote without prejudice. What a drummer his "history" would be if he had entertained dislike of the Santiago hero and had been warped by the sentiments of the Sampson adherents.

Crop reports from Europe continue to disclose important shortages of wheat in many regions. The harvest in France will be far below the average, that in Germany will be short and in the great Volga basin and some other cereal producing parts of Russia, as well as in Siberia, the wheat crop is ruined. The outlook seems promising for the American surplus, but it should not be forgotten that while foreign agricultural disasters create a demand for our grain, they also reduce ability to buy and pay for it. However, it seems probable that our wheat farmers this year will be able to market all the wheat they have to spare for export, and at fair prices.

Out in Oklahoma where the Kiowa-Comanche reservation is to be opened to settlement and the land parceled out by lottery methods there are calculated to be ten persons for every prize the government has to bestow. One hundred and fifty thousand persons have registered for a chance to secure one of the thirteen thousand claims to be awarded by lottery and it is expected that much disorder and no little distress will follow. At present it does not look as though the scheme for distribution would prove all that is desirable.

RUSSIA'S CHIEF PROBLEM.

Frederick W. Holls, of New York, late member of the peace conference and now a member of the court of arbitration at The Hague, who has returned to Berlin from St. Petersburg, says that the statesmen of the Russian empire seem to be seriously impressed with the fact that the problem before them is not so much foreign as domestic; it is the consolidation and development of the vast domain which is now under the emperor's scepter, comprising some of the richest and most promising parts of the earth's surface. The potential power of Russia is, of course enormous, said Mr. Holls, though certainly not greater than that of the United States, and today it may be counted for as working for peace quite as surely as that of the United States. The Russian church is an influence in favor of the peace of the world which is apt to be overlooked. It is not an aggressive church, as its history shows; it is conservative and it abhors war as sincerely as any other branch of Christianity. Russian statesmen have a great problem to face in the danger of Chinese emigration to the fertile districts of Siberia. Experience has shown that the children of marriages between Russians and Chinese are Mongolian rather than Russian, and when the tremendous number of Chinese is considered, as well as the pressure upon the resources of China, the dangers of immigration of millions of Chinamen into the fertile country, which is not separated from their home by an ocean, will be at once apparent to every student of what was once the Chinese problem in the United States.

TYPHOID AT OSSIAN.

(Bluffton News.)

Ossian has seven cases of typhoid fever, all within a radius of a block. Andrew White, the hardware merchant, has four down at his home, of whom one is dangerous. Mrs. Frank McDowell and baby are both ill and the daughter of A. S. Elzey is not expected to live. The water on that particular block of Mill street has been examined by Prof. W. D. Mannes. The test shows that it is alive with fever germs, nearly an inch of filth standing in the bottom of the bottle after being precipitated. The scourge is dreaded next to small pox and the water generally is being boiled for use.

NEWSBOY IS DEAD.

Peru, Ind., July 23.—John F. Williamson, of Bowling Green, Ohio, the newsboy on the ill-fated Wabash train that was wrecked at Cass, eleven miles west of here, last month, peacefully passed away at the railway hospital Saturday afternoon, at 4:52 o'clock. In that awful disaster at Cass the boy had his back broken and total paralysis was the result

The death of the newsboy makes sixteen person dead as a result of the Wabash disaster.

HOOP MILL MEN HERE.

Two gentlemen representing the firm which proposes to locate a new hoop mill in Fort Wayne arrived in the city this morning to close up the details of securing a site. J. W White, from whom it is expected the land will be leased, is out of the city, and the negotiations will not be concluded until tomorrow.

KRAUSE'S HEADACHE CAPSULES

Were the first headache capsules put on the market. Their immediate success resulted in a host of imitations, containing antipyrine, chloral, morphine and other injurious drugs, purporting to be "just as good." Avoid these imitations and insist on your having Krause's, which speedily cure the most severe cases and leaves no bad after effects. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

Buy your black suit of Patterson during the sale and save the discount.

HOLDS WABASH RESPONSIBLE

FOR RECENT RAILROAD DISASTER AT CASS.

Coroner at Logansport Says That Culvert Was of Insufficient Size, and Charges Negligence.

Logansport, Ind., July 23.—Coroner C. D. Smith yesterday afternoon returned a verdict in the Wabash wreck case at Cass. He made a thorough investigation and much interest has been manifested in his finding, which is as follows:

"I, Charles D. Smith, coroner of Cass county, on the 26th, 27th, 28th and 29th of June and on the 1st, 2nd, 3rd, 4th, 5th, 6th and 13th day of July, in Miami and Eel townships county of Cass and state of Indiana, held an inquest to inquire into and by what name and by whom Noc Pedretti, Lugi Branca, Crispino Vincenzo, Teressa Mantone, Fannie Murich, Domenico Lombardo, Domenico Salitino, Rudolph Fillipo, an infant of Frank Parks, Carmino Lombardo, Frances Macario, Rosina Macaro, whose bodies were found dead in said county and state on the night of June 25, 1901, came to their deaths. After having examined the bodies and heard the evidence I find that the deceased came to their deaths by reason of the wreck of a passenger train on the Wabash railroad, caused by the giving away of the track on the night of June 25. I further find that at the point where the wreck occurred there was and had been for many years prior to said wreck a stone box or culvert three feet by three feet five inches in capacity being used by said railroad company for the purpose of carrying the water which accumulated to the north of said railroad track, under the right-of-way. That during ordinary rainfall large quantities of water came down from the hills and surrounding country to the north and that said stone box or culvert was insufficient in capacity to carry the water which naturally flowed in that direction during heavy rainfalls, and that the railway company might have known of the insufficiency of said culvert had it used due care in its inspection. I find that the giving way of the railroad embankment under the track was caused by reason of the water backing up to the north of the grade, occasioned by the insufficient capacity of the culvert above mentioned and that the negligense of the said railroad company in failing to provide a culvert of sufficient capacity was the direct cause of said wreck and of the death of the persons killed therein."

SEES PUNISHMENT IN DROUGHT

Galesburg, Ill., July 23.—In the ruinous drought now spreading over the crop districts Rev. O. C. Bedford, pastor of the Knox Street Congregational church of this city, sees the hand of the Almighty. In his sermon he told his hearers it was the punishment of God for national wickedness and the turning away from prayer.

"If this drought will bring people to their knees in prayer and will cause the salvation of souls," he prayed, "then, O Lord, let us have the drought."

Rev. Mr. Bedford maintained that the people of the United States are more wicked in some respects than the people of any other period in the history of the country. Family worship, he said, is being dropped and there is no power in the church. God, he added, is therefore taking away the corn and is thus leading the people to prayer.

"Some people," he exclaimed, "will suffer from the drought, but this physical suffering will be less than if God gave the people plenty and all went down to hell together. If the drought will induce the people to pray, I hail the time when we shall have a still greater drought than this."

GOSHEN MYSTERY IS SOLVED.

Irena Canning, the handsome young girl who was found wandering aimlessly about the country near Goshen a week ago, and who has for the past week mystified the police of that city, has been identified. She it Kate Kanning, a book agent, whose home is at East Barre, Vt. The girl left East Barre last winter, and the story that she is an heiress to a Texas estate of $300,000 is a piece of fiction of her own invention. The girl's parents believe her insane. She was found wandering upon the highway six miles north of Goshen last Tuesday night by E. D. Gallagher, a Fort Wayne traveling man, who was driving from Middlebury to Goshen, and told so many improbable stories that for several days the officers were completely mystified.

ONCE LIVED AT ELKHART.

(Elkhart Review.)

Charles Dunn, the Wallen, Allen county, man held as the murderer of a ten-year-old girl, was once a resident of Elkhart, having run a dray here during the years 1869 and 1870. He and his wife, then not the imbecile she is now described, occupied rooms over Capt. William Barney's old office on North Main street. Captain Barney says he can never be convinced that Dunn is guilty, but he could be persuaded that Mrs. Dunn was the homicide. He says that she came of a family who showed a lack of full mental development. One of her brothers, who had become a prominent groceryman at Kendallville, committed suicide and another became insane. One brother was a member of Captain Barney's company, company E, 100th Indiana The captain was guardian of Mrs. Dunn, nee Miller, from 1854 until she became of age.

MAY BE TROUBLE THERE NOW

LIEUT. J. B. FONNER HEARS FROM PHILIPPINES.

Outlook is for Fighting in Territory Recently Occupied by His Regiment.

Lieut. J. B. Fonner is in receipt of information from the Philippines to the effect that trouble is brewing in the territory which was peacefully occupied for months by his regiment. The boys of the Thirty-first had no opportunity to get into active fighting, but their successors are likely to see some lively times.

The letter is written by Ivan H Wise, in the office of the depot quartermaster at Zamboanga, who pays a high compliment to the ability, discipline and high military organization of Lieutenant Fonner's old regiment—the Thirty-first—as compared to the troops now occupying the post, and continuing, says:

"The Aeolus returned last night with Major Brown on board. He comes to take company B, of the Tenth, back to Port Princessa, as the troops that have taken that place are not going to be able to hold it, and the general sent him back for reinforcements. The post is in quite a foment, as the troops that were sent down there were well armed and equipped and seemed competent to take any one town of a small size on this island.

"There is a good deal of excitement and there promises to be some warm times down in that part of the world. Just to think that we were here for nearly two years, and just as we (that is, the regiment) leave the authorities look around and find some exciting work for an organization that has just touched the islands and whose enrollment has hardly dried yet on the records at Washington."

MURDERER ARRESTED.

Cleveland, Ohio, July 23.—Rafaello Farinacci, an Italian, for whom the police of this city have been seeking for nearly a year on the charge of murder, surrendered himself to the authorities today. Farinacci and Donati Batiste quarreled over a game of cards in a saloon August 7 last. Batiste's dead body was found in the street a few hours later, having been stabbed with a stilletto. Farinacci said when he gave himself up that he had been in New York.

GROOT LEADS BOLTERS.

Cleveland, Ohio, July 23.—At a preliminary meeting here of the leaders of the bolt among the Bryan democrats George A. Groot, of this city, has been chosen as temporary chairman of the state convention to be held at Columbus July 31. Dr. Abner L. Davis, of Findlay, will be the temporary secretary.

WAREHOUSEMEN'S STRIKE.

Crockett, Cal., July 23.—The first week of the warehousemen's strike has come to a close. Both sides seem sanguine. One of the grain warehouse officials says there has been no conference held with the workmen and that the situation remains unchanged.

CURES ECZEMA AND ITCHING HUMORS THROUGH THE BLOOD—COSTS NOTHING TO TRY.

B. B. B. (Botanic Blood Balm) is a certain and sure cure for eczema, itching skin, humors, scabs, scales, watery blisters, pimples, aching bones or joints, boils, carbuncles, prickling pain in the skin, old, eating sores, ulcers, etc. Botanic Blood Balm cures the worst and most deep-seated cases by enriching, purifying and vitalizing the blood, thereby giving a healthy blood supply to the skin. Other remedies may relieve, but B. B. B. actually cures, heals every sore, and gives the rich glow of health to the skin, making the blood red and nourishing. Especially advised for old, obstinate cases. Druggists, $1. Trial treatment free and prepaid by writing Dr. Gillam, 213 Mitchell St., Atlanta, Ga. Describe trouble and free medical advice given. Sold by Ranke & Nusbaum, 88 Calhoun St.

LYNCHED IN A CITY PARK

NEGRO TAKEN FROM SHERIFF AND STRUNG TO A TREE.

Had Mortally Wounded the Chief of Police at Elkins, W. Va., in a Desperate Fight.

Elkins, W. Va., July 23.—Last night the dead body of William Brooks, colored, swung from the limb of a tree in the city park here and Chief of Police Robert Lilly lies dying in a Cumberland, Md., hospital from the effects of a bullet wound inflicted by the colored man.

Yesterday afternoon word was brought to the police station that William Brooks, a well-known colored man, was creating trouble in the lower end of the town and asking for the aid of an officer to subdue him. Chief of Police Robert Lilly said he would go himself and bring the man in. When Brooks saw the officer coming he started to run for the house. By the time Lilly came up to the house, which had a good sized crowd surrounding it, and ordered the man to come out Brooks was at the window of a front room armed with a gun. Officer Lilly ordered him to surrender and come peacefully to the lockup. Brooks said he would not go peaceably or any other way. Lilly ran into the house for the black man. The crowd outside made no offer to help and the officer faced the desperate negro alone Sounds of a fierce struggle could be heard and the crowd that had gathered ran to the house to help. When the room was entered both men were found on the floor in mortal combat The negro was shouting that he would never be taken alive, while the officer held him tightly. Suddenly the negro worked his right hand from the grasp of the officer, and, catching up a revolver that had fallen to the floor in the struggle, fired point blank at the officer. Lilly fell to the floor shot through the bowels.

When the officer released his hold the negro broke from the room and ran, followed by a big crowd. For several squares he kept ahead of the crowd. Finally, after a chase of half a mile, Brooks was overtaken and captured. He fought desperately, but could not get away. Other officers came to the rescue, and with small ceremony Brooks was handed over to the sheriff to be taken to the county jail. Just as the sheriff reached the prison doors a mob of men, at least 400 strong, surrounded him and demanded the prisoner. The sheriff and guards refused and made desperate resistance, but to no avail Brooks was seized and rushed through the streets, half walking and half falling along, toward the city park. When the park was reached Brooks was told to walk up under a big shade tree in the center of the park and prepare to die. The negro could not speak and seemed almost insensible to what was going on. The rope was drawn up and in a few minutes the body of William Brooks swung from the tree lifeless. The mob then dispersed.

CLUB ISSUES PROGRAM.

The Amicus club, one of the best known of the ladies' literary and social organizations, has just issued a handsome program for the coming season. Mrs. George L. DeWald is president; Mrs. George Fox, vice president, and Mrs. Otto C. Meyer secretary and treasurer. The program committee is Mrs. Will Klinkel, Mrs. Ed C. Miller and Mrs. O. C. Meyer. The opening meeting of the season will be held September 26, with Mrs. Evans, of West DeWald street.

FELL ON BARBED WIRE.

R. R. Liebman, a laborer employed by the Pennsylvania company and residing at 115 Barr street, was painfully injured this afternoon. He was at work in the east yards, and in going to a nearby well for drinking water stumbled and fell upon a barbed wire fence. His face, neck and left ear were badly lacerated.

ABOUT THE COURT HOUSE

Last evening Sheriff Stout received a telegram from Edgerton, signed by James Batters, asking that an officer be sent immediately to arrest three parties for rioting, saying that the affidavits would be ready on the arrival of the officers. Deputies Reichelderfer and Huguenard were dispatched at once and they returned to the city at a late hour without any game, but with a large load of disgust on board. Three boys named Watson, the oldest of whom is only sixteen, had got into a quarrel with Batters' mother and they probably were pretty rough in their language and actions, but had done no rioting and had committed no assault. The deputies made a thorough investigation, but found no ground for making an arrest.

ANNUAL MEETING IS HELD

OF GERMAN INSURANCE ASSOCIATION.

William Doehrman is the New President—Annual Reports Show Healthy Growth.

The twenty-fifth annual meeting of the German Fire Insurance association was held last evening in St Paul's school hall and the following officers were elected to serve the ensuing year:

President—William Doehrman.
Secretary—C. A. Kampe.
Directors—Messrs. Charles Brandt, Henry Wehrenberg, William Miller, H. Witte, August Becker, Fred Roesener, Louis Brunner, William Meinzen, Charles Krudop and W. Franke.

The reports of the officers showed a most gratifying state of affairs. The association has a surplus of $17,000 on hand and in the past year paid but one policy, $65. There are about 800 policy holders in the association, composed of the members of the various German Lutheran churches of the city. The company insures only the residences of members and any building on the residence lot not used for business purposes. It is the largest company of the kind in northern Indiana and has enjoyed a rapid growth within the past few years.

LOCAL LINES.

L. G. Baumann, manager of the Western Telephone Construction company at Chicago, is in the city today.

Miss Elizabeth Vasser is giving a picnic at Robison park this afternoon, in honor of Miss Marjorie Vesseriat, of Alliance, Ohio.

The Ladies' Aid society of the English Lutheran Church of the Redeemer meets at the home of Mrs. William Spiegel tomorrow afternoon to sew.

C. E. Adams, a prominent Nebraska mining man, arrived in the city today to investigate the Hicks process of amalgamation. He is a guest at the Randall.

F. F. Conner, an old Fort Wayne boy, for years traveling for the Eberhardt Manufacturing company, of Cleveland, is in the city the guest of F. J. Reineke.

Victor Blake, of 70 Liberty street, employed in the Bass foundry, had his left hand badly crushed by a heavy bar of iron this morning. Dr. A. J. Kessler attended him.

Mrs. W. A. Jones has gone to Toledo and Detroit. At the latter city she will meet her daughter, Miss Helen, who has been the guest of friends at Marquette, Mich.

Miss Anna Smith, a night operator for the Central Union Telephone company, has resigned her position here and will leave tonight for her home in Peru, where she takes a position in the Bell offices there.

Mr. and Mrs. Henry Stellhorn entertained Monday evening in honor of Miss Minnie Becker, of Pittsburg, and Mrs. Louis Becker and son Fred, of Milwaukee. About fifty guests were present. Sweet peas and ferns were the decorations. Music was the feature of the evening.

William P. Duffy and wife, of Indianapolis, and ex-Councilman Schuhler and wife, of this city, returned last evening from a two weeks' outing at Lake James, Steuben county. Mr. and Mrs. Duffy will remain in the city until Sunday to visit many old friends and acquaintances.

JANGLING NERVES.

Are you irritable? Do you sleep badly? Is it hard to concentrate your thoughts? Is your appetite poor? Do you feel tired, restless and despondent? Try Lichty's Celery Nerve Compound. It will do you more good than anything you have ever tried. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

Buy your boy's clothing during our sale.

REUBEN S. PATTERSON.

WILL USE HICKS MACHINES

NEW ZEALAND MINING COMPANY FORMING.

To Be Incorporated With $10,000,000 Capital—Will Gain Control of New Zealand Mines.

(Indanapolis Journal.)

The first announcement of the organization of an immense syndicate to control gold mines in New Zealand with United States capital was made by W. K. Bellis, formerly of this city, and George C. Chadwick, of New Zealand, at the Columbia club last night. The New Zealand Mining company has been organized and will be incorporated under the laws of South Dakota with $10,000,000 capital, and the New Zealand Mining Agency company will be incorporated with a capital stock of $1,000,000.

"There is not a single share of this stock for sale," said Mr. Bellis last night, "as one-quarter of the New Zealand Mining company stock has been underwritten and contracted for by New York parties The other three-quarters of the stock will be controlled by the syndicate and will not be placed on the market. The stock of the New Zealand Mining Agency company will be controlled exclusively by Mr. Chadwick and myself.

"I corresponded with Mr. Chadwick before he came to this country relative to organizing a company here to control the developed mining properties in New Zealand. Mr. Chadwick believed that if up-to-date machinery could be shipped to that country and used in the mines there the product of the mines would be increased fully 30 per cent. He came to this country for the purpose of completing arrangements for the organization of the syndicate to control the mines and also to inspect machinery to be used in the gold mines there. The result has been most encouraging, and both companies have been duly organized. We are not ready at this time, however, to give the list of officers of the two companies."

TRIP TO NEW YORK.

Mr. Bellis was in New York several days, and returned to Indianapolis last week to accompany Mr. Chadwick to Fort Wayne to inspect the machine manufactured by the Hicks Gold and Silver Extraction company. While in New York Mr. Bellis closed the deal for the purchase of the mining company's stock, and in Fort Wayne the two gentlemen closed a deal whereby they will have sole rights of the machine for Australasia. One machine will be shipped to New Zealand at once and twenty more will be ready to be shipped in a short time.

"While in this country I inspected several improved mining machines," said Mr. Chadwick, "but none compared with the Hicks machine. We saw several tests of the machine at Fort Wayne last week, and I believe that it will revolutionize gold mining in my country. We believe it will give us at least 30 per cent additional gold over the old machines The machine does everything in extracting the gold from the ore, washing it and turning it out pure gold so that there is no loss. The New Zealand gold mines are rich with gold and will be more productive when the old, obselete machinery is discarded and the new Hicks machines installed there. With the old dredges and other machinery now in use there we do not get a third of the gold out of the ore and rivers. The Hicks machine is the only one I have seen that does the work satisfactorily.

"The New Zealand Mining Agency company has already closed a deal with the New Zealand Mining company to use the Hicks machines in all of the New Zealand mines controlled by the mining company. These machines cannot be purchased outright, but have to be leased by mining companies, the companies to give the Hicks company a royalty of 10 per cent. of all the gold extracted by use of the machines. In addition to the mines I already control in New Zealand I have options on many other valuable mines that will be closed for the New Zealand Mining company when I return to that country.

"I will leave for San Francisco tomorrow, and on August 1, will sail for New Zealand. I will arrive home about August 20, and will send sealed samples of all the mines to Mr. Bellis, to be tested at Fort Wayne by the Hicks machine.

CANAL WATER IN THE CITY MAINS.

(Continued From First Page.)

amalgamated in the big pumping well, and the figures are given only to show the proportion. At 2 o'clock the engineer at the Van Buren street station said he was pumping at the rate of about 2,500,000 gallons per twenty-four hours, and this water is from the gravel and filtering wells in that district. The Ross street station is pumping about half a million gallons.

There is plenty of water of the kind, but the kind is not what is wanted. The water entering the filtering basin from canal connection is muddy looking and tinges the crystal product from the deep wells to an ugly looking hue. Mayor Berghoff took a bottle full from the inlet pipe and submitted it to Dr. MacBeth for immediate analysis. Chairman Kaough said he deprecated the extremity to which his board was forced, but he could see no other means of protection. When the fire bell rang this morning he said his heart stopped beating for a minute, because he knew that in case of a conflagration of any proportion the city would have been completely helpless.

This afternoon two centrifugal pumps, with a capacity of 800,000 gallons jointly, are being connected with deep wells and the experts have great faith in their efficacy, because they believe that the deep wells will not fail to give the supply, but in view of so many past disappointments the trustees are loth to make any predictions.

FREE TRADE FOR PORTO RICO

NEW ORDER TO BE PROCLAIMED THURSDAY.

Attorney General Knox Is Engaged in Preparing Proclamations to Be Issued.

Washington, July 23.—Free trade between the United States and Porto Rico will be proclaimed Thursday Attorney General Knox is preparing the proclamations which will be issued. Two proclamations will be issued, the first declaring the establishment of civil government in Porto Rico and the second the establishment of free trade between the United States and the island.

Although civil government has existed for many months in Porto Rico, Governor Allen, up to the time he went to Canton on Sunday, purposely withheld the formal notification of that fact from the president in order that the moneys collected under the Foraker act might not be placed at the disposal of the Porto Rican legislature, but could continue to be used for the benefit of the island under the direction of the president. The effect of an earlier notification would have been a proclamation by the president recognizing the establishment of civil government and the turning over to the insular treasury, for the use of the legislature, of all moneys thereafter collected under the Foraker act.

FELL FROM A SHED.

Walter Seibert, a lad residing in the south portion of the city, fell from a shed while playing with a number of companions, this morning, and broke his right arm. The lad fell a distance of about twelve feet and was badly bruised and shaken up besides.

FELL ON A BOTTLE.

Adah, the 10-year-old daughter of Mr. and Mrs. Kahl, of 111 East Creighton avenue, while playing this morning, fell on a portion of a broken beer bottle on the street and cut a gash several inches long in her right leg. Dr. A. J. Kessler put eight stitches in the wound.

Theo. Thorward will leave tomorrow for South Bend, where he is working in the interest of the new independent telephone company which is to be organized there by Fort Wayne citizens. Mr. Thorward has already secured about three hundred subscribers to the service. The application for a franchise will go before the city council next week.

The fire department was called to Sixth street, in Bloomingdale, this morning, to extinguish an extensive grass fire, which, it is believed, became ignited from sparks from a locomotive.

LOCAL LINES.

Mrs. Alfred Noll, of Indianapolis, is visiting her parents in the city.

Mrs. D. M. Doyle will entertain from 2 to 5 o'clock tomorrow afternoon.

The Knights of Pythias and the Rathbone Sisters will give a social at Swinney park Thursday evening and a feature will be a concert by the K. of P. band.

Prof. C. S. Plumb and family, of Lafayette, were in the city yesterday, the guests of Hon. T. E. Ellison and family. Prof. Plumb is director of the agricultural experiment station at Purdue university and is en route to the Pan-American exposition.

Will Scheiman, residing on Zollars avenue and employed at the planing mill of the Fort Wayne Lumber company, received a painful gash across his right wrist while at work yesterday. Several stitches were necessary to close the wound.

Lieutenant Robert Arnold, of Chattanooga, Tenn., was in the city yesterday calling on Major W. E. Stemen, with whom he was associated during his military service in the Philippines. Lieutenant Arnold is preparing to return to Manila.

Hon. A. S. Hershey and sister, Miss Anna Hershey, of Petersburg, Pa., and Miss Helen Burns, of Lancaster City, Pa., will arrive this week to be the guests of Miss Margaret Stemen. Friday afternoon Miss Stemen will entertain a company of friends at Robison park in honor of her guests.

In certain London hotels wine left on the tables is the waiters' perquisite.

COLDS MELT AWAY
If you use Krause's Cold Cure. Prepared in convenient capsule form they are easy to take and effect a speedy cure of the most obstinate cases. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

Cool bargains for warm people at Patterson's.

A FITTING TRIBUTE
A CITIZEN OF FORT WAYNE PAYS A WELL-EARNED TRIBUTE.
The following public statement of a respected citizen adds one more emphatic endorsement of merit to the scores that have appeared before.
Mrs. Anna Clack, of 279 East Jefferson street, says: "I had kidney trouble for a number of years and tried a good many remedies, but all failed to cure me. I consulted an Indian doctor in one of the nearby towns, who said I had ulcers on my liver and kidneys, but he did not do me the least good. I heard about Doan's Kidney Pills and the recommendations led me to get a box at Meyer & Co.'s drug store. They soon had the desired effect, stopped my backache, cured the kidney trouble and cured the ulcers if I had any."
For sale by all dealers, price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

ARCADE DENTAL PARLORS.
In order to discourage any fear on the part of the reader lest he or she might class us with those who advertise to give away fillings, crowns, plates, etc., we wish it understood in the following few words that we pursue no such methods.
We make but one claim and that is that we conduct a high-class Dental parlor, where only the best work is done and at prices within reach of all.

Reliable Dentistry.
The above means just what it says. It is a name we are proud of. Seven years we have given our best efforts toward establishing what is now the largest dental practice in the city. Our chief aim has been to give the public the best dental service at prices about one-half the charges of private practitioners. We have succeeded beyond expectation, but only by giving the best in material and workmanship.
The limit of false economy is reached by all who are attracted by low prices for cheap dentistry, which is expensive at any cost.
Have ours; the best and most profitable, quality and cost considered.

Estimates Cheerfully Given.
Telephone 627.
Open Evenings and Sundays.
Room 7 Arcade, Ground Floor.
BURKET & BAKER.

From Attic to Cellar.
We can furnish your house complete, Furniture, Carpets, Rugs, Curtains, Cooking and Heating Stoves, in fact everything you need in an up-to-date home.
CASH OR CREDIT.

SUMMER RESORTS ON THE

G. R. & I.

"The Fishing Line."

The Passenger Department of the Grand Rapids & Indiana Railway has issued a 36-page booklet, entitled "Michigan in Summer," that contains 250 pictures of resorts in Northern Michigan. Interesting information is given about these popular resorts:

PETOSKEY — MACKINAC ISLAND
BAY VIEW — TRAVERSE CITY
HARBOR SPRINGS — NEAHTAWANTA
HARBOR POINT — OMENA
WEQUETONSING — NORTHPORT
ROARING BROOK — NORTHPORT POINT
EMMET BEACH — EDGEWOOD
WALLOON LAKE AND OTHER POINTS

It contains a list of hotels and boarding houses in Northern Michigan, with their rates by the day and week, and passenger fares from the principal points in the Middle West.

This booklet will be sent free upon request to C. L. LOCKWOOD, General Passenger and Ticket Agent, Grand Rapids, Mich.

The summer train schedule goes into effect June 30. Time cards and full information regarding connections, the "Northland Express" with cafe car service, will be sent, and assistance given to plan a comfortable trip via the

Grand Rapids & Indiana R'y.

Marion	34	47	.420
Columbus	28	54	.431

It was a mighty rocky road that "Doggie" and his men had to travel over yesterday and Walter Wilmot's Wanderers did the driving, which did not add any to the enjoyment of the ride. Taken altogether it was a very listless, unexciting and featureless game, utterly devoid of ginger and not altogether unmarked by several exhibitions of stupidity. The heat was excessive, to be sure, and the boys could not be much blamed if they were a trifle respectful of their own comfort in that glaring sun. Things began to act badly in the first inning in which Fricken gave a base on balls and F. Miller and Fuller made an error each, while Wilmot stole a base; this combination netted a run and the stuff was off right there. Fricken pitched five innings, during which but four hits were made off him, when he gave way to Mullin, who was trimmed for seven hits during the four innings that he pitched. The visitors were lucky in making hits when they were needed, while Fort Wayne could make hits only when they did not count for much. The visitors played a sharper game than the locals and won out clearly on their merits. Following is the score:

FORT WAYNE.

OTHER ASSOCIATION GAMES

MARION, 8; MATTHEWS, 0.

Marion, Ind., July 23.—Marion won from the Indianapolis wanderers yesterday by touching Case, recently of the Cincinnati National league team, for twelve hits. Yerkes, the local pitcher, allowed only four scattering hits. Score:

Marion .... 1 0 1 0 1 2 2 1 0—8
Matthews .. 0 0 0 0 0 0 0 0 0—0

Batteries—Yerkes, Cox and Kellner; Case and Williams. Hits—Marion, 12; Matthews, 4. Errors—Matthews, 4. Umpire—Hornung. Attendance—300.

WHEELING, 6; COLUMBUS, 2.

Wheeling, W. Va., July 23.—Columbus was helpless before Killen yesterday, while McMakin was found when hits were needed. Columbus played a poor fielding game. The feature of the game was the stop and catch of a fierce liner from News' bat by Shortstop Kane, of the Wheelings. Score:

Wheeling .. 1 2 0 0 1 0 2 0 *—6
Columbus .. 0 0 0 0 1 0 0 0 1—2

Batteries—Killen and Fox; McMackin and Zihram. Hits—Wheeling, 10; Columbus, 5. Errors—Wheeling, 3; Columbus, 5.

TOLEDO, 1; DAYTON, 2.

Toledo, O., July 23.—Pardee and Wright divided honrs in a pitchers' contest yesterday, but the Dayton players bunched hits and with the aid of errors won the game. Score:

Toledo ..... 0 0 0 0 0 0 1 0 0—1
Dayton 0 0 0 0 2 0 0 0 *2

Batteries—Pardee and Graffius; Wright and Cross. Hits—Toledo, 5; Dayton, 2. Errors—Toledo, 4; Dayton, 2.

BASE BALL NOTES.

Monte McFarland, released by Marion, has signed with Wilmot's aggregation and is playing center field.

Dr. Lowney, with Mansfield last season, is playing short for Little Rock, of the Southern association, this season.

By winning yesterday Grand Rapids jumped into first place, where it will in all probability remain unless the Dayton Old Soldiers beat them out.

Someone has finally located Matthews. It is located twelve miles in some direction from Muncie. Muncie is a village not far away from Fort Wayne, therefore Matthews can't be far off.

Eddie Zinram has released Carey, outfielder, and Talbot, pitcher, and the two will probably sign with Matthews. Ganley, released by Toledo, has signed with Columbus and will play in the outfield.

Gus Weyhing, who deserted Wilmot for Cleveland, and was released by that club, has wired Wilmot for his release, because he wants to sign with Cincinnati. Wilmot will not accommodate him, however.

Guese and the much touted Stimmel, of the disbanded Indianapolis club, who were sold to Cincinnati, have turned out to be gold bricks. In the games in which they have officiated both have been batted all over the lot.

Fort Wayne stands sixth in team batting average, having passed Marion in the past two weeks. In the averages up to July 1 Fort Wayne players had been to bat 2,700 times, making 690 hits, an average of .255. In the individual batting average Mullin leads the local bunch with a percentage of .340. He stands fifth on the list, a big gain over last week, and bids fair to land on top before long. Babb is the only other Fort Wayne player above the .300 mark, with an average of .303, a loss of six points. Nattress had made a gain of thirteen points.

THE MARKETS.

Chicago, July 23.—A panicky selling movement in corn, induced by reports of scattered showers in the west, caused a wide range of prices at the opening. September changed hands from 59c to 54½c, ⅝@⅞c to 4⅞@5c under yesterday's close. The general feeling was, however, that the rains were inconsequential and after the burst of unloading by nervous longs the market steadied under buying for the country account and September reacted to 57⅝c. Receipts were 288 cars. Bullish confidence was further restored by the weather forecast, which had nothing but dry weather to offer to the shriveled corn fields.

September wheat opened ⅜c to 1⅜c lower at 72c, then to 71c under the influence of disappointing cables, cooler weather in the spring wheat country and in sympathy with the corn break. Liquidations sent the market to 70⅝c within a few minutes. The corn rally, however, caused a quick change. September rallied to 72c and a general decline 71⅜c. Local receipts were 539 cars, 234 of contract grade. Northwest receipts were 225 cars against 290 last week and 226 a year ago.

Oats opened weak with corn, September selling ¼@⅝c higher to 3⅛@3¼c lower at 38½c to 35c during the first few seconds. Buying orders were plentiful, however, and a rally to 37¼c followed. Later the market under continued liquidation eased to 36½c. Receipts were 125 cars.

Provisions were quiet and prices irregular. September pork opened 17½c lower at $14.40 and sold to $14.60; September lard opened a shade higher at $8.70@8.72½, and September ribs 5c lower at $7.95, selling to $8.02½.

THE CLOSE.

Prices at the close were as follows:

Wheat—July, 69½c; Sept., 70⅜c, Oct., 71⅛c.

Corn—July, 53⅞c; Sept., 55¼@55⅜c.

Oats—July, 35⅝c; Sept., 35¾@35⅞c.

Pork—July, $14.27½; Sept., $14.47½; Oct., $14.42½; adn., $14.90.

Lard—July, $8.65; Sept., $8.70@8.72½; Oct, $8.72½; Nov., $8.70; Dec., $8.65; Jan., $7.60@7.62½.

Ribs—July, $7.82½; Sept., $7.97½; Oct., $8.00; Jan., $7.77½.

Flax—Cash N. W., $1.80; No. 1, $1.80; Sept., $1.70; Oct., $1.59.

CHICAGO LIVE STOCK.

Chicago, July 23.—Cattle—Receipts, 5,000, including 825 Texans; market steady. Good to prime steers, $5.45@6.00; poor to medium, $4.35@5.25; stockers and feeders, $2.40@4.40; cows, $2.80@4.65; heifers, $2.50@4.90; canners, $1.65@2.35; bulls, $2.50@4.50; calves, $2.75@6.00; Texas steers, $3.00@4.50.

Hogs—Receipts today, 18,000; tomorrow, 25,000; left over, 5,415. Market steady to 5c higher. Mixed and butchers, 5.80@6.05; good to choice heavy, $6.00@6.20; rough heavy, $5.65@5.95; light, $5.75@5.92½; bulk of sales, $5.90@5.95.

BUTTER, CHEESE AND EGGS.

Chicago, July 23.—Butter—Market strong; creameries, 14½@20c; dairies, 13@17c.

Cheese—Market steady, 9½@10½c.

Eggs—Market steady, 12½c.

THE DAY ON WALL STREET.

New York, July 23.—The London market this morning gave evidence of some distress on the part of the shorts in the American Grangers due to reports there of rains in the corn crop belt. Advances extended to as much as 4¼ in St. Paul. There was a rush to buy here at the opening inconsequence of St. Paul running up to the London parity. Five thousand shares of Union Pacific sold at 99 to 98½, compared with 96½ last night and 4,000 shares of Atchison at 71 to 71½, compared with 67½ last night. There were advances of 1 to 2 points also in Missouri Pacific, Southern Pacific, Rock Island, Texas and Pacific, Reading first preferred, Chicago Terminal Transfer preferred, Amalgamated Copper and Sugar. Missouri Pacific lost all of its gain on a few sales and St. Paul promptly reacted 2 points.

The rest of the market yielded in sympathy.

Prices melted away fast after the opening and the gains in the leaders were practically wiped out in a few minutes, St. Paul saving only a fraction. Missouri Pacific, Louisville and New York Central fell back below last night, the last named losing 1¼. On the rally Missouri Pacific and Southern Pacific rose above opening figures and Sugar extended its gain to 2½. Colorado Fuel gained 3 and Smelting 1¼. The market was easier again before 11 o'clock and dull.

The market fell into the hands of the professionals and was dull and sluggish yielding slightly at times and hardening slowly again. Prices were down grade at noon, but still above last night for the Grangers.

The bond market was dull and moved in a sympathy with stocks.

Railroad stocks had recovered to within a fraction of the high level and a sudden and heavy demand developed for the United States Steel stocks. The common was lifted 1¾ over the low point and the preferred 1⅞. Tennessee Coal also jumped 3⅜ over yesterday's close. Erie second preferred rose 2½. Realizing again met the advance.

After hanging suspended for a term prices rose buoyantly before 2 o'clock over the opening high level. Missouri Pacific and Union Pacific crossed par, the Grangers made the best prices of today all around. Other stocks moved in sympathy. Some heavy blocks were taken on the advance.

NEW YORK MARKETS.

New York, July 23.—Flour—Receipts, 36,017 bbls; sales, 4,700 pkgs; state and western market was quiet and unsettled, but no lower; winter straights, $3.25@3.50.

Wheat—Receipts, 212,650 bush; sales, 2,310,000 bush; market broke sharply under the collapse in corn, together with unloading and reported rains in the northwest. July, 77@77¼c; Sept., 75¾@77c; Oct., 76⅛c; Dec., 77⅛@78 11-16c.

Rye—Market quiet; state, 54@55c; No. 2 western, 62c, f. o. b. afloat.

Corn—Receipts, 54,000 bush; sales, 160,000 bush; market was demoralized and 3c lower through unloading based on report of good rains in Kansas and Nebraska. Sept., 59@60⅜c; Oct., 59¾@60½c; Dec., 59¼@61¼c.

Oats—Receipts, 208,300 bush; market was weak and lower on the rains with corn; track white, 42@48c.

Pork—Market steady; mess, $15.50@16.50; family, $16.50@17.00; short clear, $16.00@17.50.

Lard—Market steady; prime western steamed, $9.05.

Butter—Receipts, 15,203 pkgs; market strong; state dairy, 14@14½c; creamery, 15@19½c; factory, 14@15¼c; imitation creamery, 14@17c.

Cheese—Receipts, 12,155 pkgs; market firmer; fancy large colored, 9¼c; fancy large white, 9c; fancy small colored, 9⅜c; fancy small white, 9¼c.

Eggs—Receipts, 10,538 pkgs; market firm; state and Pennsylvania, 16@17c; western, candled, 14@15c, western, uncandled, 8@8½c.

Sugar—Raw, firm; fair refining, 3 9-16c; centrifugal, 96 test, 4 1-16c; molasses sugar, 3 5-16c; refined, steady; crushed, $5.95; powdered, $5.55; granulated, $5.45.

Coffee—Market dull; No. 7 Rio, 5 11-16c.

Molasses—Market quiet.

THE MONEY MARKET.

New York, July 23.—Money on call easier at 2½ per cent; prime mercantile paper, 4½@5 per cent; sterling exchange fairly steady with actual business in bankers' bills at $4.87½ for demand and at $4.84¼@4.85 for 60 days; posted rates, $4.86 and $4.88; commercial bills, $4.81@4.84½; silver certificates unquoted; bar silver, 58½c; Mexican dollars 46½c.

THE BOND MARKET.

New York, July 23.—Government bonds steady:

AN OFFICIAL VISIT

TRAFFIC MANAGER M'CABE INSPECTS PITTSBURG ROAD.

ELECTED NEW DIRECTORS

NORTHERN PACIFIC MAKES A DECIDED CHANGE.

MORE FINDLAY RUMORS

EASTERN SYNDICATE AFTER THE PROPERTY.

D. T. McCabe, freight traffic manager of the Pennsylvania, is making a thorough inspection of the lines west of Pittsburg, stopping at most all of the stations. He travels by special train and arrivd in this city shortly after noon today, coming from the west. He is now en route to Crestline, where his car will be picked up by one of the regular trains and brought back here and tomorrow morning he will go to Grand Rapids and commence an inspection of the Grand Rapids and Indiana road. On the western division of the Fort Wayne road Mr. McCabe is accompanied by William Borner, general western and division freight agent; Trainmaster J. F. Patterson and some of the other divison officers. Tomorrow Mr. Borner will make his regular inspection of the western division of the Fort Wayne, traveling westward by special train.

ELECTED NEW DIRECTORS.

New York, July 23.—At a meeting of the Northern Pacific Railroad company, held here today, the following new directors were elected in accordance with the recent letter of J. Pierpont Morgan: James J. Hill, E. H. Harriman, William Rockefeller, H. McK. Twombly and Samuel Rea. These gentlemen take the places of Edward D. Adams, R. M. Gallaway, Samuel Spencer, Dumont Clarke and Walter G. Oakman.

The new board in full is as follows: Robert Bacon, George F. Baker, Edward H. Harrisan, James J. Hill, Brayton Ives, D. Willis James, John S. Kennedy, Daniel S. Lamont, Charles S. Mellen, Samuel Rea, William Rockefeller, Charles Steele, James Stillman, Eben B. Thomas and Hamilton McK. Twombly.

The meeting at which this action was taken was very short. The directors adjourned immediately after the election of the new directors.

GRADE CROSSING DECISION.

The supreme court of the state of Michigan has handed down a decision on safety gates at railroad gate crossings with street railways which is of interest. The case is that of the Detroit, Fort Wayne and Belle Isle Railway company vs. the commissioner of railroads. The commissioner had ordered the construction of safety gates at the Clark avenue crossing of the tracks of the Union Terminal association, in the city of Detroit, with derails in the tracks of the street railway, both of which to be operated by a watchman in a tower, the expense of construction, maintenance and operation to be divided between the companies. The street railway company claimed that inasmuch as its line was built before the existence of the railroad it had secured a vested right which was not subject to legislative regulation, and that it could not legally be required to pay any portion of the expense of the appurtenances ordered by the commissioner. The court held that the state law makes it the duty of the commissioner of railroads to order such protection to the public at the crossings of steam and electric railways as in his judgment seems necessary, and to make a reasonable adjustment of the expenses between the companies affected. The commissioner was, therefore, sustained. One of the judges of the court filed a dissenting opinion, in which he took the ground that the use of a street by a street railway company is a strictly legitimate use, and that the street railway should no more be required to pay any part of the necessary expense for the protection of railroad crossings than any other travelers using vehicles on the street.

TRAVEL TO WINONA.

In addition to the usual travel to Winona, the Pennsylvania is doing a heavy extra business in that line today on account of the meeting of the Young People's Christian Union of the United Presbyterian church, which convenes there tomorrow. A special train, filled with delegates from Pittsburg and points east of that city, will pass through here bound for Winona about 5 o'clock this evening. Delegates traveling in special cars are coming from various other places also. The Grand Rapids and Indiana received a car load from the Panhandle at Richmond and turned them over to the Pennsylvania at this point and No. 11 will have two coachloads delivered at Mansfield by the Baltimore and Ohio road. A big party, picked up at Elkhart and Goshen will be delivered to the company at Warsaw by the Big Four road.

MR. HAYS COMING EAST.

San Francisco, July 23.—Charles M. Hays, president of the Southern Pacific company, has departed for the east for a conference with E. H. Harriman and J. C. Stubbs. It is announced in the general office of the company that among the important matters to be considered at the approaching meeting is the proposed Ogden-Lucien cut-off and other proposed improvements on the line. Successors are to be appointed to C. W. Bein, traffic manager of the Southern Pacific east of El Paso, who recently died, and Edwin Hawley, assistant general traffic manager of the company in New York, who has resigned, and it is presumed that President Hayes will consult with General Traffic Manager J. C. Stubbs before these places are filled.

CONCERNING THE FINDLAY.

In an item concerning the probable future of the Findlay, Fort Wayne and Western road, in which the statement is made that the Vanderbilts are furnishing the money for the terminal extensions of the line at Toledo, the Findlay Republican says: "It is not thought here that the Clover Leaf is purchasing the Findlay road, but that some New York people with whom Mr. Norton is associated are about to purchase the property. In that event, Mr. Norton would step out of the management of the Clover Leaf into that of the Findlay road."

INDUSTRIAL NOTES.

Ira Platter, Grand Rapids brakeman, is sick and off duty.

Charles Lamley has taken a position at the Bass 'smith shops.

The Panhandle is building at its shops in Columbus fourteen new coaches.

Joseph Trentman has resigned his position in the laboratory at the Electric works.

George Platts, of the Electric works, went to Rome City yesterday for a week's outing.

T. W. Bauer, of the Electric works, has returned home after a two weeks' visit in the east.

After an illness of two weeks F. A. Weigand, a tinner, resumed work in the Pittsburg shops this morning.

The big steam hammer over which William Lehmkuler presides, at the Bass shops, has closed down for repairs.

Stuart Rehrer, of the Electric works, and his family have returned from a visit with relatives at Lagonier.

G. Zeigler resumed his duties at the lumber yards of Rhinesmith & Simonson this morning, after a brief illness.

Stephen Brown, master mechanic at the Bass foundry, resumed work this morning after a week spent at Rome City.

Daniel Benz, tally clerk at the Pittsburg freight house, and his family have gone to Lagrange, Ind., to visit friends.

It is said that the New York Central is taking the preparatory steps toward obtaining an independent entrance into Montreal.

Mrs. Canniff, the aged mother of Nickel Plate President W. H. Canniff, was buried at her home in Clayton, Mich., last Saturday.

A little accident to the boiler yesterday delayed work at the Indiana Road Machine works for several hours. The packing at the manhole blew out.

Frank J. Kelker, clerk in the motive power offices of the Pennsylvania, is preparing for a trip to Buffalo, N. Y., and Pittsburg. He expects to remain there about ten days.

Robert J. Ringwaldt, chief clerk to E. T. Poselthwaite, assistant to President Cassatt, of the Pennsylvania, road, died last week from the effects of an operation for appendicitis.

The Hanna street pavement is completed from Creighton avenue to Masterson avenue, four squares, and will be completed as far as the Pittsburg and Wabash tracks this week.

Foreman Harvey H. Brown, of the car supply department of the Bass foundry, and his wife and daughter, Miss Nettie Brown, have returned from the Pan-American exposition.

It is given out that the Association of American Locomotive Builders will at once begin a war on the Baldwin locomotive works, which declines to become a member of the organization.

Foreman C. F. Knothe, of the machine department at the Electric works, is off duty on account of sickness. He was taken ill while on the Turnverein excursion to Cedar Point Sunday.

Norwalk Reflector: "The Lake Shore railroad is now greatly in need of section men, as a glance at the grass grown tracks will testify. The section wages, $1.25 per day, are not very tempting, when the electric railroads hereabouts are paying $1.75. The gang which has charge of the section in which the Norwalk yards are included, has dwindled down to one man and a foreman."

Oscar Walters, who was taken sick on the Fourth, and F. Hoeppner, who was taken sick a week ago, have recovered and this morning were able to resume their duties at the Pittsburg round house.

Harvey Thomas and Fred Dobberkau, Pittsburg car builders, and George E. Horton, yard brakeman, are off duty on account of sickness. Ira B. Croy, a shop hand, is off duty on account of an accident.

M. VanBuskirk, formerly a Nickel Plate conductor, died at his home in Packertown, Pa., July 16. The remains were taken to Cleveland for interment. He was well known to the older employes of the road.

Among the sick employes not already reported by The Sentinel are Charles Miller, John Sullivan, W. S. Wells, George Scheid, J. H. Cody, L. O. Starr, Harry Geerkens and J. J. O'Neil. All work in the Pittsburg shops.

Champion chemical fire extinquishing apparatus is being placed in the offices of Master Mechanic B. Fitzpatrick, Road Foreman C. R. Colmey, Shop Clerk J. H. Hobrock and Freight Agent E. H. Kirkland, of the Pittsburg.

Matt Baches, foreman of the Pennsylvania company's boiler shops at Wellsville, is in the city for a two or three days' visit with relatives before he returns to Wellsville. He has been fishing at Rome City for six or eight days.

Passenger Engineer W. H. Hilliker, of the Pittsburg, reported for duty this morning and will take his place at the throttle of an engine pulling trains 9 and 18. Mr. Hilliker has been at Greenwich, O., where he buried his father a few days ago.

The Nickel Plate will have two special trains through this city some time tonight or tomorrow morning, carrying 400 members of the Fighth regiment of United States soldiers and their horses and baggage. The soldiers come from Fort Ethan Allen, in Vermont.

Yardmaster W. F. Watterson of the Nickel Plate, has taken a vacation, which he will spend at the Pan-American exposition. He left for that city this morning. During Mr Watterson's absence, Charles Lyons, the night yardmaster, will look after affairs during the day time.

A drawbar dropping to the tracks caused an accident at Collins, on the Eel River branch of the Wabash, Sunday night, which blocked the tracks for two or three hours. Two cars and a caboose were derailed and the tracks were torn up for the distance of two hundred feet.

The Panhandle now has eleven crews engaged at Hartford City and Dunkirk in the work of of raising the grade at those points. Two big steam shovels are in service and the construction work is being pushed as rapidly as possible, but it will be far into the fall before it is completed.

E. H. Kirkland, freight agent of the Pennsylvania, finds his clerical force somewhat crippled today by sickness in the ranks. Among the absentees on this account are Chief Clerk C. M. Jones, Expense Clerk William Scherer, Bill Clerk E. M Kelty and Tally Clerk L. L. Gloyd.

Assistant Master Mechanic John Dalman and H. S. Borhek, draughtsman, of the Pittsburg, had as a guest yesterday their college friend, E. U. Gibbs, who is now representing a Dayton manufacturing establishment on the road. The gentlemen were members of the Lehigh graduating class several years ago.

R. D. Smith, proprietor of the Forest Review, returned to his home this morning, after a short visit with his father-in-law, A. T. West, of the Pennsylvania train dispatcher's office. Mrs. Smith will remain here with her father for several weeks. Mr. Smith has sold his newspaper property and will give possession of it August 1. He may then come to Fort Wayne to reside. He was in the Spanish-American war, being a captain in the Second Ohio infantry.

A. C. Davis, Thomas Cook and O. P. Reese, who were engaged in making coal and water tests with a large compound engine on the eastern division of the Fort Wayne road, have completed the work and returned home. A part of the duties of the gentlemen was to sit upon a seat erected upon the steam chest and watch the steam indicator. The intense heat made this duty very disagreeable and no doubt the men are glad that the tests have been completed.

The material for changing two large culverts near Upper Sandusky from open to closed floor bridges was forwarded today and carpenters will go there in a day or two to do the work. Contractor H. W. Tapp is doing the stone work. Other improvements occupying the attention of the bridge and building department of the Pittsburg are the rebuilding of two new cattle yards on division C, a new floor in the Lima freight house and ventilators on the roof of the power station at the shops.

The statement of Chief Engineer E. H. McHenry regarding his reasons for resigning his position with the Northern Pacific company, demonstrates the power James J. Hill has become in the affairs of that road. Mr. McHenry says: "I do not resign to take a better position, nor for rest, nor because I was asked, nor for many other possible reasons. I resign because in trying to figure out the problem of grade reductions I found a hill which could not be overcome."

Jack Sullivan, the man who had his legs crushed by the wheels of a Lake Erie and Western train, which he attempted to get aboard at Montpelier a week ago last Saturday while it was in motion, is getting along first-rate at St. Joseph hospital. Both legs were amputated, one above and the other below the knee. Con Sullivan, of Lima, a brother of the unfortunate man, has returned home after a visit to his brother. Jack Sullivan will be taken to Lima as soon as he is able to travel.

Columbia City Post: "Some difficulty arose Monday morning between the roadmaster and a foreman of a floating gang doing filling at the new bridge on the Pitsburgr road east of this city. The foreman was finally discharged, and the men under him told the roadmaster to reconsider or all would leave the work. The roadmaster held that he was right and all were soon on their way to this place. The men were all from Bourbon with the exception of one, and that was Joseph Bechtold, of this city. The workmen say their foreman was not to blame for the trouble."

TRADES COUNCIL MEETING.

Considerable routine business was transacted last evening at the meeting of the Trades and Labor council. The organization committee reported the formation of a union among the laundry workers and beer bottlers. The sum of $350.25, realized from the labor fair, was ordered turned over to the Labor day committee to assist in defraying the Labor day expenses. The council purchased $15 worth of tickets for the waist factory girls' ice cream social Friday night. A committee consisting of Gart Shober, Henry Cohen and J. C. Mitchell was appointed to call on dealers in hats and request that they cease handling a non-union make of headgear. Attorney Henry Colerick submitted an opinion on the law requiring that twenty cents an hour be paid public employes, holding that it was valid.

Mrs. Julia Linthurst, Mrs. Belle Reese and Charles Cole, of Philadelphia, are guests of their nephew, William P. Bartley, of East Creighton avenue.

The West Creighton avenue Church of Christ will give an ice cream social at 271 West Creighton avenue Thursday evening. Music will be furnished by Casso's orchestra.

A broken trolley wire last night created more or less consternation at the corner of Clinton and Main streets. Several bicycle riders narrowly escaped being struck by the playfully dangling wire. No damage was done.

Dr. and Mrs. E. F. Wagner, Mr and Mrs. Anselm Fuelber and son, Master Otto Fuelber; Mrs. Enoch Cox and Miss Ethel Cox have returned from Lake George, where they spent a week in a cottage. The cottage was a little short on sleeping apartments and Dr. Wagner and Mr. Fuelber jointly occupied a canvas cot in the kitchen, scarcely wide enough for one. The second night the tacks at the ends of the canvas pulled out and when Dr. Wagner awoke in the morning he was lying on the side rail, while his bedfellow, bent in the middle, was hanging over the cross piece of the cot after the style of a Monday morning wash on a clothes line. Then another bed, constructed out of soap boxes, was provided and the doctor and the editor rested better during the remainder of their stay at the lake. Mr. Fuelber resumed the duties of city editor of the Staats Zeitung this morning.

CURRANTS, RASPBERRIES.

THREW OUT THE ONLY BID

WATERWORKS BOARD ACTS ON AIR-LIFT MATTER.

New Plans to be Prepared and Bids Readvertised for—A Warm —Time—City Hall News.

The waterworks trustees met last evening to consider the Bass bid for the installation of an air lift plant at the northside station, pusuant to the adjournment taken, when the bids were opened on the 11th of this month. There was considerable acrimonious discussion between Engineer Hoit, employed by the city and Mr. Murray, representing the Shaw-Kendall company. It was charged that the specifications were so prepared by Mr. Hoit as to disbar any one but the Bass people from bidding on the work. Mr. Hoit defended himself and said that at the suggestion of Mr. Murray changes had been made in the specifications so as to admit a bid from his company. Mr. Hosey and Mr. Borkenstine, of the council committee, were of the opinion that the specifications were too close and that not sufficient time had been given manufacturers generally to prepare and submit bids. The session was a long one and the trustees finally concluded to throw out the bid and readvertise, and Mr. Hoit was instructed to prepare new plans and specifications covering a wider field and giving more opportunity for competitive bidding. This Mr. Hoit will be obliged to do at his own expense, in accordance with his original contract with the trustees. No time was set for the presentation of these plans, but they are to be pushed as rapidly as is consistent and at the next opening of bids a much larger field of competitors is expected.

ABOUT THE CITY HALL.

Residents along the line of the street car track on Spy Run avenue have lodged a complaint at the city hall protesting against the action of the street car company in refusing or neglecting to sprinkle the street between the rails. The street is very dusty and the passing of cars in one direction or the other almost every minute leaves the street covered with a cloud of dust from morning to night, to the great annoyance of the people living there. As the district is without the city limits the complaints were referred to the county commissioners, who will be in session tomorrow.

A committee from Taylor street called at the board of works office this morning to protest against the action of the sewer contractors on that street in using engines without smokestacks on the work. One gentleman complained that the use of these stackless engines ruined several trees for him last year and that prospects were favorable for the ruination of several more this year. Aside from that, he said, the smoke from the burning fuel drifted right through their windows and front doors, ruined walls and furniture and created an unendurable nuisance. The committee stated that it was not the desire of the neighborhood to resort to drastic measures whereby the progress of the sewer building would be retarded, but that unless some arrangement was made at once to abate the nuisance by the placing of high smokestacks, they would commence injunction proceedings in the morning, as well as suits for damages. The people in the vicinity seem to be very much in earnest and unless the board will give them some assurance before night, the proceedings may be instituted in the morning.

Gustave Lindeman has been granted a permit to erect a frame house on Hough street, at a cost of $800, and G. W. Williams has been granted a similar permit to erect a house on Walton avenue, at a cost of $1,100.

The street and park forces were paid today.

A new case of scarlet fever has been reported at 316 Buchanan street.

RESTS AT LINDENWOOD.

Rev. George E. Luke, who was called to the city to conduct the funeral services of James E. Lonergan, for many years foreman of The Sentinel bindery, returned today to his home at Elkhart. The service was held at Bethany Presbyterian church and the pastor, Rev. J. C. Breckinridge, assisted in the services. The casket was literally hidden beneath a wealth of most beautiful floral tributes and the large audience present, as well as the hundreds who followed the remains to Lindenwood, attested the regard and esteem in which Mr. Lonergan had been held. Ritualistic services of the A. O. U. W. were conducted at Lindenwood and the casket was deposited in the receiving vault there. The interment will occur some weeks later.

Mrs Will Brackenridge has gone to Buffalo to visit the exposition. She will spend two months at the seashore.

ESTABLISHED 1833. FORT WAYNE, IND., TUESDAY, JULY 23, 1901. PRICE TWO CENTS

LOOK FOR A COUP BY THE TRUST

Amalgamated Officials Show Uneasiness Over the Situation---Danger Point Near at Hand---A Trust Statement.

Pittsburg, July 23.—The leaders of the Amalgamated Association are evidently expecting some coup by the combine, and while there exists confidence in the strength of their organization, there is an undercurrent of uneasiness. Heretofore the strike has been plain sailing, but there is an impression that the gage of battle thrown down at McKeesport is about to be taken up in no uncertain fashion. Asssistant Secretary M. F. Tige said today:

"Reasoning purely along the lines of former strikes, it does not seem unlikely that the trust may try to start painters or even more mills with non-union men, as a preliminary test of strength, but I do not think it will be successful. If such a thing is tried, of course, the police will figure as guards. There the danger lies."

Manufacturers who are conversant with the situation declare that the workers will soon weaken, and that the United States Steel corporation is waiting until the men are ready to go to work. The following statement on the situation was issued:

"The Amalgamated association overshot the mark in making its demands. The United States Steel corporation made liberal concessions in offering to sign the scale for the Wood, Wellsville, Old Meadow and Saltzburg plants, but the Amalgamated conferees were unwilling to accept this. The strike has gone too far now. There is no hope for arbitration or mediation. There is nothing to arbitrate. It is not a question of wages or hours. Such questions could be settled by arbitration. The struggle now is over a principle. The manufacturers think it unjust. The labor officials are firm in their belief that the demand is fair. Both sides are unyielding. So what is there to do but fight it out along these lines?"

NO NEW PHASES.

Pittsburg, Pa., July 23.—The strike situation presents practically no new phases this morning and it appears now as if the contending forces are settling down to a protracted struggle.

While the company at the Wellsville mill received the accession of a few men from the ranks of the strikers yesterday, the number is not yet large enough to justify the mill in starting up in full.

In the meantime the Amalgamated men are keeping a constant watch upon the mill and all the avenues that lead to it. Pickets have been thrown out along the streets and at the railroad stations, so that nothing will escape the vigilance of the strikers, if the company should bring any new men in.

STRIKERS ARE WARY.

At the Dewes-Woods mill, in McKeesport, everything is as before. From unofficial sources, believed to be conversant with the company's plan, it is said the management have no intention of resuming the operation of the plant at present. Nevertheless, the strikers are wary and evidently do not believe this, because they continue to patrol the streets for the purpose of keeping their eyes on any one going towards the mill. Pickets are lined along the streets as well as the river front, and strangers are kindly but firmly asked to show

(Continued on Second Page.)

MARVELOUS GROWTH OF THE ELKS

Milwaukee, Wis., July 23.—Members of the Benevolent and Protective Order of Elks crowded Pabst theater today when the grand lodge convention was called to order.

Mayor Rose welcomed the guests, to whom he extended the freedom of the city. Judge Jerome K. Fisher, grand exalted ruler, responded.

A secret session was held this afternoon. Grand Exalted Ruler Fisher presented his report, which showed that during the past year 113 new dispensations had been granted and that there now are 725 lodges, having a membership of 96,000, an increase since the last convention of 33 1-3 per cent. The order had contributed $17,041 to the Galveston fund. The financial condition of the grand lodge showed a balance in the treasury of $30,000.

Senator Clapp, of Minnesota, spoke at length on fraternal organizations. Election of Grand Exalted Ruler Fisher's successor is due to come up late in the afternoon.

A parade of military and civic societies also was given this afternoon.

NO RELIEF FOR HEAT STRICKEN

While Showers Have Fallen in Some Places in the Southwest, the Weather Bureau Holds Out No Promise.

Washington, July 23.—The weather bureau officials find nothing in the climatological conditions to justify in predicting a change of temperature in the heated section of the country. The principal bureau stations in the middle Mississippi valley generally reported somewhat lower temperature at 7 o'clock today, but the forecasters say that this change is in all probability only temporary and might have been caused by a slight variation of the wind. "There is absolutely no permanent change in prospect," they say. In St. Louis at 7 o'clock this morning the official thermometer showed a decline of six degrees since the same hour yesterday, registering 80 degrees. Kansas City also registered 80 degrees, a loss of four; Omaha 82, which is two degrees lower than yesterday; Springfield, Ill., 74, a drop of ten degrees. Louisville registered 8 degrees, an increase of four. Cincinnati with 78 degrees and Chicago with 74 made no change from the same hour yesterday. The indications are for continued hot weather in Washington and vicinity.

SHOWERS AT SOME POINTS.

Kansas City, Mo., July 23.—Light, scattered showers are reported as having fallen late yesterday and last night in northwestern Missouri, eastern Kansas, Arkansas and northern Texas, but at no point, it is believed, was the fall sufficient to cause permanent good.

In Kansas City the temperature was 82 at 11 a. m., slightly lower than yesterday, but with indications for fair and continued warmer weather in this part of the country. The rain reported in Kansas for the past twelve hours takes in seven counties in the eastern part of the state, from Atchison down to the Oklahoma line. At Parsons it was the first of any consequence in seven weeks. At Independence, on the Oklahoma line, there was a regular down-pour. Some hail fell, but not enough to do any damage. At Muscotah the precipitation is estimated at half an inch and the farmers are jubilant. At Lawrence rain was expected but failed to materialize and the mercury remained above 80 all night.

ONE COOL SPOT.

Louisville, Ky., July 23.—C. L. Stone, general passenger agent of the Louisville and Nashville railroad, received a dispatch from the Mammoth cave today saying that the temperature there is only 55, compared with 100 or above generally throughout the south and west.

Louisville, Ky., July 23.—At noon the mercury recorded 96 degrees.

PLEASANT IN CHICAGO.

Chicago, July 23.—In Chicago and vicinity, owing to the lake breeze, the temperature continued moderate today.

MANY DIE IN OMAHA.

Omaha, Neb., July 23.—With a record of nine deaths and thirteen prostrations for Omaha and vicinity for the last thirty-six hours, today opened with a clouded sky and the mercury registered 82 at 7 a. m.

FIVE DEATHS IN PITTSBURG.

Pittsburg, Pa., July 23.—Five deaths and twelve prostrations are the result of the high temperature and excessive humidity of the past forty-eight hours. At Homestead 200 men were forced to quit work, and four, who were prostrated, are in a critical condition.

Last night's storm perceptibly cooled the atmosphere, and at noon today the thermometer registered 83 degrees, as against 90 degrees the same hour yesterday.

MANY DIE OF HEAT.

St. Louis, July 23.—During the past twenty-four hours twelve deaths from the heat and many prostrations have been reported. After insufferable heat throughout the night a cool breeze sprang up this morning and at 10 a. m. the mercury registered 92, as compared with 100 yesterday.

At 1:30 p. m. the temperature was 103, three degrees lower than yesterday.

TO RESTRAIN TOM JOHNSON

INJUNCTION IS ISSUED BY CLEVELAND JUDGE.

Little Consolidated Railway Does Not Want Its Tax Valuation Raised by Review Board.

Cleveland, Ohio, July 23.—Judge Ford, of the common pleas court, today issued an injunction restraining the city annual board of equalization from increasing the tax value of the Cleveland Electric Railway company, otherwise known as the Big Consolidated company, above the figures returned by the officials of that corporation. The petition for the injunction was filed by the attorneys for the street railway company.

The board of equalization, it is said, was about to raise the tax valuation of the Big Consolidated company by several millions of dollars. The street railway alleged in its petition that Mayor Johnson induced five members of the board of equalization to resign several months ago so he could appoint men of his choice. These new members were influenced by the mayor, it was charged, to act in an unusual and unfair manner by equalizing the tax values of corporations.

B. Y. P. U. HOSTS GATHER.

Chicago, July 23.—Delegates to the eleventh annual convention of the International Baptist Young Peoples' Union of America, which begins here tomorrow, began to arrive this afternoon. Officials of the union assert that by tomorrow night there will be from 15,000 to 20,000 registrations. Tomorrow will be devoted to reunions for the most part, the regular session not beginning until Thursday, when services of prayer and praise, and singing by an immense chorus, the convention will be officially opened at the Coliseum. Morning, afternoon and evening sessions will be held each day until Sunday night, when the exodus for home will begin. At each session, besides religious services, there will be addresses by prominent speakers of the Baptist church from all parts of the country.

THE KING'S QUEER WORDS.

London, July 23.—Much gossip in American and English society has been caused by the presentation to King Edward yesterday by some American ladies of the hospital ship Maine committee of a medal commemorative of the Maine's work, with a request that the king transmit the medal to Queen Alexandra. It seems that the idea was opposed by a number of influential members of the committee on the ground that the king did not want the medal, but the others carried the day.

The king's reply to the delegation which made the presentation is causing some comment, as he thanked "this American committee" for their "loyal, dutiful sentiments," as he did the Kansas legislature in answering their telegram of condolence on the queen's death and as he also thanked the committee for bringing their valuable services to a culmination by presenting the ship to the government, whereas this was done solely by Bernard M. Baker, of Baltimore.

BIRTH RECORD.

Born, to Mr. and Mrs. William Busse, of Force street—a son.

Born, to Mr. and Mrs. William F. Koontz, of Walton avenue—a daughter.

BANK STATEMENTS CALLED.

Washington, July 23.—The comptroller of the currency has issued a call for the condition of national banks on Monday, July 15, 1901.

SOLDIERS IN CAMP

EXTREME HEAT CAUSED MANY PROSTRATIONS.

FORT WAYNE BOYS VICTIMS

DRILLS DISPENSED WITH ON ACCOUNT OF HEAT.

CAPTAIN RANKE IN COMMAND

GOSSIP ABOUT THE CAMP OF INSTRUCTION.

[Special to The Sentinel.]

Indianapolis, Ind., July 23.—The excessive heat yesterday proved a severe trial for the soldiers of the Indiana national guard at the camp of instruction in this city, and despite the care exercised at least thirty prostrations were reported. Among these were:

Major A. D. Schanz, commanding artillery battalion.

Albert Cramer, battery B, Fort Wayne.

Charles Smith, battery C, Attica.

James Lockridge, hospital corps.

Carl Angstadt, company G, Third regiment, Tipton.

J. Smith, company B, First regiment, Terre Haute.

F. L. Snyder, company D, First regiment.

A. Everett, company D, First regiment.

C. F. Meyer, battery C, Attica.

Joseph Sherrick, battery B, Fort Wayne.

None of them proved serious, however, and the hospital corps did efficient work in reviving the prostrated men.

George Hannaway, company A, Third regiment (Monticello), was seriously injured last evening in a friendly scuffling bout with other soldiers in the company street. Hannaway is under the care of the regimental surgeon, Dr. W. W. Barnett, of Fort Wayne.

CAPTAIN RANKE COMMANDS.

Capt. W. F. Ranke, of battery B, Fort Wayne, assumed command of the artillery battalion when Major Schanz was stricken.

General McKee issued an order early yesterday morning requesting the surgeons and the commanding officers of the regiments to take every precaution to prevent any of the soldiers from becoming overheated, and accordingly the battalion drill in the morning, the regimental drill in the afternoon and the regimental parade in the evening were omitted.

The guards in all the regiments were also instructed to remain in the shade as much as possible, and the number of men on guard was decreased. In all of the regiments the men on duty hardly ventured away from the guard house.

At 8:15 o'clock yesterday morning Governor Durbin and Adjutant General Ward made an inspection of the guard mounting of the Third and First regiments. The governor had a short talk with the guards at the guard houses, instructing them in regard to their duties and impressing upon them the responsibilities attached to them.

At the conclusion of the dress parade last evening Lieutenant Colonel Bowman, of the Third regiment, took his entire regiment over to Fall creek for a pleasant swim. This the boys thoroughly appreciated.

Last evening at 6 o'clock Governor Durbin entertained Senator and Mrs. Fairbanks and the members of the governor's staff at dinner in his handsome mess quarters south of Quartermaster Foster's quarters.

Hospital Steward Longfield, of the Third regiment, was put in the guard house Sunday night for being out of camp without permission.

Everybody in the Third regiment is loud in his praise of Chaplain Medbury, who gets right down with the fellows and helps attend to their wants. He is the most popular man in the camp.

Albert Overly, battery B, Fort Wayne, received a dispatch last evening that his mother was dying. He left immediately for home by permission of Captain Ranke.

The second examination held by the examining board was held last night at headquarters of battery A. Captain Callon presided. Lieutenant Otto and Sergeant J. Smith, both of battery C, Attica, were candidates for promotion. Lieut. O. S. Jones, battery B, Fort Wayne; Sergt. R. E. Smith, battery C, Attica; Lieut. William F. Meyers, battery B, are yet to be examined subject to the order of Captain Callon, president of the examining board.

HONORS HIS NATIVE CITY.

Montclair, N. J., July 23.—The celebration of the Caldwell fire department on August 3 will be an event memorable in the history of Caldwell. Former President Grover Cleveland has promised to participate. When it is remembered that Mr. Cleveland first saw the light in the quaint town of Caldwell on March 18, 1837, the importance of the visit can be better understood. This will be his first visit since his father, Rev. Richard Talley Cleveland, resigned the pastorate of the Presbyterian church in the fall of 1840. Since that time Grover Cleveland has steadfastly refrained from visiting the scenes of his childhood, declining all invitations to participate in any celebrations conducted in or near Caldwell. This will be the first time Cleveland ever did anything for his native city.

IT WAS A FIGHT, NOT A FIRE

PEDESTRIAN SIMPLY GOT HIS CRIES MIXED.

Pugilistic Disturbance on Eliza Street Results in Bringing Out the Fire Department.

Comedy succeeded melodrama on Eliza street this morning, for when the fire department made a quick response to an alarm from box 29 at 7:54 o'clock today the firemen found a fight instead of a fire, and they returned to the engine houses, beaming with a large assortment of smiles.

It appears that a hot time in an Eliza street home started early today, and in the course of the fracas there was a plentiful exchange of smashed furniture, together with other compliments between the combatants. The trouble soon attracted some attention in the neighborhood and some excited individual yelled "fight."

Another well-meaning individual, hearing the cry, interpretated it as "fire," and running to the corner of Ohio and Eliza streets, he pulled the fire alarm box at that point. In an incredibly short time engine companies 2, 3 and 4 came tearing up at a terrific pace and this brought out pretty nearly all the remaining population, who were not aware of a fire in the vicinity. During the excitement the persons engaged in the original quarrel which had caused the furor subsided and the incident closed quickly.

TO BE GOVERNOR OF PORTO RICO

Washington, July 23.—William H. Hunt, the present secretary of Porto Rico, has been selected to succeed Governor Charles H. Allen upon the retirement of the latter from the insular government. Governor Allen brought with him to Boston all of his household effects when he came from San Juan and he does not expect to return to Porto Rico. The formal announcement of the selection of Governor Hunt is withheld until the regular appointment is made, and this cannot be before the expiration of the leave of Governor Allen next September. William H. Hunt was born in New Orleans, La., November 5, 1857, and is the fourth son of the late William Henry Hunt, of Louisiana, who was secretary of the navy in the cabinets of Presidents Garfield and Arthur and minister to Russia.

BOIL CITY WATER BEFORE USING.

Canal water is being pumped through the city mains to consumers. Unless boiled it is unfit to drink. Do not neglect this precaution if compelled to rely on city water for household use. Boiling will destroy all organic impurities and make the water safe to use. Do not drink any city water that has not been boiled or thoroughly filtered.

TO WAGE WAR ON MOSQUITOES.

New York, July 23.—The health officer of the port, Dr. Doty, has decided to take hold of the mosquito question in Staten Island and attempt the extermination of the pests. A part of the island adjacent to the quarantine station has been selected for the test.

Supt. J. N. Study and family returned today from a stay at Saratoga and other eastern points.

CANAL WATER IN THE CITY MAINS

Danger of Collapse of Reservoir and Fear of Conflagration Cause Drastic Action by Waterworks Trustees.

Canal water, murky and impure, is again coursing through the mains of the Fort Wayne waterworks system. The muddy stream was turned into the pipes today noon. Failing supply from wells and imminent danger of collapse of the big reservoir, with attendant great loss and the multiplied dangers of conflagration should fire get a start, moved the board of waterworks trustees today to take this extreme and most unpopular course.

The hopeful picture presented by the waterworks trustees yesterday afternoon was speedily obscured by the disappointment incident to the failure of the million gallon Dean pump which was connected last evening and which failed soon after connection. The pump was attached to the four-foot well on Spy Run on the park side, immediately in the rear of the Reuss residence. The pump worked beautifully as long as there was any water to draw on, but the supply was soon exhausted, and when the vacuum was produced the suction pipe collapsed and the experiment was over. Investigation showed that it would be a waste of time to make any further attempts to get water through that source and the fires under the boiler were drawn. The Centlivre pump, which was expected to be connected some time during the night, also failed to be placed in readiness and no supply was obtainable from that source. This morning the trustees were confronted with the most serious problem of the year. The water in the reservoir had gone down to seventeen feet low at midnight and with every ounce of water obtainable being forced through the main, a gain of only six and one-half feet could be made during the night, the level being ten and a half feet low this morning. The capacity of the reservoir growing less as the level is reduced the trustees believed that unless immediate relief was secured the water would be thirty feet low by noon and that it would mean nothing less than ruin. As it is the reservoir shows great cracks, an inch and a half wide, and with a decrease of the water level a collapse, it was thought, would be inevitable. In case of conflagration there would not have been water enough to run half an hour, and immediate action was felt to be necessary. A hurried consultation was held and then the mayor was called into council. It was quickly decided that, repugnant as the remedy was, there was no other than to call on the feeder canal for safety. Arrangements were made to turn the water from the feeder reservoir into the filtering basin and thus secure water to guard against any possible contingency. Men were immediately put to work to make the connection which had been taken out, and at a few minutes before noon the valve was turned and a steady stream was poured into the basin. From there it is siphoned into the big pumping well, from which it is forced into the mains.

At 1 o'clock today the north side station was pumping at the rate of 3,000,000 gallons per twenty-four hours. Of this quantity of water, 1,800,000 was from deep wells raised by the air-lift system, and the balance was from the gravel wells and canal supply. All of it, of course, is

(Continued on Fifth Page.)

PROF. KOCH SHATTERS OLD NOTION

New York, July 23.—Professor Koch, of Berlin, will announce, says a Herald dispatch from London, his discovery that bovine tuberculosis is not transmissible to the human system. The famous bacteriologist, in an interview, authorized the statement that he has demonstrated that meat and milk tuberculosis infected cattle may be consumed with absolute impunity.

Dr. Allen T. Haight, of Chicago, the official representative of the American Medical association, said: "If I had not heard Professor Koch quietly announce his discovery in private conversation it would have seemed to me absolutely incredible. I can only say that Dr. Koch is too profound a student and has too much reputation at stake to promulgate such a proposition unless convinced of its soundness beyond the shadow of a doubt. If he is able theoretically to demonstrate his claims, the sanitary systems of the world will be shaken to the very roots. The word revolution but faintly expresses what the discovery will precipitate."

English experts talked of the theory with mingled astonishment and contempt, and asserted that the German professor would encounter stubborn debate and learned disproof of his "mad idea."

Dr. Reynolds, health commissioner of Chicago, when informed of Professor Koch's theory, said:

"The discovery is certainly of the highest importance, and especially in regard to milk. As far as meat is concerned I never believed it contained elements of danger when cooked, and therefore the announcement has comparatively less significance for the civilized peoples of the world. As to milk taken in its natural state it is a different proposition. While probably nobody is desirous of drinking the milk of tuberculosis cows, yet a great boon would be assured if it can be consumed with impunity."

HOME FROM EUROPE.

Fred Shoaff, Miss Irma Seavey, Miss Mary Moffat and Miss Shoaff, who have been touring Europe several months, landed in New York last evening, arriving on the steamer Missaba from Liverpool. The party will reach Fort Wayne at 4:30 tomorrow afternoon over the Nickel Plate.

AMERICAN DIES IN LONDON.

London, July 23.—Howard E. Case, an American, prominent in Paris and New York, died suddenly at Lancaster today. Mr. Case, who had been in England a couple of months, has been under the care of physicians who have been treating him for heart disease. His death is attributed to syncope. Mr. Case came from New York state, it is believed from Geneva. He lived with his mother in Paris and is said to have been engaged to be married to Miss Irving, a niece of Mrs. Griswold Gray, of New York.

BOERS MUST FIGHT ALONE.

Cape Town, July 23.—It is reported that General Delarey has informed the Klerksdorp commando that there is no longer any chance of European intervention and that they must fight the war out to the bitter end entirely on their own account.

OIL VESSEL BLOWN UP; MANY DEAD

Cargo of Petroleum on American Steamer Explodes at Stockholm Killing Captain, Ten of Crew and Five Others.

Stockholm, Sweden, July 23.—An explosion today of petroleum on board the American schooner Louise Adelaide, Captain Orr, which left Philadelphia April 24 and Portland, Me., June 4, for Stockholm, in the harbor here, resulted in the death of Captain Orr, ten members of the schooner's crew, four Swedish customs officers and the Brazilian consul. Two of the Louise Adelaide's crew were saved. The explosion set the schooner afire and the blazing petroleum enveloped the vessel and those on board.

The barkentine Louise Adelaide, Captain Orr, left Philadelphia April 24 for Stockholm. May 13 she put into Dutch Island harbor, Rhode Island, having encountered a heavy gale on the edge of the gulf stream. From Dutch Island harbor she was towed to Portland, Me., for repairs, where she was refitted as a schooner and resumed her voyage for Stockholm June 4.

THE OUTLOOK

For a woman's happiness in the married state depends less, as a rule, upon the man she is to marry than upon her own health. The woman who enters upon marriage, suffering from womanly weakness, is "heaping up trouble against the day of trouble."

Weak woman are made strong and sick women are made well by the use of Dr. Pierce's Favorite Prescription. It is the one reliable regulator. It dries enfeebling drains, heals inflammation and ulceration and cures female weakness. It nourishes the nerves and invigorates the entire womanly organism. It makes the baby's advent practically painless, and gives strength to nursing mothers.

"I suffered for twelve years with female trouble," writes Mrs. Milton Grimes, of Adair, Adair Co., Iowa, "which brought on other diseases—heart trouble, Bright's Disease, nervousness, and at times would be nearly paralyzed. Had neuralgia of stomach. I can freely say your medicines (nine bottles in all, five of 'Favorite Prescription,' four of 'Golden Medical Discovery,' and two vials of Dr. Pierce's Pellets), have cured me. I can work with comfort now, but before I would be tired all the time and have a dizzy headache, and my nerves would be all unstrung so I could not sleep. Now I can sleep and do a big day's work, something I had not done for over eleven years before."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

You Need Money

WE HAVE IT.

$10. $15. $25. $75

Or any amount you may want on your piano, household goods, horses and wagons and other like security; in fact we loan on all kinds of personal property. Everything is left in your possession and you have the use of both money and goods. All our dealings are confidential, upright and courteous. Persons temporarily embarrassed who wish above everything else to avoid publicity are the ones we desire especially to serve. You can have from one month to one year to pay it in and our payments are so small that any one can meet them. You will save money by dealing with us as our rates are the lowest and terms easiest. It will cost you nothing to get our rates.

Indiana Mortgage Loan Co.,

Room 3, Arcade, upstairs. Home 'phone 995.

Open Saturday evenings from 7 to 8:30.

Money to Loan to Salaried People.

Salaried people holding permanent positions with responsible and well-established concerns or corporations can get money on their own name without endorsement. No publicity.

Loans also made on furniture, pianos, etc.

Better terms and rates than elsewhere.

Room 3, Arcade, upstairs. Home 'phone 995.

Open Saturday nights from 7 to 8:30.

Attention, Bargain Lovers!

I have made money for others, why not for you? Call and see me about the following property, which I offer for sale:

Eight room house and good sized lot, west end; price $1,700.

Seven-room brick, in good condition, west end; price $1,800.

Ten-room modern house, steam heat, full size lot, asphalt street, alley brick, all clear, west end; price, $6,000.

Six room house in Bloomingdale, asphalt pavement, all clear; price, $1,650.

Five-room house, West DeWald, three blocks from Calhoun; price, $1,650.

Seven-room house, full size corner lot, East Creighton avenue, near Hanna; price, $1,500.

Eight room house, new, lot 36x140, on Pontiac, near Lafayette; price, $1,500.

READ THE PROOFS

SAMPSON SAW THE SHEETS OF MACLAY'S BOOK.

DID NOT FURNISH FACTS

WILL ENDORSE ALL TAKEN FROM HIS REPORTS.

BOB EVANS SHEDS LIGHT

HE GIVES PROOF OF PLOT AGAINST SCHLEY.

Boston, July 23.—Rear Admiral William T. Sampson, U. S. N., commandant of the Charleston navy yard, was asked if he had ever read and criticised any of the proofs of Maclay's naval history, and in reply he said he thought he had.

"Just what I did do with the proofs which were sent me by Mr. Maclay," Admiral Sampson said, "I don't remember, but if my memory is correct, I did read them. However, since this talk in the newspapers about certain objectionable chapters in the history, I called the attention of my aid, Lieutenant Bennett, to the matter, and he says that he read the proofs, but that I could not criticise them because the language was too immoderate.

"It was a long time ago that I read these proofs, and I don't remember what they said about the battle, about Schley or anyone else. I presume they contained the same statements as are now embodied in the history.

HAS NO GRIEVANCE.

"I have read the history of the navy written by Mr. Maclay and consider the account of my campaigns a very good one. About the rest of it I cannot judge accurately, perhaps, having no intimate knowledge of the events described."

In response to an inquiry as to whether or not he had ever given Mr. Maclay any facts about his campaigns, and especially about the battle of Santiago, Admiral Sampson replied most emphatically that he never had.

"I never told him anything about the Santiago fight or any others, and neither did my aid, Mr. Bennett. In one way possibly I was responsible for the statements he made in the history. I was commander in chief of the squadron and responsible so far as reading the proof goes.

"If the historian has taken facts from my official reports to the navy department, which is perhaps what he means when he says that he obtained them from me, that is all well and good. I stand by my first reports and official communications.

WANTS AN INVESTIGATION.

"I would welcome an investigation of this whole matter by congress or by the navy department. But I see no hope of its being taken up. I hardly believe that congress will do anything about it at the next session.

"Schley's first statements regarding the battle of Santiago, those given out just after the fight, I mean, were moderately correct. The published interviews given out some time afterward were not at all correct. They were entirely different from his first accounts and were written in a different spirit, I think.

"If you will look up an interview, purporting to have come from Schley and published, I believe, on January 6, you will see that it was entirely incorrect. If he was correctly quoted he must certainly have made a misstatement of the facts. Soon after this interview appeared in print he came aboard my ship and told me that he had never given out any such statement; that he had been incorrectly quoted.

"The reporter to whom the interview was granted was a friend of mine, and he afterward told me that he had published Schley's words precisely as they had been spoken."

COURT MARTIAL NOT NEEDED.

When asked for a statement as to why a court martial for Schley was not ordered, Admiral Sampson said:

"Well, it seems to me there's no use of people rehashing this thing again and again. It is an old story and it has been fully discussed."

A copy of a paper was shown to Admiral Sampson in which was a statement claiming that Fighting Bob Evans was guilty of a misstatement of fact in his book, "A Sailor's Log," in saying that the command of the north Atlantic squadron devolved upon him ipso facto, when, shortly after leaving Key West, at the breaking out of the Spanish-American war, Admiral Sampson gave chase to a possible prize, first flying from the flagship New York the signal, "Disregard movements commander in chief."

"The man who wrote that article did not know what he was talking about," said the commandant; "he was evidently mixed up. This has nothing to do with the matter at all. I don't see what the man means. Of course, I made this signal when I left the squadron and left Evans in charge of the fleet. After the fight at San Juan and several hours afterward I chased a ship and left Evans in charge of the squadron."

A CHAPTER BY BOB EVANS.

Washington, July 23.—Rear Admiral Robley Evans, known as "Fighting Bob," contributes this remarkable statement to the Sampson-Schley controversy:

"While the fleet was at Key West and before Schley was sent around the west end of Cuba looking for the Spanish, then known to be making for some South Cuban port, Captain B. M. McCalla, on the Marblehead, had made arrangements with the insurgents on shore near Cienfuegos to inform the American warships if the Spanish squadron sought shelter there. A code of signals was decided on. In the daytime three horses in a row meant 'We wish to communicate,' and at night three white lights in a line meant the same thing. The insurgents had a full view of the entrance to Cienfuegos, and no ships could enter without being seen by them.

"It was decided that when signals were made on shore communication was to be opened and the fleet in front of Cienfuegos should be advised promptly if the enemy was inside. McCalla informed Sampson of what had been done, and confidential instructions were issued to the commander of every ship, giving him the code. I and every captain had it but Cook, of the Brooklyn. I supposed, of course, that Cook had it, and that Schley knew Sampson expected to rely on the insurgents to get information about the fleet should it proceed to Cienfuegos.

SCHLEY'S ACTION.

"When Cervera arived at the West Indies private messages indicated he was making for either Santiago or Cienfuegos, as these were the only ports where he could procure coal and be safe from sea attack. It was seen that Schley was hurried around the west end of the island to locate the vessels while Sampson was to look for any surprise from the Bahama channel end. Schley reached Cienfuegos and began to try to find out if the Spaniards were in the harbor.

"Late Sunday I arrived with the Iowa, believing that the admiral was cognizant of the code arrangement and had been trying to reach the insurgents on shore. Early that evening I saw signal lights on shore—those agreed upon with the insurgents—and turning to my executive I remarked, 'They are communicating with Schley.' Later, at midnight, I saw other signals on shore, and again remarked, 'They are still signaling to Schley.'

"The next day McCalla arrived and asked what we had learned from the shore. He was astonished when told by Schley that he knew of no code arrangement made by McCalla with the Cubans. Schley had been there then nearly two days. McCalla was off in the Marblehead at once. In a few hours he steamed back and reported he had found out from the insurgents on shore that no Spanish ships were in the harbor. Schley and Cook both said they knew nothing of any arrangement with the insurgents.

"Had Schley had this information, which he might have procured in a few hours after arriving, he could have sailed thirty-six hours sooner for Santiago. He was afterward accused of delaying his departure."

"Fighting Bob" is not an admirer of Schley, but this chapter he adds to the discussion evidently removes from Schley's record what the navy department construed as an unwarranted delay in hunting out the Spanish squadron. The "reprehensible conduct" feature related to Schley's not proceeding direct to Santiago when he started, but the Cienfuegos incident was regarded in Washington as almost equally "reprehensible."

MUST OBEY SAMPSON.

Another important point brought out by Admiral Evans is that Schley was told by the navy department when assigned to the flying squadron that he would have to serve under Sampson as commander in chief, who had not been then selected, and he accepted the command with that understanding. Schley, at the time, was senior to Sampson.

Admiral Evans is strongly of the opinion that Schley should demand an investigation, in view of the attack made on him in Maclay's history, but does not believe Schley will do so.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo-Quinine Tablets. 25c.

Mrs. William Meyer, of Chicago, is the guest of her parents, Rev. and Mrs. Juengel.

This signature is on every box of the genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day

Prof. O. L. Woolny will go to Kokomo tomorrow to spend a few days with friends.

LOOK FOR A COUP BY THE TRUST.

(Continued From First Page.)

who they are and how it happens they are in McKeesport. A satisfactory feature in connection with this is the continued order and good behavior of the men. Of course, what might happen in case some strange workers were to appear on the scene cannot now be conjectured.

MILL MEN WILL FIGHT.

Little doubt remains that these mill workers intend to fight if the issue is forced, and while the workmen mean business and will fight, there is not much doubt that the present management of the Dewes-Woods plant have long since prepared for any emergency.

At Vandergrift and Duncansville the men appear to be entirely satisfied and work is going on there as usual. All the efforts of the Amalgamated association to get the men out have so far been futile.

Vice President Pierce, of the Amalgamated association, has organized a lodge among the men at the Glassport plant of the Pittsburg Steel Hoop company. This mill does not belong to the combine and this matter is only of interest in the present struggle, as it is possible that the combine might make an arrangement with the Pittsburg Steel Hoop company to do some work for them, in which case, of course, the newly organized men might refuse to undertake it.

MAY START A MILL.

Reports are rife that the United States Steel corporation will shortly make an effort to start up Painter's mill, of the American Steel Hoop company, in this city. Emissaries are said to have been among the idle operatives of that plant for the purpose of inducing them to come back and help in the resumption of the mill. The result of this report has caused the Amalgamated men to redouble their vigilance at this point and they will do everything in their power to frustrate the object of the company.

NEW MOVE BY THE TRUST.

One of the most significant developments of the strike is the order from the officials of the National Steel company to have the former rail mill of that company in Youngstown fitted for rail rolling again. The mill was originally a rail mill, but during the early part of the present year, after the consolidation had been effected between the various underlying companies and the United States Steel corporation, the Youngstown rail plant was abandoned and its product turned into sheet bars and billets.

The fact that the National Steel company is thus preparing to change its rail production and shut off its steel bar and billet production is taken as an indication that the officials of the United States Steel corporation are anticipating no early settlement of the present strike, but are rather looking for some considerable delay in operating the mills. The Youngstown rail mill has been a non-union plant and the men employed there have always been outside of the organization. For this reason it is expected that no difficulty would be experienced in operating the rail mill again.

At the Amalgamated headquarters the officials had nothing new to report this morning. President Shaffer said the situation was unchanged and that he was well satisfied with the outlook.

ARRESTS MADE AT WELLSVILLE

Wellsville, Ohio, July 23.—A development that startled the strikers of the Wellsville plant came this morning when two of the local leaders were taken before Mayor A. P. Dennis on charges of violating an ordinance of the city, which relates to the stopping of men on the street who are on their way to work. The two strikers arrested were Patrick Connors and John Rumbaugh. They accosted some of the workmen and were arrested on a charge of assault. The men were taken before the mayor, who gave them a scathing lecture and discharged them. The mayor said that the strike must be conducted within the laws of the city and commonwealth and that he will permit no infraction whatever. Vice President John Chappelle now threatens to have Superintendent Brookman arrested on the same charge the next time he tries to influence a striker.

PILES CURED WITHOUT THE KNIFE.

Itching, Blind, Bleeding or Protruding Piles. No Cure, No Pay. All druggists are authorized by the manufacturers of Pazo Ointment to refund the money where it fails to cure any case of piles, no matter of how long standing. Cures ordinary cases in six days; the worst cases in fourteen days. One application gives ease and rest. Relieves itching instantly. This is a new discovery and is the only pile remedy sold on a positive guarantee, no cure no pay. Price 50c. If your druggist don't keep it in stock send us 50c in postage stamps and we will forward same by mail. Manufactured by PARIS MEDICINE CO., St. Louis, Mo., Manufacturers of Laxative Bromo-Quinine Tablets.

Prices are way down at Patterson's.

DEATHS AND FUNERALS.

CRAWFORD.

Mrs. Harriett Crawford, of Perry township, died suddenly Sunday afternoon while visiting the family of Mr. and Mrs. J. Miller, in DeKalb county. Seated in the parlor engaged in conversation after dinner Mrs. Crawford suddenly sank back in her chair, gasped for breath and before help could be summoned death had ensued.

Mrs. Crawford was 47 years of age, and very highly esteemed. She was the widow of John Crawford, a well known farmer who died eight years ago. Surviving are a son and two daughters—Charles, Ella and Stella.

Funeral services will be held from Robinson chapel Wednesday morning at 10:30, Rev. W. E. McCarty, of Leo, officiating.

CASEY AT THE BAT.

Stephen Casey was the only unfortunate to face the police judge this morning. Stephen had on his fighting clothes several nights ago and started in to clean up Chicago street. He met with rather indifferent success, and yesterday morning was found on Broadway with an enormous jag in tow. Stephen never gets drunk only when he is sick, or is never sick only when he has been drunk only when he is sick, or is this morning about being on the brink of death, but it didn't make the judge even bat an eye. He fined him $1 and costs, which is equivalent to sixteen days in jail. As Mr. Casey disappeared down below he begged of the court to send him a doctor immediately so he wouldn't die before he had made his peace above.

W. L. Pettit, of DeWald street, reported to the police this morning that someone had stolen a pony from his barn last night. He did not believe it to have been a real for sure case of horse stealing, but held to the belief that mischievous boys in the neighborhood had taken the animal out for an airing. The department will look the matter up.

BY THE BOUNDING BILLOW.

Trustee Schirmeyer bid his associates about the court house an affectionate good bye last evening as he told them he was going to take a little trip to seashore to spend his vacation. Everybody wished him God-speed and a good time. This morning it was learned on undisputable authority that Mr. Schirmeyer is rusticating on H. H. Schnelker's farm in Maumee township, which he reached by riding on a mudboat out of New Haven. The rolling of the surf which he will tell about when he gets back is nothing more than the rustling of the leaves in the cornfield and the fish that he expects to bring back have already been engaged at a well-known fish market.

Miss Stella Jackson, of Lima, Ohio, returned to her home last evening after a two weeks' visit with friends and relatives in this city.

OF SPECIAL INTEREST

To Hay Fever Sufferers.

Sufferers from hay fever and summer catarrh will be interested to learn that there is a new, simple, inexpensive but effective home treatment for this obstinate and baffling disease, and that a little booklet fully describing the treatment will be mailed free to anyone by addressing the F. A. Stuart Co., Marshall, Mich.

Doubtless this statement of a cure and positive preventative of hay fever will be received with skepticism by the thousands who have found the only relief every year was a change of climate during the summer months.

But whether skeptical or not it will cost nothing to investigate this new treatment. Simply send name and address on a postal card to F. A. Stuart Co., Marshall, Mich., for the booklet which besides describing the treatment contains a concise treatise on the cause and character of this peculiar disease.

The Epworth League of Berry Street M. E. church will give a social at the home of Miss Edith Albers, 46 Erie street, this evening.

All men's, boys' and children's suits discounted 20 per cent during our sale which lasts until Aug. 3rd. Blue and black goods being excepted. They are discounted 10 per cent.

TO THE MAN WHO THINKS.

COOK yourself squarely in the face and see if you are not half ashamed to be without Ivory Soap in your house. Worse than this, your wife is without it. It is bad enough for a man, though a man often doesn't care how his comfort is mis-spelled. But a woman misses all these little helps to housekeeping. And Ivory Soap is one; its great potency makes it actually cheaper than yellow soap for general work. It floats.

John Mohr is having a combination wind mill and observation tower erected on his property at Rome City. The tower has an observation platform fifty feet from the ground, affording an extensive view of the lake and vicinity.

Dr. and Mrs. D. W. Moffat and family expect to leave tomorrow for Evanston, Ill., to visit friends. Dr. Moffat will later attend a meeting of the committee on the revision of the Presbyterian creed, which will be held at Saratoga, N. Y., in September, and there will be no services in the First church until the second Sunday in that month.

John Johnson, eighty-one years of age, returned today to his home at Kendallville. Mr. Johnson has been a patient at St. Joseph's hospital, under the care of Dr. Albert E. Bulson. He suffered from double cataract, causing total blindness, but an operation for the restoration of his sight was successfully performed.

LIBRARY TO OPEN TOMORROW.

The temporary library in the two large rear rooms on the second floor of the Elektron building, on East Berry street, will be opened tomorrow and the circulation of books, which was suspended for two weeks, will be resumed tomorrow morning. All the books and papers have been removed from the old building, which will be torn down within a few weeks to make room for the handsome new library for which Andrew Carnegie, the steel magnate, donated the sum of $75,000. The temporary quarters in the Elektron building are undoubtedly the best that could be secured for the purpose, being light, well ventilated and most conveniently situated. Miss Colerick has inaugurated a new feature in the new quarters in the shape of a children's corner, where books for juvenile readers are kept separate for greater convenience in handling. The reading and reference rooms will be open from 9 a. m. to 9 p. m. and the circulating library will be open from 9 a. m. to 8:30 p. m.

MR. NELSON AT WABASH.

(Wabash Plaindealer.)

S. L. Nelson, general manager of the Fort Wayne and Southwestern Traction company, was in the city Saturday on his way to Fort Wayne after a trip over the proposed extension of the road southwest from Huntington to Wabash and Marion. The journey was taken with a view of arriving at the comparative density of population along this route and along another from Huntington to Marion via Warren. He found 296 farm houses on the route from Huntington to Marion and 107 between Wabash and Marion. He will next count the number of houses between Wabash and Huntington, including Andrews. There are no towns on the Warren route. Mr. Nelson states that cars will be run half-hourly between Huntington and Fort Wayne, beginning September 15. The extension west from Huntington will be commenced at an early day and be in operation the first of next year. The entire twenty-five miles of rail between Fort Wayne and Huntington will be down by next Saturday night. The first eight cars for the road will arrive August 1. They are forty-six feet long, seat forty-eight persons and are operated with a 200-horse power motor each. There are no grades, a few slight curves, and it is proposed to speed the cars up to forty-five miles an hour. The fare is to be one and a half cents per mile, and possibly one cent.

IS HOME FROM EUROPE.

Theodore F. Thieme, manager of the Wayne Knitting mills, has just returned from Europe, where he has spent the past five weeks on business for the mills. Mr. Thieme's mission was in part to purchase new machinery for the plant in this city and to observe trade conditions in Europe in the knitting industry. He made the purchase of considerable machinery, which is to be added to the Fort Wayne mills.

Joe Richter, a lad residing at 29 East Third street, recently found a pocketbook containing $21. It was the property of F. Blue, who advertised his loss in The Sentinel, and the boy promptly returned the money to Mr. Blue.

MRS. GEORGE WILLARD.

One of Michigan's Noted Women.

Mrs. George Willard, wife of the late ex-Congressman George Willard, of Battle Creek, Michigan, is one of the most prominent and efficient woman suffrage workers in the state of Michigan. She is also an officer of several leading women's clubs, and is prominently identified with the Women's Press association, and well known as a literary worker and as a woman of unbounded energy and industry. While she is nearly seventy years of age, no one would think from her appearance that she had yet reached the age of fifty. When asked the secret of her good health and attractive appearance she said; "I have been troubled with rheumatism, torpid liver, indigestion and other complications for some years, but since I have commenced taking Peptorene, The Health Tablet, manufactured by the Battle Creek Health Co., Ltd., I seemed to have renewed my youth and am in perfect health." Mrs. Willard continues to take these tablets whenever any unfavorable symptoms appear, and will not be without them.

Battle Creek Health Tablet Co., Ltd., 25 cts. a box. Write for a free trial treatment. Sold at Wm. L. Waltemath, Meyer Bros. & Co., Pellens & Polster, and A. C. Gocke.

1,000 pairs of boys' knee pants, all wool, double seat and knee, to go at 50c.

Apply to Henry M. Williams, East Wayne St., opp. High school, or to any real estate agent. 7-6-tf

WOMAN

HER CARE AND HAPPINESS.

Never did women accept the truth of Mother's Friend more willingly than those thousands who have tried it. The prime object in a medicine for expectant mothers is safeness and virtue, qualifications impossible to find in internal doses made of nasty, injurious and stimulating drugs.

MOTHER'S FRIEND

Is a liniment rubbed in with the hands—something to lubricate the internal tissues and muscles. Something gentle, comforting and refreshing; a balm for the nerves, a softener for the cords holding the heavy burden, an invigorator for the muscles, making them elastic, thereby permitting with ease expansion as the fetus grows to be a live baby.

Mother's Friend is the only liniment that will make the usually dreaded issue easy, and leave the child healthy, and the mother with all her grace and symmetry unmarred. Of druggists, $1.00.

Our book "Motherhood" mailed free.

THE BRADFIELD REGULATOR CO., ATLANTA, GA.

M.; Deborah No. 110, D. of R.; Darius council, Princes of Jerusalem.

Robison Park Theater—Vaudeville.

Evidently the boss weather man fancies he has been defied to do his worst.

The kerosene oil can is the pivot about which many a ghastly joke has been turned, but those who could appreciate it most somehow never survive to join in the laugh.

It will now, as it has been heretofore, be noted that the partisans of Admiral Sampson are ever ready to exclaim it is time the distressing controversy should be closed and forgotten.

The Americans who paid $375 to peers who needed the money for their seats in the house of lords during the Russell trial now have just ground of complaint that the duration of the comedy did not come up to the advance notices.

It is now admitted in Washington that Mr. Neely, late of Muncie, is not likely to be prosecuted for doing a few good strokes of business on a cash basis while in the Cuban postal service. The admission is not startling and beyond the fact it has been delayed beyond general expectation is scarcely interesting.

Maclay, the author of the history of the navy which brands Admiral Schley as a coward, a caitiff, an insubordinate and other contemptible things, says he has no feeling against Schley and wrote without prejudice. What a hummer his "history" would be if he had entertained dislike of the Santiago hero and had been warped by the sentiments of the Sampson adherents.

Crop reports from Europe continue to disclose important shortages of wheat in many regions. The harvest in France will be far below the average, that in Germany will be short and in the great Volga basin and some other cereal producing parts of Russia, as well as in Siberia, the wheat crop is ruined. The outlook seems promising for the American surplus, but it should not be forgotten that while foreign agricultural disasters create a demand for our grain, they also reduce ability to buy and pay for it. However, it seems probable that our wheat farmers this year will be able to market all the wheat they have to spare for export, and at fair prices.

Out in Oklahoma where the Kiowa-Comanche reservation is to be opened to settlement and the land parceled out by lottery methods there are calculated to be ten persons for every prize the government has to bestow. One hundred and fifty thousand persons have registered for a chance to secure one of the thirteen thousand claims to be awarded by lottery and it is expected that much disorder and no little distress will follow. At present it does not look as though the scheme for distribution would prove all that is desirable.

RUSSIA'S CHIEF PROBLEM.

Frederick W. Holls, of New York, late member of the peace conference and now a member of the court of arbitration at The Hague, who has returned to Berlin from St. Petersburg, says that the statesmen of the Russian empire seem to be seriously impressed with the fact that the problem before them is not so much foreign as domestic; it is the consolidation and development of the vast domain which is now under the emperor's scepter, comprising some of the richest and most promising parts of the earth's surface. The potential power of Russia is, of course enormous, said Mr. Holls, though certainly not greater than that of the United States, and today it may be counted for as working for peace quite as surely as that of the United States. The Russian church is an influence in favor of the peace of the world which is apt to be overlooked. It is not an aggressive church, as its history shows; it is conservative and it abhors war as sincerely as any other branch of Christianity. Russian statesmen have a great problem to face in the danger of Chinese emigration to the fertile districts of Siberia. Experience has shown that the children of marriages between Russians and Chinese are Mongolian rather than Russian, and when the tremendous number of Chinese is considered, as well as the pressure upon the resources of China, the dangers of immigration of millions of Chinamen into the fertile country, which is not separated from their home by an ocean, will be at once apparent to every student of what was once the Chinese problem in the United States.

TYPHOID AT OSSIAN.

(Bluffton News.)

Ossian has seven cases of typhoid fever, all within a radius of a block. Andrew White, the hardware merchant, has four down at his home, of whom one is dangerous. Mrs. Frank McDowell and baby are both ill and the daughter of A. S. Elzey is not expected to live. The water on that particular block of Mill street has been examined by Prof. W. D. Mannes. The test shows that it is alive with fever germs, nearly an inch of filth standing in the bottom of the bottle after being precipitated. The scourge is dreaded next to smallpox and the water generally is being boiled for use.

NEWSBOY IS DEAD.

Peru, Ind., July 23.—John F. Williamson, of Bowling Green, Ohio, the newsboy on the ill-fated Wabash train that was wrecked at Cass, eleven miles west of here, last month, peacefully passed away at the railway hospital Saturday afternoon, at 4:52 o'clock. In that awful disaster at Cass the boy had his back broken and total paralysis was the result.

The death of the newsboy makes sixteen person dead as a result of the Wabash disaster.

HOOP MILL MEN HERE.

Two gentlemen representing the firm which proposes to locate a new hoop mill in Fort Wayne arrived in the city this morning to close up the details of securing a site. J. W. White, from whom it is expected the land will be leased, is out of the city, and the negotiations will not be concluded until tomorrow.

KRAUSE'S HEADACHE CAPSULES

Were the first headache capsules put on the market. Their immediate success resulted in a host of imitations, containing antipyrine, chloral, morphine and other injurious drugs, purporting to be "just as good." Avoid these imitations and insist on your having Krause's, which speedily cure the most severe cases and leaves no bad after effects. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

Buy your black suit of Patterson during the sale and save the discount.

HOLDS WABASH RESPONSIBLE

FOR RECENT RAILROAD DISASTER AT CASS.

Coroner at Logansport Says That Culvert Was of Insufficient Size, and Charges Negligence.

Logansport, Ind., July 23.—Coroner C. D. Smith yesterday afternoon returned a verdict in the Wabash wreck case at Cass. He made a thorough investigation and much interest has been manifested in his finding, which is as follows:

"I, Charles D. Smith, coroner of Cass county, on the 26th, 27th, 28th and 29th of June and on the 1st, 2nd, 3rd, 4th, 5th, 6th and 13th day of July, in Miami and Eel townships, county of Cass and state of Indiana, held an inquest to inquire into and by what name and by whom Noe Fedretti, Lugi Branca, Crispino Vincenzo, Teressa Mantone, Fannie Murich, Domenico Lombardo, Domenico Salitino, Rudolph Fillipo, an infant of Frank Parks, Carmino Lombardo, Frances Macario, Rosina Macaro, whose bodies were found dead in said county and state on the night of June 25, 1901, came to their deaths. After having examined the bodies and heard the evidence I find that the deceased came to their deaths by reason of the wreck of a passenger train on the Wabash railroad; caused by the giving away of the track on the night of June 25. I further find that at the point where the wreck occurred there was and had been for many years prior to said wreck a stone box or culvert three feet by three feet five inches in capacity being used by said railroad company for the purpose of carrying the water which accumulated to the north of said railroad track, under the right-of-way. That during ordinary rainfall large quantities of water came down from the hills and surrounding country to the north, and that said stone box or culvert was insufficient in capacity to carry the water which naturally flowed in that direction during heavy rainfalls, and that the railway company might have known of the insufficiency of said culvert had it used due care in its inspection. I find that the giving way of the railroad embankment under the track was caused by reason of the water backing up to the north of the grade, occasioned by the insufficient capacity of the culvert above mentioned and that the negligense of the said railroad company in failing to provide a culvert of sufficient capacity was the direct cause of said wreck and of the death of the persons killed therein."

SEES PUNISHMENT IN DROUGHT

Galesburg, Ill., July 23.—In the ruinous drought now spreading over the crop districts Rev. O. C. Bedford, pastor of the Knox Street Congregational church of this city, sees the hand of the Almighty. In his sermon he told his hearers it was the punishment of God for national wickedness and the turning away from prayer.

"If this drought will bring people to their knees in prayer and will cause the salvation of souls," he prayed, "then, O Lord, let us have the drought."

Rev. Mr. Bedford maintained that the people of the United States are more wicked in some respects than the people of any other period in the history of the country. Family worship, he said, is being dropped and there is no power in the church. God, he added, is therefore taking away the corn and is thus leading the people to prayer.

"Some people," he exclaimed, "will suffer from the drought, but this physical suffering will be less than if God gave the people plenty and all went down to hell together. If the drought will induce the people to pray, I hail the time when we shall have a still greater drought than this."

GOSHEN MYSTERY IS SOLVED.

Irena Canning, the handsome young girl who was found wandering aimlessly about the country near Goshen a week ago, and who has for the past week mystified the police of that city, has been identified. She it Kate Kanning, a book agent, whose home is at East Barre, Vt. The girl left East Barre last winter, and the story that she is an heiress to a Texas estate of $300,000 is a piece of fiction of her own invention. The girl's parents believe her insane. She was found wandering upon the highway six miles north of Goshen last Tuesday night by E. D. Gallagher, a Fort Wayne traveling man, who was driving from Middlebury to Goshen, and told so many improbable stories that for several days the officers were completely mystified.

ONCE LIVED AT ELKHART.

(Elkhart Review.)

Charles Dunn, the Wallen, Allen county, man held as the murderer of a ten-year-old girl, was once a resident of Elkhart, having run a dray here during the years 1869 and 1870. He and his wife, then not the imbecile she is now described, occupied rooms over Capt. William Barney's old office on North Main street. Captain Barney says he can never be convinced that Dunn is guilty, but he could be persuaded that Mrs. Dunn was the homicide. He says that she came of a family who showed a lack of full mental development. One of her brothers, who had become a prominent groceryman at Kendallville, committed suicide and another became insane. One brother was a member of Captain Barney's company, company E, 100th Indiana. The captain was guardian of Mrs. Dunn, nee Miller, from 1854 until she became of age.

MAY BE TROUBLE THERE NOW

LIEUT. J. B. FONNER HEARS FROM PHILIPPINES.

Outlook is for Fighting in Territory Recently Occupied by His Regiment.

Lieut. J. B. Fonner is in receipt of information from the Philippines to the effect that trouble is brewing in the territory which was peacefully occupied for months by his regiment. The boys of the Thirty-first had no opportunity to get into active fighting, but their successors are likely to see some lively times.

The letter is written by Ivan H. Wise, in the office of the depot quartermaster at Zamboanga, who pays a high compliment to the ability, discipline and high military organization of Lieutenant Fonner's old regiment—the Thirty-first—as compared to the troops now occupying the post, and continuing, says:

"The Aeolus returned last night with Major Brown on board. He comes to take company B, of the Tenth, back to Port Princessa, as the troops that have taken that place are not going to be able to hold it, and the general sent him back for reinforcements. The post is in quite a foment, as the troops that were sent down there were well armed and equipped and seemed competent to take any one town of a small size on this island.

"There is a good deal of excitement and there promises to be some warm times down in that part of the world. Just to think that we were here for nearly two years, and just as we (that is, the regiment) leave the authorities look around and find some exciting work for an organization that has just touched the islands and whose enrollment has hardly dried yet on the records at Washington."

MURDERER ARRESTED.

Cleveland, Ohio, July 23.—Rafuello Farinacci, an Italian, for whom the police of this city have been seeking for nearly a year on the charge of murder, surrendered himself to the authorities today. Farinacci and Donati Batiste quarreled over a game of cards in a saloon August 7 last. Batiste's dead body was found in the street a few hours later, having been stabbed with a stiletto. Farinacci said when he gave himself up that he had been in New York.

GROOT LEADS BOLTERS.

Cleveland, Ohio, July 23.—At a preliminary meeting here of the leaders of the bolt among the Bryan democrats George A. Groot, of this city, has been chosen as temporary chairman of the state convention to be held at Columbus July 31. Dr. Abner L. Davis, of Findlay, will be the temporary secretary.

WAREHOUSEMEN'S STRIKE.

Crockett, Cal., July 23.—The first week of the warehousemen's strike has come to a close. Both sides seem sanguine. One of the grain warehouse officials says there has been no conference held with the workmen and that the situation remains unchanged.

CURES ECZEMA AND ITCHING HUMORS THROUGH THE BLOOD—COSTS NOTHING TO TRY.

B. B. B. (Botanic Blood Balm) is a certain and sure cure for eczema, itching skin, humors, scabs, scales, watery blisters, pimples, aching bones or joints, boils, carbuncles, prickling pain in the skin, old, eating sores, ulcers, etc. Botanic Blood Balm cures the worst and most deep-seated cases by enriching, purifying and vitalizing the blood, thereby giving a healthy blood supply to the skin. Other remedies may relieve, but B. B. B. actually cures, heals every sore, and gives the rich glow of health to the skin, making the blood red and nourishing. Especially advised for old, obstinate cases. Druggists, $1. Trial treatment free and prepaid by writing Dr. Gillam, 213 Mitchell St., Atlanta, Ga. Describe trouble and free medical advice given. Sold by Ranke & Nusbaum, 88 Calhoun St.

"Save Your Money and Buy a Gun."

The full value of your money in tobacco. You don't pay for premiums that the other fellow gets. The first tobacco ever guaranteed. Your money back if you don't like it.

If your dealer has not Wetmore's Best, send us 50 cents for a pound plug.

Remember the Umbrella Brand.

M. C. WETMORE TOBACCO COMPANY, St. Louis, Mo.

The Largest Independent Factory in America.

YOU CANNOT EAT

when the digestive organs are not in a healthy condition. Loss of appetite is soon followed by nervousness, sleeplessness, loss of energy and nutrition. If your appetite is failing this is one of the first indications that your health is failing. The human body, like all other organic material, grows by what it feeds on.

Dr. Caldwell's Syrup Pepsin

and Herb Laxative Compound

taken as directed at meal times, will not only insure a good appetite, but put the digestive functions in such condition as to properly nourish the body, reiterate any constipated condition that may exist and bring a "cooperative" and not a "cathartic" laxative aid in a manner pleasant to the user.

1000 Per Cent Profit.

MERIDEN, KANS., Feb. 18, 1901.

PEPSIN SYRUP COMPANY, Monticello, Ill.

Gentlemen:—This is to certify that two sample bottles and one fifty-cent bottle of Dr. Caldwell's Syrup Pepsin entirely cured me of a bad case of indigestion and constipation caused by over-eating and lack of exercise. I realized $40 worth of benefit from a fifty-cent investment. Respectfully, JOHN A. KERR.

All druggists 50c and $1 bottles. It is economy to buy the $1 size. If your druggist hasn't it you will send booklet and sample FREE.

PEPSIN SYRUP COMPANY, Monticello, Ill.

LYNCHED IN A CITY PARK

NEGRO TAKEN FROM SHERIFF AND STRUNG TO A TREE.

Had Mortally Wounded the Chief of Police at Elkins, W. Va., in a Desperate Fight.

Elkins, W. Va., July 23.—Last night the dead body of William Brooks, colored, swung from the limb of a tree in the city park here and Chief of Police Robert Lilly lies dying in a Cumberland, Md., hospital from the effects of a bullet wound inflicted by the colored man.

Yesterday afternoon word was brought to the police station that William Brooks, a well-known colored man, was creating trouble in the lower end of the town and asking for the aid of an officer to subdue him. Chief of Police Robert Lilly said he would go himself and bring the man in. When Brooks saw the officer coming he started to run for the house. By the time Lilly came up to the house, which had a good sized crowd surrounding it, and ordered the man to come out Brooks was at the window of a front room armed with a gun. Officer Lilly ordered him to surrender and come peacefully to the lockup. Brooks said he would not go peaceably or any other way. Lilly ran into the house for the black man. The crowd outside made no offer to help and the officer faced the desperate negro alone Sounds of a fierce struggle could be heard and the crowd that had gathered ran to the house to help. When the room was entered both men were found on the floor in mortal combat The negro was shouting that he would never be taken alive, while the officer held him tightly. Suddenly the negro worked his right hand from the grasp of the officer, and, catching up a revolver that had fallen to the floor in the struggle, fired point blank at the officer. Lilly fell to the floor shot through the bowels.

When the officer released his hold the negro broke from the room and ran, followed by a big crowd. For several squares he kept ahead of the crowd. Finally, after a chase of half a mile. Brooks was overtaken and captured. He fought desperately, but could not get away. Other officers came to the rescue, and with small ceremony Brooks was handed over to the sheriff to be taken to the county jail. Just as the sheriff reached the prison doors a mob of men, at least 400 strong, surrounded him and demanded the prisoner. The sheriff and guards refused and made desperate resistance, but to no avail. Brooks was seized and rushed through the streets, half walking and half falling along, toward the city park. When the park was reached Brooks was told to walk no under a big shade tree in the center of the park and prepare to die. The negro could not speak and seemed almost insensible to what was going on. The rope was drawn up and in a few minutes the body of William Brooks swung from the tree lifeless. The mob then dispersed.

CLUB ISSUES PROGRAM.

The Amicus club, one of the best known of the ladies' literary and social organizations, has just issued a handsome program for the coming season. Mrs. George L. DeWald is president; Mrs. George Fox, vice president, and Mrs. Otto C. Meyer secretary and treasurer. The program committee is Mrs. Will Klinkel, Mrs. Ed C. Miller and Mrs. O. C. Meyer. The opening meeting of the season will be held September 26, with Mrs. Evans, of West DeWald street.

FELL ON BARBED WIRE.

R. R. Liebman, a laborer employed by the Pennsylvania company and residing at 116 Barr street, was painfully injured this afternoon. He was at work in the east yards, and in going to a nearby well for drinking water stumbled and fell upon a barbed wire fence. His face, neck and left ear were badly lacerated.

ABOUT THE COURT HOUSE

Last evening Sheriff Stout received a telegram from Edgerton, signed by James Batters, asking that an officer be sent immediately to arrest three parties for rioting, saying that the affidavits would be ready on the arrival of the officers. Deputies Reichelderfer and Huguenard were dispatched at once and they returned to the city at a late hour without any game, but with a large load of disgust on board. Three boys named Watson, the oldest of whom is only sixteen, had got into a quarrel with Batters' mother and they probably were pretty rough in their language and actions, but had done no rioting and had committed no assault. The deputies made a thorough investigation, but found no ground for making an arrest.

ANNUAL MEETING IS HELD

OF GERMAN INSURANCE ASSOCIATION.

William Doehrman is the New President—Annual Reports Show Healthy Growth.

The twenty-fifth annual meeting of the German Fire Insurance association was held last evening in St Paul's school hall and the following officers were elected to serve the ensuing year:

President—William Doehrman.
Secretary—C. A. Kampe.
Directors—Messrs. Charles Brandt, Henry Wenrenberg, William Miller, H. Witte, August Becker, Fred Roesener, Louis Brunner, Charles Meinzen, Charles Krudop and W. Franke.

The reports of the officers showed a most gratifying state of affairs. The association has a surplus of $17,000 on hand and in the past year paid but one policy, $85. There are about 800 policy holders in the association, composed of the members of the various German Lutheran churches of the city. The company insures only the residences of members and any building on the residence lot not used for business purposes. It is the largest company of the kind in northern Indiana and has enjoyed a rapid growth within the past few years.

LOCAL LINES.

L. G. Baumann, manager of the Western Telephone Construction company at Chicago, is in the city today.

Miss Elizabeth Vasser is giving a picnic at Robison park this afternoon, in honor of Miss Marjorie Vesserlat, of Alliance, Ohio.

The Ladies' Aid society of the English Lutheran Church of the Redeemer meets at the home of Mrs. William Spiegel tomorrow afternoon to sew.

C. E. Adams, a prominent Nebraska mining man, arrived in the city today to investigate the Hicks process of amalgamation. He is a guest at the Randall.

F. F. Conner, an old Fort Wayne boy, for years traveling for the Eberhardt Manufacturing company, of Cleveland, is in the city the guest of F. J. Reineke.

Victor Blake, of 70 Liberty street, employed in the Bass foundry, had his left hand badly crushed by a heavy bar of iron this morning. Dr. A. J. Kessler attended him.

Mrs. W. A. Jones has gone to Toledo and Detroit. At the latter city she will meet her daughter, Miss Helen, who has been the guest of friends at Marquette, Mich.

Miss Anna Smith, a night operator for the Central Union Telephone company, has resigned her position here and will leave tonight for her home in Peru, where she takes a position in the Bell offices there.

Mr. and Mrs. Henry Stellhorn entertained Monday evening in honor of Miss Minnie Becker, of Pittsburg, and Mrs. Louis Becker and son Fred, of Milwaukee. About fifty guests were present. Sweet peas and ferns were the decorations. Music was the feature of the evening.

William P. Duffy and wife, of Indianapolis, and ex-Councilman Schuhler and wife, of this city, returned last evening from a two weeks' outing at Lake James, Steuben county. Mr. and Mrs. Duffy will remain in the city until Sunday to visit many old friends and acquaintances.

JANGLING NERVES.

Are you irritable? Do you sleep badly? Is it hard to concentrate your thoughts? Is your appetite poor? Do you feel tired, restless and despondent? Try Lichty's Celery Nerve Compound. It will do you more good than anything you have ever tried. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

Buy your boy's clothing during our sale.

REUBEN S. PATTERSON.

WILL USE HICKS MACHINES

NEW ZEALAND MINING COMPANY FORMING.

To Be Incorporated With $10,000,000 Capital—Will Gain Control of New Zealand Mines.

(Indianapolis Journal.)

The first announcement of the organization of an immense syndicate to control gold mines in New Zealand with United States capital was made by W. K. Bellis, formerly of this city, and George C. Chadwick, of New Zealand, at the Columbia club last night. The New Zealand Mining company has been organized and will be incorporated under the laws of South Dakota with $10,000,000 capital, and the New Zealand Mining Agency company will be incorporated with a capital stock of $1,000,000.

"There is not a single share of this stock for sale," said Mr. Bellis last night, "as one-quarter of the New Zealand Mining company stock has been underwritten and contracted for by New York parties The other three-quarters of the stock will be controlled by the syndicate and will not be placed on the market. The stock of the New Zealand Mining Agency company will be controlled exclusively by Mr. Chadwick and myself.

"I corresponded with Mr. Chadwick before he came to this country relative to organizing a company here to control the developed mining properties in New Zealand. Mr. Chadwick believed that if up-to-date machinery could be shipped to that country and used in the mines there the product of the mines would be increased fully 30 per cent. He came to this country for the purpose of completing arrangements for the organization of the syndicate to control the mines and also to inspect machinery to be used in the gold mines there. The result has been most encouraging, and both companies have been duly organized. We are not ready at this time, however, to give the list of officers of the two companies."

TRIP TO NEW YORK.

Mr. Bellis was in New York several days, and returned to Indianapolis last week to accompany Mr. Chadwick to Fort Wayne to inspect the machine manufactured by the Hicks Gold and Silver Extraction company. While in New York Mr. Bellis closed the deal for the purchase of the mining company's stock, and in Fort Wayne the two gentlemen closed a deal whereby they will have sole rights of the machine for Australasia. One machine will be shipped to New Zealand at once and twenty more will be ready to be shipped in a short time.

"While in this country I inspected several improved mining machines," said Mr. Chadwick, "but none compared with the Hicks machine. We saw several tests of the machine at Fort Wayne last week, and I believe that it will revolutionize gold mining in my country. We believe it will give us at least 30 per cent additional gold over the old machines The machine does everything in extracting the gold from the ore, washing it and turning it out pure gold so that there is no loss. The New Zealand gold mines are rich with gold and will be more productive when the old, obsolete machinery is discarded and the new Hicks machines installed there. With the old dredges and other machinery now in use there we do not get a third of the gold out of the ore and rivers. The Hicks machine is the only one I have seen that does the work satisfactorily.

"The New Zealand Mining Agency company has already closed a deal with the New Zealand Mining company to use the Hicks machines in all of the New Zealand mines controlled by the mining company. These machines cannot be purchased outright, but have to be leased by mining companies, the companies to give the Hicks company a royalty of 10 per cent. of all the gold extracted by use of the machines. In addition to the mines I already control in New Zealand I have options on many other valuable mines that will be closed for the New Zealand Mining company when I return to that country.

"I will leave for San Francisco tomorrow, and on August 1, will sail for New Zealand. I will arrive home about August 20, and will send sealed samples of all the mines to Mr. Bellis, to be tested at Fort Wayne by the Hicks machine.

CANAL WATER IN THE CITY MAINS.

(Continued From First Page.)

amalgamated in the big pumping well, and the figures are given only to show the proportion. At 2 o'clock the engineer at the Van Buren street station said he was pumping at the rate of about 2,500,000 gallons per twenty-four hours, and this water is from the gravel and filtering wells in that district. The Ross street station is pumping about half a million gallons.

There is plenty of water of the kind, but the kind is not what is wanted. The water entering the filtering basin from canal connection is muddy looking and tinges the crystal product from the deep wells to an ugly looking hue. Mayor Berghoff took a bottle full from the inlet pipe and submitted it to Dr. MacBeth for immediate analysis. Chairman Kaough said he deprecated the extremity to which his board was forced, but he could see no other means of protection. When the fire bell rang this morning he said his heart stopped beating for a minute, because he knew that in case of a conflagration of any proportion the city would have been completely helpless.

This afternoon two centrifugal pumps, with a capacity of 800,000 gallons jointly, are being connected with deep wells and the experts have great faith in their efficacy, because they believe that the deep wells will not fail to give the supply, but in view of so many past disappointments the trustees are loth to make any predictions.

FREE TRADE FOR PORTO RICO

NEW ORDER TO BE PROCLAIMED THURSDAY.

Attorney General Knox Is Engaged in Preparing Proclamations to Be Issued.

Washington, July 23.—Free trade between the United States and Porto Rico will be proclaimed Thursday Attorney General Knox is preparing the proclamations which will be issued. Two proclamations will be issued, the first declaring the establishment of civil government in Porto Rico and the second the establishment of free trade between the United States and the island.

Although civil government has existed for many months in Porto Rico, Governor Allen, up to the time he went to Canton on Sunday, purposely withheld the formal notification of that fact from the president in order that the moneys collected under the Foraker act might not be placed at the disposal of the Porto Rican legislature, but could continue to be used for the benefit of the island under the direction of the president. The effect of an earlier notification would have been a proclamation by the president recognizing the establishment of civil government and the turning over to the insular treasury, for the use of the legislature, of all moneys thereafter collected under the Foraker act.

FELL FROM A SHED.

Walter Seibert, a lad residing in the south portion of the city, fell from a shed while playing with a number of companions, this morning, and broke his right arm. The lad fell a distance of about twelve feet and was badly bruised and shaken up besides.

FELL ON A BOTTLE.

Adah, the 10-year-old daughter of Mr. and Mrs. Kahl, of 111 East Creighton avenue, while playing this morning, fell on a portion of a broken beer bottle on the street and cut a gash several inches long in her right leg. Dr. A. J. Kessler put eight stitches in the wound.

Theo. Thorward will leave tomorrow for South Bend, where he is working in the interest of the new independent telephone company which is to be organized there by Fort Wayne citizens. Mr. Thorward has already secured about three hundred subscribers to the service. The application for a franchise will go before the city council next week.

The fire department was called to Sixth street, in Bloomingdale, this morning, to extinguish an extensive grass fire, which, it is believed, became ignited from sparks from a locomotive.

LOCAL LINES.

Mrs. Alfred Noll, of Indianapolis, is visiting her parents in the city.

Mrs. D. M. Doyle will entertain from 2 to 5 o'clock tomorrow afternoon.

The Knights of Pythias and the Rathbone Sisters will give a social at Swinney park Thursday evening and a feature will be a concert by the K. of P. band.

Prof. C. S. Plumb and family, of Lafayette, were in the city yesterday, the guests of Hon. T. B. Ellison and family. Prof. Plumb is director of the agricultural experiment station at Purdue university and is en route to the Pan-American exposition.

Will Scheiman, residing on Zollars avenue and employed at the planing mill of the Fort Wayne Lumber company, received a painful gash across his right wrist while at work yesterday. Several stitches were necessary to close the wound.

Lieutenant Robert Arnold, of Chattanooga, Tenn., was in the city yesterday calling on Major W. E. Stemen, with whom he was associated during his military service in the Philippines. Lieutenant Arnold is preparing to return to Manila.

Hon. A. S. Hershey and sister, Miss Anna Hershey, of Petersburg, Pa., and Miss Helen Burns, of Lancaster City, Pa., will arrive this week to be the guests of Miss Margaret Stemen. Friday afternoon Miss Stemen will entertain a company of friends at Robison park in honor of her guests.

In certain London hotels wine left on the tables is the waiters' perquisite.

COLDS MELT AWAY

If you use Krause's Cold Cure. Prepared in convenient capsule form they are easy to take and effect a speedy cure of the most obstinate cases. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

Cool bargains for warm people at Patterson's.

A FITTING TRIBUTE

A CITIZEN OF FORT WAYNE PAYS A WELL-EARNED TRIBUTE.

The following public statement of a respected citizen adds one more emphatic endorsement of merit to the scores that have appeared before.

Mrs. Anna Clack, of 270 East Jefferson street, says: "I had kidney trouble for a number of years and tried a good many remedies, but all failed to cure me. I consulted an Indian doctor in one of the nearby towns, who said I had ulcers on my liver and kidneys, but he did not do me the least good. I heard about Doan's Kidney Pills and the recommendations led me to get a box at Meyer & Co.'s drug store. They soon had the desired effect, stopped my backache, cured the kidney trouble and cured the ulcers if I had any."

For sale by all dealers, price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

ARCADE DENTAL PARLORS.

In order to discourage any fear on the part of the reader lest he or she might class us with those who advertise to give away fillings, crowns, plates, etc., we wish it understood in the following few words that we pursue no such methods.

We make but one claim and that is that we conduct a high-class Dental parlor, where only the best work is done and at prices within reach of all.

Reliable Dentistry.

The above means just what it says. It is a name we are proud of. Seven years we have given our best efforts toward establishing what is now the largest dental practice in the city. Our chief aim has been to give the public the best dental service at prices about one-half the charges of private practitioners. We have succeeded beyond expectation, but only by giving the best in material and workmanship.

The limit of false economy is reached by all who are attracted by low prices for cheap dentistry, which is expensive at any cost.

Have ours; the best and most profitable, quality and cost considered.

Estimates Cheerfully Given.
Telephone 627.

Open Evenings and Sundays.
Room 7 Arcade, Ground Floor.

BURKET & BAKER.

From Attic to Cellar.

We can furnish your house complete, Furniture, Carpets, Rugs, Curtains, Cooking and Heating Stoves, in fact everything you need in an up-to-date home.

CASH OR CREDIT.

SUMMER RESORTS ON THE G. R. & I.

"The Fishing Line."

The Passenger Department of the Grand Rapids & Indiana Railway has issued a 36-page booklet, entitled "Michigan in Summer," that contains 250 pictures of resorts in Northern Michigan. Interesting information is given about these popular resorts:

PETOSKEY, BAY VIEW, HARBOR SPRINGS, HARBOR POINT, WEQUETONSING, ROARING BROOK, EMMET BEACH, WALLOON LAKE AND OTHER POINTS, MACKINAC ISLAND, TRAVERSE CITY, NEAHTAWANTA, OMENA, NORTHPORT, NORTHPORT POINT, EDGEWOOD

It contains a list of hotels and boarding houses in Northern Michigan, with their rates by the day and week, and passenger fares from the principal points in the Middle West.

This booklet will be sent free upon request to C. L. LOCKWOOD, General Passenger and Ticket Agent, Grand Rapids, Mich.

The summer train schedule goes into effect June 30. Time cards and full information regarding connections, the "Northland Express" with cafe car service, will be sent, and assistance given to plan a comfortable trip via the Grand Rapids & Indiana R'y.

Marion	34	47	.420
Columbus	28	54	.431

It was a mighty rocky road that "Doggie" and his men had to travel over yesterday and Walter Wilmot's Wanderers did the driving, which did not add any to the enjoyment of the ride. Taken altogether it was a very listless, unexciting and featureless game, utterly devoid of ginger and not altogether unmarked by several exhibitions of stupidity. The heat was excessive, to be sure, and the boys could not be much blamed if they were a trifle respectful of their own comfort in that glaring sun. Things began to act badly in the first inning in which Fricken gave a base on balls and F. Miller and Fuller made an error each, while Wilmot stole a base; this combination netted a run and the stuff was off right there. Fricken pitched five innings, during which but four hits were made off him, when he gave way to Mullin, who was trimmed for seven hits during the four innings that he pitched. The visitors were lucky in making hits when they were needed, while Fort Wayne could make hits only when they did not count for much. The visitors played a sharper game than the locals and won out clearly on their merits. Following is the score:

BASE BALL NOTES.

Monte McFarland, released by Marion, has signed with Wilmot's aggregation and is playing center field.

Dr. Lawney, with Mansfield last season, is playing short for Little Rock, of the Southern association, this season.

By winning yesterday Grand Rapids jumped into first place, where it will in all probability remain unless the Dayton Old Soldiers beat them out.

Someone has finally located Matthews. It is located twelve miles in some direction from Muncie. Muncie is a village not far away from Fort Wayne, therefore Matthews can't be far off.

Eddie Zinram has released Carey, outfielder, and Talbot, pitcher, and the two will probably sign with Matthews. Ganley, released by Toledo, has signed with Columbus and will play in the outfield.

Gus Weyhing, who deserted Wilmot for Cleveland, and was released by that club, has wired Wilmot for his release, because he wants to sign with Cincinnati. Wilmot will not accommodate him, however.

Guese and the much touted Stimmel, of the disbanded Indianapolis club, who were sold to Cincinnati, have turned out to be gold bricks. In the games in which they have officiated both have been batted all over the lot.

Fort Wayne stands sixth in team batting average, having passed Marion in the past two weeks. In the averages up to July 1 Fort Wayne players had been to bat 2,700 times, making 690 hits, an average of .255. In the individual batting average Mullin leads the local bunch with a percentage of .340. He stands fifth on the list, a big gain over last week, and bids fair to land on top before long. Babb is the only other Fort Wayne player above the .300 mark, with an average of .303, a loss of six points. Nattress had made a gain of thirteen points.

THE MARKETS.

Chicago, July 23.—A panicky selling movement in corn, induced by reports of scattered showers in the west, caused a wide range of prices at the opening. September changed hands from 59c to 54½c, ¾@⅞c to 4⅞@5c under yesterday's close. The general feeling was, however, that the rains were inconsequential and after the burst of unloading by nervous longs the market steadied under buying for the country account and September reacted to 57⅝c. Receipts were 286 cars. Bullish confidence was further restored by the weather fore cast, which had nothing but dry weather to offer to the shriveled corn fields.

September wheat opened ⅜c to 1⅜c lower at 72c, then to 71c under the influence of disappointing cables, cooler weather in the spring wheat country and in sympathy with the corn break. Liquidations sent the market to 70⅝c within a few minutes. The corn rally, however, caused a quick change. September rallied to 72c and a general decline 71⅜c. Local receipts were 539 cars, 234 of contract grade. Northwest receipts were 225 cars against 290 last week and 236 a year ago.

Oats opened weak with corn, September selling ¼@⅜c higher to 31⅝@ 31¾c lower at 33⅛c to 33c during the first few seconds. Buying orders were plentiful, however, and a rally to 37¼c followed. Later the market under continued liquidation eased to 36⅛c. Receipts were 145 cars.

Provisions were quiet and prices irregular. September pork opened 17½c lower at $14.40 and sold to $14.60; September lard opened a shade higher at $8.70@8.72½, and September ribs 5c lower at $7.95, selling to $8.02½.

THE CLOSE.

Prices at the close were as follows:

Wheat—July, 69⅛c; Sept., 70⅜c, Oct., 71⅛c.

Corn—July, 58⅞c; Sept., 55¼@ 55⅝c.

Oats—July, 35⅜c; Sept., 35¾@ 35⅞c.

Pork — July, $8814.27½; Sept., $14.47½; Oct., $14.42½; Jan., $14.90.

Lard—July, $8.65; Sept., $8.70@ 8.72½; Oct, $8.78½; Nov., $8.70; Dec., $8.65; Jan., $7.60@7.62½.

Ribs—July, $7.88½; Sept., $7.97½; Oct., $8.00; Jan., $7.77½.

Flax—Cash N. W., $1.86; No. 1, $1.80; Sept., $1.70; Oct., $1.59.

CHICAGO LIVE STOCK.

Chicago, July 23.—Cattle—Receipts, 5,000, including 825 Texans; market steady. Good to prime steers, $5.45@6.00; poor to medium, $4.35 @5.25; stockers and feeders, $2.40@ 4.40; cows, $2.80@4.65; heifers, $2.50@4.60; canners, $1.65@2.35; bulls, $2.50@4.50; calves, $2.75@ 6.00; Texas steers, $3.00@4.50.

Hogs—Receipts today, 18,000; tomorrow, 25,000; left over, 5,415. Market steady to 5c higher. Mixed and butchers, 5.80@6.05; good to choice heavy, $6.00@6.20; rough heavy, $5.65@5.95; light, $5.75@ 5.92½; bulk of sales, $5.90@5.95.

BUTTER, CHEESE AND EGGS.

Chicago, July 23.—Butter—Market strong; creameries, 14½@20c; dairies, 13@17c.

Cheese—Market steady, 9½@10¼c.

Eggs—Market steady, 12½c.

THE DAY ON WALL STREET.

New York, July 23.—The London market this morning gave evidence of some distress on the part of the shorts in the American Grangers due to reports there of rains in the corn crop belt. Advances extended to as much as 4½ in St. Paul. There was a rush to buy here at the opening inconsequence of St. Paul running up to the London parity. Five thousand shares of Union Pacific sold at 99 to 98½, compared with 96½ last night and 4,000 shares of Atchison at 71 to 71½, compared with 67½ last night. There were advances of 1 to 2 points also in Missouri Pacific, Southern Pacific, Rock Island, Texas and Pacific, Reading first preferred, Chicago Terminal Transfer preferred, Amalgamated Copper and Sugar. Missouri Pacific lost all of its gain on a few sales and St. Paul promptly reacted 2 points.

The rest of the market yielded in sympathy.

Prices melted away fast after the opening and the gains in the leaders were practically wiped out in a few minutes. St. Paul saving only a fraction. Missouri Pacific, Louisville and New York Central fell back below last night, the last named losing 1¼. On the rally Missouri Pacific and Southern Pacific rose above opening figures and Sugar extended its gain to 2½. Colorado Fuel gained 3 and Smelting 1¼. The market was easier again before 11 o'clock and dull.

The market fell into the hands of the professionals and was dull and sluggish yielding slightly at times and hardening slowly again. Prices were down grade at noon, but still above last night for the Grangers.

The bond market was dull and moved in sympathy with stocks.

Railroad stocks had recovered to within a fraction of the high level and a sudden and heavy demand developed for the United States Steel stocks. The common was lifted 1¾ over the low point and the preferred 1⅞. Tennessee Coal also jumped 3⅜ over yesterday's close. Erie second preferred rose 2½. Realizing again met the advance.

After hanging suspended for a term prices rose buoyantly before 2 o'clock over the opening high level. Missouri Pacific and Union Pacific crossed par, the Grangers made the best prices of today all around. Other stocks moved in sympathy. Some heavy blocks were taken on the advance.

NEW YORK MARKETS.

New York, July 23.—Flour—Receipts, 30,017 bbls; sales, 4,700 pkgs; state and western market was quiet and unsettled, but no lower; winter straights, $3.25@3.50.

Wheat—Receipts, 212,650 bush; sales, 2,310,000 bush; market broke sharply under the collapse in corn, together with unloading and reported rains in the northwest. July, 77@77⅛c; Sept., 75¾@77c; Oct., 76⅛c; Dec., 77⅛@78 11-16c.

Rye—Market quiet; state, 54@55c; No. 2 western, 62c, f. o. b. afloat.

Corn—Receipts, 54,000 bush; sales, 160,000 bush; market was demoralized and 3c lower through unloading based on report of good rains in Kansas and Nebraska. Sept., 59@60⅝c; Oct., 59¾@60⅛c; Dec., 59⅛@61¼c.

Oats—Receipts, 209,300 bush; market was weak and lower on the rains with corn; track white, 42@48c.

Pork—Market steady; mess, $15.50 @16.50; family, $16.50@17.00; short clear, $16.00@17.50.

Lard—Market steady; prime western steamed, $9.05.

Butter—Receipts, 15,203 pkgs; market strong; state dairy, 14@14⅛c; creamery, 15@19½c; factory, 14@ 15½c; imitation creamery, 14@17c.

Cheese—Receipts, 12,155 pkgs; market firmer; fancy large colored, 9¼c; fancy large white, 9c; fancy small colored, 9⅝c; fancy small white, 9¼c.

Eggs—Receipts, 10,538 pkgs; market firm; state and Pennsylvania, 16@17c; western, candled, 14@15c; western, uncandled, 8@8½c.

Sugar—Raw, firm; fair refining, 3 9-16c; centrifugal, 96 test, 4 1-16c; molasses sugar, 3 5-16c; refined, steady; crushed, $5.05; powdered, $5.55; granulated, $5.45.

Coffee—Market dull; No. 7 Rio, 5 11-16c.

Molasses—Market quiet.

THE MONEY MARKET.

New York, July 23.—Money on call easier at 2½ per cent; prime mercantile paper, 4½@5 per cent; sterling exchange fairly steady with actual business in bankers' bills at $4.87½ for demand and at $4.84¾@ 4.85 for 60 days; posted rates, $4.86 and $4.88; commercial bills, $4.84@ 4.84½; silver certificates unquoted; bar silver, 58½c; Mexican dollars, 46½c.

THE BOND MARKET.

New York, July 23.—Government bonds steady:

AN OFFICIAL VISIT

TRAFFIC MANAGER M'CABE INSPECTS PITTSBURG ROAD.

ELECTED NEW DIRECTORS

NORTHERN PACIFIC MAKES A DECIDED CHANGE.

MORE FINDLAY RUMORS

EASTERN SYNDICATE AFTER THE PROPERTY.

D. T. McCabe, freight traffic manager of the Pennsylvania, is making a thorough inspection of the lines west of Pittsburg, stopping at most all of the stations. He travels by special train and arrivd in this city shortly after noon today, coming from the west. He is now en route to Crestline, where his car will be picked up by one of the regular trains and brought back here and tomorrow morning he will go to Grand Rapids and commence an inspection of the Grand Rapids and Indiana road. On the western division of the Fort Wayne road Mr. McCabe is accompanied by William Borner, general western and division freight agent; Trainmaster J. F. Patterson and some of the other divison officers. Tomorrow Mr. Borner will make his regular inspection of the western division of the Fort Wayne, traveling westward by special train.

ELECTED NEW DIRECTORS.

New York, July 23.—At a meeting of the Northern Pacific Railroad company, held here today, the following new directors were elected in accordance with the recent letter of J. Pierpont Morgan: James J. Hill, E. H. Harriman, William Rockefeller, H. McK. Twombly and Samuel Rea. These gentlemen take the places of Edward D. Adams, R. M. Gallaway, Samuel Spencer, Dumont Clarke and Walter G. Oakman.

The new board in full is as follows: Robert Bacon, George F. Baker, Edward H. Harrisan, James J. Hill, Brayton Ives, D. Willis James, John S. Kennedy, Daniel S. Lamont, Charles S. Mellen, Samuel Rea, William Rockefuller, Charles Steele, James Stillman, Eben B. Thomas and Hamilton McK. Twombly.

The meeting at which this action was taken was very short. The directors adjourned immediately after the election of the new directors.

GRADE CROSSING DECISION.

The supreme court of the state of Michigan has handed down a decision on safety gates at railroad gate crossings with street railways which is of interest. The case is that of the Detroit, Fort Wayne and Belle Isle Railway company vs. the commissioner of railroads. The commissioner had ordered the construction of safety gates at the Clark avenue crossing of the tracks of the Union Terminal association, in the city of Detroit, with derails in the tracks of the street railway, both of which to be operated by a watchman in a tower, the expense of construction, maintenance and operation to be divided between the companies. The street railway company claimed that inasmuch as its line was built before the existence of the railroad it had secured a vested right which was not subject to legislative regulation, and that it could not legally be required to pay any portion of the expense of the appurtenances ordered by the commissioner. The court held that the state law makes it the duty of the commissioner of railroads to order such protection to the public at the crossings of steam and electric railways as in his judgment seems necessary, and to make a reasonable adjustment of the expenses between the companies affected. The commissioner was, therefore, sustained. One of the judges of the court filed a dissenting opinion, in which he took the ground that the use of a street by a street railway company is a strictly legitimate use, and that the street railway should no more be required to pay any part of the necessary expense for the protection of railroad crossings than any other travelers using vehicles on the street.

TRAVEL TO WINONA.

In addition to the usual travel to Winona, the Pennsylvania is doing a heavy extra business in that line today on account of the meeting of the Young People's Christian Union of the United Presbyterian church, which convenes there tomorrow. A special train, filled with delegates from Pittsburg and points east of that city, will pass through here bound for Winona about 5 o'clock this evening. Delegates traveling in special cars are coming from various other places also. The Grand Rapids and Indiana received a car load from the Panhandle at Richmond and turned them over to the Pennsylvania at this point and No. 11 will have two coachlonds delivered at Mansfield by the Baltimore and Ohio road. A big party, picked up at Elkhart and Goshen will be delivered to the company at Warsaw by the Big Four road.

MR. HAYS COMING EAST.

San Francisco, July 23.—Charles M. Hays, president of the Southern Pacific company, has departed for the east for a conference with E. H. Harriman and J. C. Stubbs. It is announced in the general office of the company that among the important matters to be considered at the approaching meeting is the proposed Ogden-Lucien cut-off and other proposed improvements on the line. Successors are to be appointed to C. W. Bein, traffic manager of the Southern Pacific east of El Paso, who recently died, and Edwin Hawley, assistant general traffic manager of the company in New York, who has resigned, and it is presumed that President Hayes will consult with General Traffic Manager J. C. Stubbs before these places are filled.

CONCERNING THE FINDLAY.

In an item concerning the probable future of the Findlay, Fort Wayne and Western road, in which the statement is made that the Vanderbilts are furnishing the money for the terminal extensions of the line at Toledo, the Findlay Republican says: "It is not thought here that the Clover Leaf is purchasing the Findlay road, but that some New York people with whom Mr. Norton is associated are about to purchase the property. In that event, Mr. Norton would step out of the management of the Clover Leaf into that of the Findlay road."

INDUSTRIAL NOTES.

Ira Platter, Grand Rapids brakeman, is sick and off duty.

Charles Lamley has taken a position at the Bass 'smith shops.

The Panhandle is building at its shops in Columbus fourteen new coaches.

Joseph Trentman has resigned his position in the laboratory at the Electric works.

George Platts, of the Electric works, went to Rome City yesterday for a week's outing.

T. W. Bauer, of the Electric works, has returned home after a two weeks' visit in the east.

After an illness of two weeks F. A. Weigand, a tinner, resumed work in the Pittsburg shops this morning.

The big steam hammer over which William Lehmkuler presides, at the Bass shops, has closed down for repairs.

Stuart Rehrer, of the Electric works, and his family have returned from a visit with relatives at Ligonier.

G. Zeigler resumed his duties at the lumber yards of Rhinesmith & Simonson this morning, after a brief illness.

Stephen Brown, master mechanic at the Bass foundry, resumed work this morning after a week spent at Rome City.

Daniel Benz, tally clerk at the Pittsburg freight house, and his family have gone to Lagrunge, Ind., to visit friends.

It is said that the New York Central is taking the preparatory steps toward obtaining an independent entrance into Montreal.

Mrs. Canniff, the aged mother of Nickel Plate President W. H. Canniff, was buried at her home in Clayton, Mich., last Saturday.

A little accident to the boiler yesterday delayed work at the Indiana Road Machine works for several hours. The packing at the manhole blew out.

Frank J. Kelker, clerk in the motive power offices of the Pennsylvania, is preparing for a trip to Buffalo, N. Y., and Pittsburg. He expects to remain there about ten days.

Robert J. Ringwaldt, chief clerk to E. T. Poselthwaite, assistant to President Cassatt, of the Pennsylvania, road, died last week from the effects of an operation for appendicitis.

The Hanna street pavement is completed from Creighton avenue to Masterson avenue, four squares, and will be completed as far as the Pittsburg and Wabash tracks this week.

Foreman Harvey H. Brown, of the car supply department of the Bass foundry, and his wife and daughter, Miss Nettie Brown, have returned from the Pan-American exposition.

It is given out that the Association of American Locomotive Builders will at once begin a war on the Baldwin locomotive works, which declines to become a member of the organization.

Foreman C. F. Knothe, of the machine department at the Electric works, is off duty on account of sickness. He was taken ill while on the Turnverein excursion to Cedar Point Sunday.

Norwalk Reflector: "The Lake Shore railroad is now greatly in need of section men, as a glance at the grass grown tracks will testify. The section wages, $1.25 per day, are not very tempting, when the electric railroads hereabouts are paying $1.75. The gang which has charge of the section in which the Norwalk yards are included, has dwindled down to one man and a foreman."

Oscar Walters, who was taken sick on the Fourth, and F. Hoeppner, who was taken sick a week ago, have recovered and this morning were able to resume their duties at the Pittsburg round house.

Harvey Thomas and Fred Dobberkau, Pittsburg car builders, and George E. Horton, yard brakeman, are off duty on account of sickness. Ira B. Croy, a shop hand, is off duty on account of an accident.

M. VanBuskirk, formerly a Nickel Plate conductor, died at his home in Packertown, Pa., July 16. The remains were taken to Cleveland for interment. He was well known to the older employes of the road.

Among the sick employes not already reported by The Sentinel are Charles Miller, John Sullivan, W. S. Wells, George Scheid, J. H. Cody, L. O. Starr, Harry Geerkens and J. J. O'Neil. All work in the Pittsburg shops.

Champion chemical fire extinquishing apparatus is being placed in the offices of Master Mechanic B. Fitzpatrick, Road Foreman C. R. Colmey, Shop Clerk J. H. Hobrock and Freight Agent E. H. Kirkland, of the Pittsburg.

Matt Baches, foreman of the Pennsylvania company's boiler shops at Wellsville, is in the city for a two or three days' visit with relatives before he returns to Wellsville. He has been fishing at Rome City for six or eight days.

Passenger Engineer W. H. Hilliker, of the Pittsburg, reported for duty this morning and will take his place at the throttle of an engine pulling trains 9 and 18. Mr. Hilliker has been at Greenwich, O., where he buried his father a few days ago.

The Nickel Plate will have two special trains through this city some time tonight or tomorrow morning, carrying 400 members of the Eighth regiment of United States soldiers and their horses and baggage. The soldiers come from Fort Ethan Allen, in Vermont.

Yardmaster W. F. Watterson of the Nickel Plate, has taken a vacation, which he will spend at the Pan-American exposition. He left for that city this morning. During Mr. Watterson's absence, Charles Lyons, the night yardmaster, will look after affairs during the day time.

A drawbar dropping to the tracks caused an accident at Collins, on the Eel River branch of the Wabash, Sunday night, which blocked the tracks for two or three hours. Two cars and a caboose were derailed and the tracks were torn up for the distance of two hundred feet.

The Panhandle now has eleven crews engaged at Hartford City and Dunkirk in the work of of raising the grade at those points. Two big steam shovels are in service and the construction work is being pushed as rapidly as possible, but it will be far into the fall before it is completed.

E. H. Kirkland, freight agent of the Pennsylvania, finds his clerical force somewhat crippled today by sickness in the ranks. Among the absentees on this account are Chief Clerk C. M. Jones, Expense Clerk William Scherer, Bill Clerk E. M. Kelly and Tally Clerk L. L. Gloyd.

Assistant Master Mechanic John Dalman and H. S. Borbek, draughtsman, of the Pittsburg, had as a guest yesterday their college friend, E. U. Gibbs, who is now representing a Dayton manufacturing establishment on the road. The gentlemen were members of the Lehigh graduating class several years ago.

R. D. Smith, proprietor of the Forest Review, returned to his home this morning, after a short visit with his father-in-law, A. T. West, of the Pennsylvania train dispatcher's office. Mrs. Smith will remain here with her father for several weeks. Mr. Smith has sold his newspaper property and will give possession of it August 1. He may then come to Fort Wayne to reside. He was in the Spanish-American war, being a captain in the Second Ohio Infantry.

A. C. Davis, Thomas Cook and O. P. Reese, who were engaged in making coal and water tests with a large compound engine on the eastern division of the Fort Wayne road, have completed the work and returned home. A part of the duties of the gentlemen was to sit upon a seat erected upon the steam chest and watch the steam indicator. The intense heat made this duty very disagreeable and no doubt the men are glad that the tests have been completed.

The material for changing two large culverts near Upper Sandusky from open to closed floor bridges was forwarded today and carpenters will go there in a day or two to do the work. Contractor H. W. Tapp is doing the stone work. Other improvements occupying the attention of the bridge and building department of the Pittsburg are the rebuilding of two new cattle yards on division C, a new floor in the Lima freight house and ventilators on the roof of the power station at the shops.

The statement of Chief Engineer E. H. McHenry regarding his reasons for resigning his position with the Northern Pacific company, demonstrates the power James J. Hill has become in the affairs of that road. Mr. McHenry says: "I do not resign to take a better position, nor far rest, nor because I was asked, nor for many other possible reasons. I resign because in trying to figure out the problem of grade reductions I found a hill which could not be overcome."

Jack Sullivan, the man who had his legs crushed by the wheels of a Lake Erie and Western train, which he attempted to get aboard at Montpelier a week ago last Saturday while it was in motion, is getting along first-rate at St. Joseph hospital. Both legs were amputated, one above and the other below the knee. Con Sullivan, of Lima, a brother of the unfortunate man, has returned home after a visit to his brother. Jack Sullivan will be taken to Lima as soon as he is able to travel.

Columbia City Post: "Some difficulty arose Monday morning between the roadmaster and a foreman of a floating gang doing filling at the new bridge on the Pitsburgr road east of this city. The foreman was finally discharged, and the men under him told the roadmaster to reconsider or all would leave the work. The roadmaster held that he was right and all were soon on their way to this place. The men were all from Bourbon with the exception of one, and that was Joseph Bechtoldt, of this city. The workmen say their foreman was not to blame for the trouble."

TRADES COUNCIL MEETING.

Considerable routine business was transacted last evening at the meeting of the Trades and Labor council. The organization committee reported the formation of a union among the laundry workers and beer bottlers. The sum of $350.25, realized from the labor fair, was ordered turned over to the Labor day committee to assist in defraying the Labor day expenses. The council purchased $15 worth of tickets for the waist factory girls' ice cream social Friday night. A committee consisting of Gart Shober, Henry Cohen and J. C. Mitchell was appointed to call on dealers in hats and request that they cease handling a non-union make of headgear. Attorney Henry Colerick submitted an opinion on the law requiring that twenty cents an hour be paid public employes, holding that it was valid.

(B. P. O. E.) ELKS.

Reduced rates via the Nickel Plate road to Milwaukee, Wis., on July 22 and 23. Tickets good returning until July 27, or by deposit until August 10, 1901. Write, wire, 'phone or call on nearest agent, or C. A. Asterlin, T. P. A., Ft. Wayne, Ind., or R. J. Hamilton, Agent, Ft. Wayne, Ind.

The West Creighton avenue Church of Christ will give an ice cream social at 271 West Creighton avenue Thursday evening. Music will be furnished by Casso's orchestra.

A broken trolley wire last night created more or less consternation at the corner of Clinton and Main streets. Several bicycle riders narrowly escaped being struck by the playfully dangling wire. No damage was done.

Dr. and Mrs. E. F. Wagner, Mr. and Mrs. Anselm Fuelber and son, Master Otto Fuelber; Mrs. Enoch Cox and Miss Ethel Cox have returned from Lake George, where they spent a week in a cottage. The cottage was a little short on sleeping apartments and Dr. Wagner and Mr. Fuelber jointly occupied a canvas cot in the kitchen, scarcely wide enough for one. The second night the tacks at the ends of the canvas pulled out and when Dr. Wagner awoke in the morning he was lying on the side rail, while his bedfellow, bent in the middle, was hanging over the cross piece of the cot after the style of a Monday morning wash on a clothes line. Then another bed, constructed out of soap boxes, was provided and the doctor and the editor rested better during the remainder of their stay at the lake. Mr. Fuelber resumed the duties of city editor of the Staats Zeitung this morning.

CURRANTS, RASPBERRIES.

Michigan Currants, 6c qt.

THREW OUT THE ONLY BID

WATERWORKS BOARD ACTS ON AIR-LIFT MATTER.

New Plans to be Prepared and Bids Readvertised for—A Warm —Time—City Hall News.

The waterworks trustees met last evening to consider the Bass bid for the installation of an air lift plant at the northside station, pusuant to the adjournment taken, when the bids were opened on the 11th of this month. There was considerable acrimonious discussion between Engineer Hoit, employed by the city and Mr. Murray, representing the Shaw-Kendall company. It was charged that the specifications were so prepared by Mr. Hoit as to disbar any one but the Bass people from bidding on the work. Mr. Hoit defended himself and said that at the suggestion of Mr. Murray changes had been made in the specifications so as to admit a bid from his company. Mr. Husey and Mr. Borkenstine, of the council committee, were of the opinion that the specifications were too close and that not sufficient time had been given manufacturers generally to prepare and submit bids. The session was a long one and the trustees finally concluded to throw out the bid and readvertise, and Mr. Hoit was instructed to prepare new plans and specifications covering a wider field and giving more opportunity for competitive bidding. This Mr. Hoit will be obliged to do at his own expense, in accordance with his original contract with the trustees. No time was set for the presentation of these plans, but they are to be pushed as rapidly as is consistent and at the next opening of bids a much larger field of competitors is expected.

ABOUT THE CITY HALL.

Residents along the line of the street car track on Spy Run avenue have lodged a complaint at the city hall protesting against the action of the street car company in refusing or neglecting to sprinkle the street between the rails. The street is very dusty and the passing of cars in one direction or the other almost every minute leaves the street covered with a cloud of dust from morning to night, to the great annoyance of the people living there. As the district is without the city limits the complaints were referred to the county commissioners, who will be in session tomorrow.

A committee from Taylor street called at the board of works office this morning to protest against the action of the sewer contractors on that street in using engines without smokestacks on the work. One gentleman complained that the use of these stackless engines ruined several trees for him last year and that prospects were favorable for the ruination of several more this year. Aside from that, he said, the smoke from the burning fuel drifted right through their windows and front doors, ruined walls and furniture and created an unendurable nuisance. The committee stated that it was not the desire of the neighborhood to resort to drastic measures whereby the progress of the sewer building would be retarded, but that unless some arrangement was made at once to abate the nuisance by the placing of high smokestacks, they would commence injunction proceedings in the morning, as well as suits for damages. The people in the vicinity seem to be very much in earnest and unless the board will give them some assurance before night, the proceedings may be instituted in the morning.

Gustave Lindeman has been granted a permit to erect a frame house on Hough street, at a cost of $800, and G. W. Williams has been granted a similar permit to erect a house on Walton avenue, at a cost of $1,100.

The street and park forces were paid today.

A new case of scarlet fever has been reported at 316 Buchanan street.

RESTS AT LINDENWOOD.

Rev. George E. Luke, who was called to the city to conduct the funeral services of James E. Lonergan, for many years foreman of The Sentinel bindery, returned today to his home at Elkhart. The service was held at Bethany Presbyterian church and the pastor, Rev. J. C. Breckinridge, assisted in the services. The casket was literally hidden beneath a wealth of most beautiful floral tributes and the large audience present, as well as the hundreds who followed the remains to Lindenwood, attested the regard and esteem in which Mr. Lonergan had been held. Ritualistic services of the A. O. U. W. were conducted at Lindenwood and the casket was deposited in the receiving vault there. The interment will occur some weeks later.

Mrs. Will Brackenridge has gone to Buffalo to visit the exposition. She will spend two months at the seashore.
